Floor Finishes and Protectors

Protection that Pays

No two areas of your building are exactly the same. Scotchgard™ Hard Floor Protection Systems give you the right floor finish to help protect your investment and stand up to each area's specific challenges while enhancing the appearance of your commercial, educational, medical, or aged care facility. For more information visit us at www.3M.com/facility

HARD FLOOR PROTECTION SYSTEM

3M™ Resilient Floor Protection System

Durable, practical protection and appearance

Enhance your floor's appearance with Scotchgard™ Resilient Floor Protector.

Resilient floors need protection, not layers of finish that need to be stripped and reapplied on a regular basis. Scotchgard™ Resilient Floor Protector is not a floor finish. It's a proprietary, non-yellowing, low odor hybrid formulation that protects and enhances your floor's natural appearance. Just two coats produce a clean, bright appearance that's up to twice as resistant to abrasion than traditional floor finish when tested under laboratory conditions.

- Long-lasting protection against stains, scuffs and black marks
- Helps prevent the need for stripping, lowering operator and environmental exposure to potentially hazardous stripping chemicals
- High water and salt resistance to hold up in even the most challenging environments
- Develops initial hardness 40% faster than traditional floor finish to reduce risk of early damage
- Able to spot repair and self leveling for easy application in all environments
- Unique polymer technology reduces strong odor associated with traditional floor finish
- COF exceeds minimum 0.5 by ASTM D 2047

Scotchgard™ Resilient Floor Protector and Stone Floor Protector have been certified by the National Floor Safety Institute as providing "high traction." A wet static coefficient of friction (SCOF) of greater than 0.60 was chosen by NFSI as the criteria for "high traction" because according to NFSI, floor surfaces maintaining this level of slip resistance when wet have proven to reduce slip-and-fall claims by between 50% and 90%.

3M™ Stone Floor Protection System

Long-lasting strength and shine

Create a high traction shine with Scotchgard™ Stone Floor Protector

Every year, poorly maintained floors are responsible for more than two million customer and employee fall injuries. The result is billions of dollars in medical, insurance and litigation costs.* In just two coats, Scotchgard™ Stone Floor Protector creates an NFSI-Certified “high traction” surface that can help prevent slips and falls. What’s more, you get a long-lasting, glossy, natural-looking floor that is less susceptible to scuffs, black marks, stains and scratches.

- No stripping or deep scrubbing required, eliminating operator exposure to and environmental release of potentially hazardous stripping chemicals
- Easy to spot repair damaged areas
- Unique hybrid technology that densifies, increases hardness and improves wear

*Consumer Product Safety Commission

Scotchgard™ Stone and Vinyl Floor Protectors

Scotchgard™ Stone Floor Protector

High performance floor surface hardener and protective clear coat for concrete, marble, terrazzo, and other porous stone surfaces. Produces a glossy, hard, dust repellent, chemical-resistant and water-resistant surface. For use with the 3M™ Easy Shine Applicator System.

Scotchgard™ Classic Floor Finish System

Scotchgard™ Low Maintenance 18 Floor Finish

Low maintenance, economical floor finish. Quick-drying formula is responsive to spray buffing and burnishing. Use on most hard floors maintained with machines of any speed.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59279	2.5 Gallon	500-48011-59279-9	2	Case	70-0716-8371-1

Scotchgard™ Low Maintenance 25 Floor Finish

Exceptionally tough and durable, low maintenance, 25% solids floor finish provides a “wet-look” gloss with less burnishing. Dries fast for outstanding image and film clarity. Use on resilient tile, sheet vinyl and terrazzo floors.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59278	2.5 Gallon	500-48011-59278-2	2	Case	70-0716-8252-1

Scotchgard™ UHS 25 Floor Finish

Quick-drying, easily repaired coating gives you the deepest “wet look” for high-frequency burnishing programs. For use on resilient tile, sheet vinyl and terrazzo floors with ultra high speed machines (1,500 RPM and higher). For use with the 3M™ Easy Shine Applicator System.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59276	1 Gallon Bag	500-48011-59276-8	4	Case	70-0716-8338-0

Scotchgard™ UHS 25 Floor Finish

Quick-drying, easily repaired coating gives you the deepest “wet look” for high-frequency burnishing programs. For use on resilient tile, sheet vinyl and terrazzo floors with ultra high speed machines (1,500 RPM and higher).

