Large Hopper Feeder with Suet Holders

Engineered with the best features for the bird feeding enthusiast. This feeder is made of 100% recycled material. The Large Hopper Feeder lives up to its name with the capacity to hold more seed than a traditional wood feeder.

Great Features:

- Holds over 6 quarts of seed and two suet cakes
- High quality construction and weather resistant finish
- Roof design helps keep seed dry from rain and snow
- Large perching area to attract a variety of birds

Birds feeding at feeder:
Nuthatch & Goldfinches

photo by Lillian Stokes

Built-in Socket for Bird Pole:
Easily attach to Bird Feeder Pole. (See accessories section page 20)

Drainage Holes & Seed Diverter: Allows moisture to drain helping to keep seed dry & fresh. Seed easily disperses for feeding.

Easy to Open Suet Holders:
Holds two suet cakes and allows additional perching space.

Large Perching Area for Multiple Birds:
Birds can perch around entire feeder.

Stokes Select® Hopper Feeders

An investment that truly works and brings enjoyment

Metal feeders are constructed from 100% Recycled Materials

Hopper-style feeders offer plenty of perching room with wide ledges for Cardinals, Jays, and other large birds to rest while eating.

Attract a variety of birds

Squirrel-Proof Feeder

Thoroughly field tested by Don & Lillian Stokes, this Squirrel-Proof Feeder will allow small birds to feed while keeping unwanted large birds & Gray Squirrels out. Songbirds can easily fit through cage openings and access the seed in the tube feeder.

Great Features:

- Deters Gray Squirrels from seed
- Locking system deters Gray Squirrels from lifting lid
- Ergonomic perch design offers comfort to birds while they feed

Birds feeding at feeder:
Goldfinches

photo by Lillian Stokes

Built-in Pole Socket: Mount feeder to top of Stokes Select® Bird Feeder Pole without any tools.

Easy Fill Feeder: Simply lift cover and fill with your favorite seed mix.

Unique Perch Design: Rooftop design on portal sheds rain to keep seed dry. Ergonomic design allows birds to face feeder, for a more comfortable feeding position.

Maximum Seed Flow: Finch feeder portals have 3 feeding holes to help maximize seed availability to the birds.

American Goldfinch

Hairy Woodpecker

There is plenty of choice in the Stokes Select® Tube Feeder line. These quality feeders allow easy feeding, perching, convenient hanging and simple cleaning.

Giant Combo Feeder

One of the top selling feeders. This feeder is perfect for the bird enthusiast who wants to attract a wide variety of birds.

Great Features:

- Multiple feeding positions
- Two large capacity seed compartments
- Holds over 8 quarts of seed
- Seed diverter helps keep seed fresh & moves seed into feeding area
- Allows birds to perch and feed in their most natural positions

*Birds feeding at feeder:
Nuthatch and
Goldfinches*

Use the Stokes Select® Bird House Mount to attach your Stokes nesting box to the 1" diameter Bird Feeder Pole. The adjustable mount allows flexibility to mount at the perfect height.
(See pages 20 - 21)

Snacks'N'Treats™ Feeders:
A great add-on accessory to provide food and water for your nesting birds.
(See pages 18 - 19)

Mount to the side or back of your nesting box.

Nesting is a key component to successful bird feeding

Bluebird perched on nesting box.

Providing a home for the birds is one of the most rewarding experiences. Contributing to bird habitat & conservation is crucial to protecting the future of birds.

Female Bluebird

Suet Feeder

The Stokes Select® Suet Feeder is one of the most economical and flexible feeders in the Stokes line. This feeder can be used to attract a large variety of birds.

Great Features:

- Grid design allows Woodpeckers, Nuthatches, Chickadees and more to cling.
- Double-locking closure system keeps suet secure in feeder
- Multiple uses to attract a variety of birds:
 - Fill with your favorite suet cake
 - Fill with a small seed cake
 - During summer months fill with orange halves
 - In early spring fill with pet fur or yarn to provide nesting material for birds

Easily open and insert suet or seed cakes:
Door opens completely to allow you to easily drop in suet cake.

Hang from tree or pole:
Use hanger to adjust height to hang feeder from any Stokes Select® Accessory.

Birds & Squirrels - manage them in different ways

Gray Squirrel

Feeding squirrels is fun and entertaining. Place these squirrel feeders well away from bird feeders and bird seed to lure squirrels away from bird products.

Red Squirrel

Squirrels & critters can be very entertaining. Providing them with their own feeders away from your bird feeders will keep your birds happy too.

Chipmunk

Hummingbird Feeders

Elegant and innovative feeder designs set Stokes Select® Hummingbird Feeders apart from any other. These feeders have been carefully designed and tested for daily use and attraction of hummingbirds.

Great Features:

- Wide-mouth opening for ease of filling the feeder bottle
- Feeder base pulls apart for easy and thorough cleaning
- Large nectar capacity
- Hanging S-Hook included with every feeder
- Heavy-duty construction, ant moats and liquid tight seals are some features available on these feeders

Ruby-throated Hummingbird

photo by Lillian Stokes

Wide-mouth Opening:
Large opening for easy filling and cleaning.

Stainless Steel Design:
Sturdy design for long-lasting use year after year. Large, life-like flowers attract hummingbirds.

Leak-Resistant Seal:
Seals snugly to avoid messy dripping. Pulls apart easily for cleaning.

"Birds are our life's passion and the world's beauty"

STOKES
SELECT

Don and Lillian Stokes, America's #1 Bird and Nature Experts, have been the most-trusted authorities and educators of birding information for more than 30 years.

All photographs of birds and mammals are copyright ©2009 by Lillian Stokes

Don & Lillian's passion has now been turned into a reality with the most complete bird feeding system available. From beautifully designed feeders to functional accessories, the Stokes Select® product line covers a wide spectrum for you to create the ultimate bird feeding and watching environment.

"Our goal has always been to attract the widest variety of birds, and we have many kinds of feeders and accessories designed to meet the needs of all the different species of feeder birds. Stokes Select® is also time-tested and field-tested to be ornithologically correct. We believe if you invest into birdfeeding you will want the best results."

Stokes Select® is a brand designed out of love and appreciation for birds. Don & Lillian's deep concern for the conservation of bird habitats and the well being of wild birds has inspired them to contribute to bird conservation over the past 30 years. A portion of all Stokes Select® proceeds are also donated to bird habitat and conservation. Each purchase of Stokes Select® not only buys a great product, but also helps protect the birds.

"It's more than manufacturing...it is a love and artform all in one"

Hiatt Manufacturing is the manufacturer and innovator behind the Stokes Select Bird feeding System. Along with Don & Lillian's guidance both teams have worked together over the past 10 years to create the most comprehensive bird feeding system and products.

A perfect marriage of passion, commitment and desire to create products that suite the needs of the bird watching and nature loving enthusiast. That's what is behind Stokes Select® innovation of products.

"At Hiatt, we believe in the commitment of constantly designing, engineering and testing products that meet the needs of the consumer. We also deeply love bird feeding and bird watching, so to be able to produce a product line that we have a deep interest in is both a love and artform."

Hiatt Manufacturing, based in Winona, Minnesota, is a custom OEM metal fabricator and marketer in the Garden and Bird Accessories industries. Their experience has allowed the development of the most comprehensive choices of merchandise and merchandising display options for bird feeding. Stokes Select® products are designed and marketed to allow the beginner as well as advanced birder reach their goal... attracting the right birds. It is great to know the advice of America's top birding authorities are right there in the aisle with you.
