# Merchandising Program

*Imperial*

Imperial Manufacturing Group's Merchandising Venting Program has been tailored for better and more versatile implementation within small and medium locations. IMG's complete line of quality dryer and general venting products and accessories are designed for easy installation for contractors and do-it-yourselfers.

The Merchandising Venting Program has been developed to facilitate your customer's ability to find the right product for their venting projects by incorporating the following information:

- New merchandising box and product labels with colour coding
  - Red ICON - Red for Dryer related products
  - Blue ICON - Blue for Venting related products
- Clearly identified product sizing on both tray and product labels
- Tray label illustration indicating proper application of product
- Optimized carton quantities.