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59277	2.5 Gallon	500-48011-59277-5	2	Case	70-0716-8337-2

3M™ Floor Finishes and Sealers

3M™ Cornerstone™ Floor Sealer/Finish

Seals and beautifies stone floors in one step. Adheres securely and provides gloss on hard-to-maintain stone surfaces such as terrazzo, concrete, quarry tile, brick and unglazed ceramic. Works with equipment of any speed.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
25928	2.5 Gallon	500-48011-25928-9	2	Case	70-0716-8291-1

3M™ Floor and Baseboard Strippers

3M™ Floor Stripper

Easy-rinsing, non-ammoniated formula aggressively attacks even heavily-burnished finishes and buildup fast and with no offensive odor. Dilution rate: 1:4

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
08776	2.5 Gallon	000-48011-08776-4	2	Case	61-5000-3758-7

3M™ TroubleShooter™ Baseboard Stripper

Non-ammoniated formula strips floors and baseboards without lengthy downtime. No rinsing or neutralizing needed. Dilution rate: 1:4

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
14001	21 oz Aerosol	000-48011-14001-8	12	Case	61-5000-6131-4

3M™ TroubleShooter™ Liquid Finish Remover

Sprayable foam formula removes soil and finish buildup. Use on baseboards, floor edges, corners, stairways and ceramic tile. Ready-to-use quarts.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
29524	1 Quart	500-48011-29524-9	6	Case	70-0710-6596-8

3M™ High Productivity Floor Stripper

Specially formulated heavy duty floor finish stripper concentrate intended to enhance efficiency and effectiveness when removing (stripping) floor finish and other coatings from a floor.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59242	1 Quart	000-48011-59242-8	6	Case	70-0716-8369-5

3M™ Specialty Floor Cleaners

3M™ TopLine Pre-Burnish Floor Conditioner

No-rinse neutral conditioner will not dull or damage floor finish. Pre-burnish floor conditioner recommended for use with the Scotch-Brite™ Diamond Pad System. Dilution rate: 1:128

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
14185	1 Gallon	500-48011-14185-0	4	Case	70-0716-8284-6

3M™ Neutral Floor Cleaner Concentrate

No-rinse, low-foaming formula won't harm washable hard floors or leave soapy residue that can dull or soften floor finish. Use with mop or automatic scrubber. Fresh scent. For use with Scotchgard™ Hard Floor Protection Products. Dilution rate: 1:391

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59865	2.5 Gallon	500-48011-59865-4	2	Case	70-0715-9424-9

3M™ All Purpose Cleaner Concentrate

For daily cleaning of medium-soiled floors. Also applicable for cleaning walls, counters, desks and painted surfaces. Dilution rate: 1:5 – 1:100

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
34747	1 Gallon	500-48011-34747-4	4	Case	70-0713-1280-8

3M™ Easy Clean System

Fits You, Fits the Job, Fits the Budget

Our specially designed 3M™ Easy Clean System is a more efficient way to dust, scrub and shine. It can help standardize cleaning procedures and help make it easier to meet the Joint Commission, OSHA and infection control guidelines. For more information visit us at www.3M.com/facility

Dust, Scrub and Shine with the 3M™ Easy Clean System

Trap More Dirt

The 3M™ Easy Trap Duster System uses specially designed disposable dusting sheets to trap and hold more dirt. The double-sided 3M™ Easy Trap Duster holds 4–6 times more dust, dirt, sand and hair than traditional mops. The duster fits securely to the 3M™ Easy Trap Flip Holder, which swivels for easy maneuvering, allowing quick and thorough cleaning. When one side of the duster is used to capacity, the flip holder exposes the clean side with one motion, so duster material won't go to waste. Contains a minimum of 60% recycled content.

Cleaner Floors with Less Effort

Save time and money with more efficient mopping. The 3M™ Easy Scrub Flat Mop System helps clean hospital, restroom and kitchen floors faster than traditional flat mops and mop-and-bucket methods. The 3M™ Easy Scrub Flat Mop's low drag, easy maneuverability and lightweight handle help cleaning crews shine. The system thoroughly removes dirt while using as much as 80 percent less cleaning fluid than traditional mops. The 3M™ Easy Scrub Plus Flat Mop is specially designed for uneven surfaces.

Quick Change for Swift Mopping

Swap cleaning products in a snap with the 3M™ Easy Scrub Express Flat Mop System. Interchangeable bottles of cleaning fluid attach to the mop's handle and can be quickly switched out for different jobs. The portable 3M™ Easy Scrub Express Caddy keeps cleaning solutions organized and handy.

More Shine in Less Time

The 3M™ Easy Shine Applicator System shines floors to a high gloss while reducing labor as much as 70 percent and helps reduce finish usage compared to traditional mop-and-bucket methods. Low-drag 3M™ Easy Shine Applicator Pads deliver finish quickly and evenly. The system's refillable backpack pouch and lightweight aluminum handle with trigger-button dispenser help save cleaning crews' time. The 3M™ Easy Shine Fill Station enables quick refilling of the backpack pouch at the work site, cutting down trips to the janitorial closet. The 3M™ Easy Scrub Plus Flat Mop shines uneven surfaces.

Cleaning Chemicals

Portable, Accurate and Reliable Dispensing

For years, 3M™ Twist 'n Fill™ Cleaning Chemical Management System has been an industry leader in providing automated dispensing and mixing, along with top-performing cleaning chemicals.

3M™ Portable Dispensing System with 3M™ Twist 'n Fill™ Technology gives you the same trusted performance with added convenience. The portable, reusable dispenser allows you to dispense and mix cleaning chemicals where and when you need them. With the valuable benefits of our 3M™ Chemical Concentrates, the portable dispensing system can help make cleaning even more flexible, efficient and effective. For more information visit us at www.3M.com/facility

Three Versatile Dispensing Systems with the power of 3M™ Twist 'n Fill™ Technology

Chemical Management System

The 3M™ Twist 'n Fill™ Cleaning Chemical Management System features a single dispenser that is designed to accurately dilute and dispense a wide range of cleaning solutions. You pick and choose only the chemicals you need for your cleaning task — and dispense them all through the same dispenser.

- Dispense chemicals with one compact dispenser
- Unique bottle and cap design lets you interchange chemicals in seconds
- Very compact — fits in closets
- Easy to use — just insert bottle, twist and fill
- Integral air gap prevents chemical backflow
- Flexible — mount on wall or, for portability, on cart or cleaning equipment
- Accurate dispensing technology helps ensure consistent, effective chemical performance
- Automatic 3-gallon-per-minute dispense rate for bucket applications;
1-gallon-per-minute for trigger spray bottle applications
- Tamper-resistant packaging helps control chemical mixing away from the dispenser

The 3M™ Twist 'n Fill™ Cleaning Chemical Management System features a single dispenser that is designed to accurately dilute and dispense a wide range of cleaning solutions.

Bleach Dispensing System

3M™ Bleach Dispensing System is designed to connect solely to the 3M™ Twist 'n Fill™ Dispensing System and helps provide a high level of dispensing accuracy enabling you to add the capability of dispensing a low cost off-the-shelf bleach concentrate.

- Easy, accurate dispensing for off-the-shelf bleach concentrates
- Maintain better control of chemicals in your facility
- Safer alternative when compared to diluting bleach by hand
- Connects to most off-the-shelf bleach products
- Adjustable rack — can be installed near to floor to prevent splashing
- Rack holds most off-the-shelf bleach concentrate bottles up to 1.5 gallons
- Can dispense a 1:10 dilution ratio to help address *C. difficile* in health care settings
- Easily connects to the 3M™ Twist 'n Fill™ Dispensing System
- Back flow preventer included

[CLICK TO WATCH THE VIDEO](#)

The 3M™ Bleach Dispensing System P-11 features a compact, easy-to-use dispenser that is designed to accurately mix and dispense a 1:10 diluted bleach solution from an off-the-shelf bottle of bleach concentrate (5.0–6.15% available chlorine).

Portable Dispensing System

3M™ Portable Dispensing System with Twist 'n Fill™ Technology features a reusable dispenser that provides superior mixing and dispensing accuracy. It is easy to use; simply attach the dispenser to the bottle of 3M concentrated cleaning chemical, connect to a water source and fill. The result is accurate, reliable mixing, so the properly mixed cleaner that you need is conveniently available.

- Reusable dispenser designed for durability and comfort
- Easy to install
- Provides superior mixing and dispensing accuracy
- Dispensing is controlled at a two-gallons per-minute flow rate
- Dilution tips built into each bottle — high performance, no hassle
- Great for bottle, bucket and auto-scrubber applications
- Compact, versatile dispenser that is designed to accurately mix and dispense a wide variety of cleaning and disinfecting chemicals
- The system uses unique, tamper-resistant bottles to help make mixing safer and easier
- A material safety data sheet (SDS) and label is available for each concentrate and diluted, ready-to-use cleaner

The background of the entire page is a microscopic image showing a dense, textured surface, likely a material used in healthcare. Scattered across this surface are numerous small, spherical, light-colored particles, which appear to be bacteria or organic contaminants. The overall color palette is a range of blues and teals, from light to dark. A white rectangular box is centered on the page, containing text. The title 'Environmental Monitors' is in a large, bold, teal font. Below it, a sub-headline 'A Check Beyond the Clean You See' is in a smaller, bold, teal font. The main body text is in a standard teal font. The URL 'www.3M.com/facility' is at the bottom of the text block. On the right edge, there is a vertical teal bar with the text 'Environmental Monitors' written vertically in white.

Environmental Monitors

A Check Beyond the Clean You See

The 3M™ Clean-Trace™ Hygiene Management System helps address the problem of healthcare associated infections (HAIs) by detecting the presence of organic contamination you cannot see. In about thirty seconds, the system's rapid hygiene test allows you to assess and measure cleanliness—as well as validate the efficacy of your cleaning protocols and performance. For more information visit us at www.3M.com/facility

A simple way to know what doesn't show.

Visual inspection alone cannot determine the presence of surface contamination.

Visual inspection does not produce reliable, quantifiable or truly actionable results. The 3M™ Clean-Trace™ Hygiene Management System does. One quick swab provides a rapid, objective measurement that accurately quantifies surface cleanliness. The Clean-Trace System is a frontline tool in your arsenal to address factors that may contribute to HAIs.

Benefits

The system helps assess standards of hygiene and cleaning procedures by:

- Providing an objective **quantifiable methodology** for monitoring and evaluating cleanliness
- Enhancing and optimizing cleaning practices to **verify the efficacy of current methods**
- Assessing the hygienic status of high-risk surfaces in about **30 seconds**, enabling quick, corrective action
- Providing **automated capabilities** for data tracking and trending

3M™ Clean-Trace™ Hygiene Management System

The 3M™ Clean-Trace™ Hygiene Management System is a major step forward in environmental hygiene monitoring — combining the benefits of an objective quantifiable methodology with the power and convenience of advanced data analysis including automatic report generation. Applications include routine monitoring of daily and terminal room cleaning to help ensure effective cleaning and disinfection of surfaces and mobile equipment, helping validate the efficacy of cleaning procedures and protocols and providing a tool to assist in training and instructing staff.

Hard Floor Maintenance

Consistent Performance, Long Lasting Shine

Every 3M™ Floor Pad is made to high quality standards. Ongoing innovation and advancements in technology make 3M™ Floor Pads more effective than ever. Each floor pad in 3M's full line is engineered specifically for a particular maintenance task. Uniform coating throughout every 3M™ Floor Pad helps produce a long, useful life, resulting in less pad usage. Plus 3M pads are washable and reusable.

Beginning in March 2014, the polyester fiber used to make a range of floor pads* will contain a minimum of 50% post-consumer recycled content. The recycled polyester fiber used is third-party certified for post-consumer recycled content.

For more information visit us at www.3M.com/facility

*3M™ Brand Floor Pad families include 3200, 3300, 3400, 3500, 5000 and 5100.

How To Choose The Right Pad For The Job

Moving left to right, select the appropriate maintenance operation, machine type and speed, then follow the color bar to the recommended 3M™ Floor Pads.

Maintenance Operation	Equipment	Speed	 3M™ High Productivity Pad 7300 Most aggressive stripping pad. Unique open construction resists loading and clogging. For fast removal of finish and proven consistent stripping.
	Speed		
Stripping To remove finish, sealer and contaminants from the floor surface. Done at the start of a maintenance program and at times when scrubbing will not achieve the desired results.	Rotary or Automatic	Low Speed 175–600 RPM	 Scotch-Brite™ Surface Preparation Pad Heavy duty scrubbing for 2–4 coat removal prior to recoating.
	Low Speed 175–600 RPM		
Scrubbing Done prior to replacing worn finish; provides a fresh surface to maintain.	Rotary or Automatic	Low Speed 175–600 RPM	 3M™ TopLine Autoscrubber Pad 5000 Scrubs and cleans without dulling the finish. Open construction resists clogging. Ideal for use on an autoscrubber.
	Low Speed 175–600 RPM		
Cleaning To remove light soil and other contaminants.	Rotary or Automatic	Low Speed 175–600 RPM	 3M™ Red Buffer Pad 5100 Designed for spray buffing. Cleans when damp; buffs when dry. Use to light scrub without dulling the finish.
	Low Speed 175–600 RPM		
Buffing To remove scuffs and black heel marks and enhance floor appearance.	Rotary	Low Speed 175–600 RPM	 3M™ Eraser Burnish Pad 3600 Removes black marks and returns gloss in fewer passes than other pads. Ideal for harder finishes and high traffic areas. Excellent durability and minimal finish removal.
	Low Speed 175–600 RPM		
Burnishing To repair finish and improve gloss and image clarity of floor surface.	Electric Battery Propane	Ultra High Speed 1500 RPM & Above	 3M™ TopLine Speed Burnish Pad 3200 Optimizes UHS burnishing on a wide variety of finishes. Combines black mark removal and gloss generation in one pad.
	Ultra High Speed 1500 RPM & Above		
Scuff & Mark Removal	Electric Battery Propane	Ultra High Speed 1500 RPM & Above	 3M™ Sky Blue Hi-Performance Burnish Pad 3050 Restores gloss to dull floors. Designed for frequent burnishing with less dust, point build-up and burning, this pad is an excellent addition to 3M's high-performing line of burnishing pads.
	Ultra High Speed 1500 RPM & Above		
Best Gloss	Electric Battery Propane	Ultra High Speed 1500 RPM & Above	 Scotch-Brite™ Sienna Diamond Floor Pad Plus Diamond coated floor pads for cleaning and conditioning worn and dull marble, terrazzo, slate, and polished concrete flooring.
	Ultra High Speed 1500 RPM & Above		
Soft Finish	Electric Battery Propane	Ultra High Speed 1500 RPM & Above	 Scotch-Brite™ Purple Diamond Floor Pad Plus Diamond coated floor pads for cleaning and polishing marble, terrazzo, slate and polished concrete flooring.
	Ultra High Speed 1500 RPM & Above		
Diamond-Coated Floor Pads Use to clean and condition worn and dull stone floors.	Rotary or Automatic	Low Speed 175–600 RPM	 Scotch-Brite™ Purple Diamond Floor Pad Plus Diamond coated floor pads for cleaning and polishing marble, terrazzo, slate and polished concrete flooring.
	Low Speed 175–600 RPM		
Diamond-Coated Floor Pads Use to clean and polish stone floors.	Rotary or Automatic	Low Speed 175–600 RPM	 Scotch-Brite™ Purple Diamond Floor Pad Plus Diamond coated floor pads for cleaning and polishing marble, terrazzo, slate and polished concrete flooring.
	Low Speed 175–600 RPM

Safer Floors, Safer People

Be Prepared

There are more than 180,000 slip, trip and fall injuries per year, which cost businesses more than \$13 billion in workers' compensation. Stairways, ladders, ramps, entry ways, walkways, parking lots, factory buildings, machinery, showers and dressing rooms are all potential areas of risk. Many of these risks can be prevented by implementing simple floor-level safety measures. 3M offers a full range of floor safety products to minimize risk by keeping them slip-resistant, clean and dry. For more about 3M's floor safety products, visit 3M.com/floorsafety.

For over 40 years, 3M has been a leader in providing personal protection equipment (PPE) to keep people safe in their work environments. 3M offers a comprehensive, diverse portfolio of PPE solutions. To learn more about these offerings, visit 3M.com/PPE.

3M™ Safer Floors Program

Slips, trips and falls are often the result of slippery, dirty, wet or uneven floors. Lack of awareness, training and protocol can add to floor safety concerns. The 3M™ Safer Floors Program addresses these challenges and delivers strategies and solutions that meet your facility's specific needs.

3M™ Safer Floors Program

50+ yrs

[CLICK TO WATCH THE VIDEO](#)

Facility Assessment

Taking a comprehensive approach, we'll help you determine where the potential safety hazards are in your work environment and make a plan to control them. The program will:

- Assess your facility for hazards and risks
- Provide results and recommendations
- Prioritize problem areas

ASSESS

Implementation

We'll recommend sound strategies and quality 3M products to help you manage your building's risk, with special attention given to:

- Minimizing slips, trips and falls
- Responding to spills
- Managing hazards

IMPLEMENT

Documentation

Having a written floor safety protocol shows that you're committed to a safe workplace and lets your employees know it's a priority. We'll help you track your actions, as well as:

- Record outcomes
- Follow up as needed to help manage risks in your facility
- Provide ongoing support

DOCUMENT

TRAIN

Program Training

We will work with you to develop process controls to help manage the slip, trip and fall risks in your facility. These controls align with regulations and standards such as ANSI and include:

- Procedures and checklists
- Process support documents

3M™ Matting — Available from 3M

3M™ Clean-Walk Mats

An adhesive-coated mat that is used in removing dirt from the bottom of shoes, wheels or any passing objects. To expose an adhesive surface, just peel the top sheet back.

6050	4 ft wide custom length	1	—	6050-4

3M™ Nomad™ Z-Web Medium Traffic Scraper Matting 6250

Entrance vinyl scraper matting designed for medium traffic applications. The vinyl Z-web construction allows dirt and moisture to flow through becoming trapped at the backing. 4-sided edging is standard on 3 ft x 5 ft and 4 ft x 6 ft. Medium traffic — up to 400,000 people per year. Both colors available in all sizes.

Product No.	Size	Case/Qty.	Units	Mats Inc. Item No.

6250	4 ft wide custom length	1	Case	6250-4

3M™ Nomad™ Embossed Scraper Matting

An economical personalization method to get your name, slogan or message in front of people. The desired image is produced by melting the matting surface under heat and pressure so the resulting image is the same color as the mat. Available in variety of colors and in vinyl loop and Z-web scraper mats, backed. Medium traffic — up to 400,000 people per year.

Product No.	Description	Mats Inc. Item No.
6050	3M™ Nomad™ Scraper Matting 6050	6050-L4
6250	3M™ Nomad™ Medium Traffic Backed Scraper Matting 6250	6250-L4

3M™ Nomad™ and 3M™ Safety-Walk™ Matting has been certified by the National Floor Safety Institute (NFSI) as providing a "high traction" backing. NFSI tested these 3M™ Mats using its NFSI 101-C Test Method for Measuring Dry Transitional Coefficient of Friction (TCOF) of Floor Mat Backing Materials and found each mat to have a TCOF of greater than 0.05. According to NFSI, mats lacking the high-traction backing offered by 3M™ Matting are more prone to movement, which can increase the risk of migration, buckling and curling, which, in turn, can contribute to slip, trips and falls.

3M™ Nomad™ Heavy Traffic Scraper Matting Unbacked 8100

Entrance coiled vinyl scraper matting designed for heavy-traffic applications. The construction allows dirt and moisture to flow through the matting so it is not retracted into the building. Grease- and oil-resistant. Heavy traffic — up to 1,000,000 people per year. All colors available in all sizes.

3M™ Nomad™ Extreme Traffic Wall-to-Wall Carpet Matting 9800

Designed for large indoor entrance areas, including wall-to-wall applications. Random pattern provides an attractive appearance and allows sand, salt and dirt to blend in until it can be removed. Solution-dyed fibers resist fading and staining and keep the mat looking good longer. Multicoated, fiberglass-reinforced vinyl backing provides a water barrier for the floor, helping prevent mold, mildew, fungus and water damage. Low profile allows foot, cart and wheelchair traffic to move easily over the mat. Suitable for even the heaviest traffic conditions

Note: This product comes in 74 ft wide rolls and is untrimmed. The usable width is 72 ft. Professional installation is recommended.

Product No.	Size	Case/Qty.	Units	Mats Inc. Item No.
9800	3 ft, 4 ft and 6 ft widths up to 60 ft	1	Case	9800-6

3M™ Safety-Walk™ Wet Area Matting 1500

Coiled web open construction is perfect for pool, locker and other wet areas with medium traffic. Both colors available in all sizes.

Product No.	Size	Case/Qty.	Units	Mats Inc. Item No.
1500	3 ft x 20 ft	1	Case	1500-320
1500	3 ft, 4 ft and 6 ft widths up to 60 ft	1	Case	1500-3

3M™ Nomad™ and 3M™ Safety-Walk™ Matting has been certified by the National Floor Safety Institute (NFSI) as providing a “high traction” backing. NFSI tested these 3M™ Mats using its NFSI 101-C Test Method for Measuring Dry Transitional Coefficient of Friction (TCOF) of Floor Mat Backing Materials and found each mat to have a TCOF of greater than 0.05. According to NFSI, mats lacking the high-traction backing offered by 3M™ Matting are more prone to movement, which can increase the risk of migration, buckling and curling, which, in turn, can contribute to slip, trips and falls.

3M™ Matting — Available from Mats Inc. (www.matsinc.com)

3M™ Safety-Walk™ Slip Resistant Tapes and Treads

3M™ Safety-Walk™ Slip Resistant Tapes and Treads Series 300, 500 and 600 have been certified by the National Floor Safety Institute (NFSI) as providing "high-traction." A wet static coefficient of friction (SCOF) of greater than 0.60 was chosen by NFSI as the criteria for "high traction" because according to NFSI, floor surfaces maintaining this level of slip resistance when wet have proven to reduce slip-and-fall claims by between 50% and 90%.

3M™ Safety-Walk™ Slip-Resistant Tapes and Treads

3M™ Safety-Walk™ Slip-Resistant Fine Resilient Tapes and Treads — 200 Series

A fine textured, slip-resistant surface with a pressure-sensitive adhesive backing provides enhanced safety and comfort in wet and barefoot traffic areas.

Sorbents — Chemical Products

3M™ Chemical Sorbent Folded — High Capacity

Easy to use for containing and cleaning up spills, drips and fluid leaks. Versatile, can be used in pillow, pad, roll or boom configuration. Scrim on one side increases strength and helps eliminate linting. Dispenses from a carrying/dispenser box in the form of a continuous roll. Less waste, perforated every 16 inches so you can select the length required. Applications range from maintenance to spill response.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
Sorption Capacity: 31.5 gallons per case					
C-FL550DD	5" x 50 ft.	500-51138-46496-2	3 cartons	Case	70-0707-0803-0

3M™ Chemical Sorbent Pad

Low-profile design. Can be easily placed in tight areas. Ideal for cleaning up small spills and wiping down contaminated areas. Scrim on one side increases strength and helps eliminate linting. Conveniently sized and packaged in a dispenser box. Allows the user to quickly spread sorbent to and in the path of a spill. Can also be used on a work surface in anticipation of a spill or as a wipe.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
Sorption Capacity: 23.5 gallons per case					
C-PD914DD	9" x 14.5"	500-51138-29096-7	6 cartons, 25 pads each	Case	70-0704-0823-5
Sorption Capacity: 17 gallons per case					
P-110	11" x 13"	500-51138-17593-6	4 cartons, 50 sheets per carton	Case	70-0701-8928-0

3M™ Chemical Sorbent Roll — High Capacity

Covers large surfaces and may be easily cut to desired length and to fit tight corners. Can also be used to cover large spills or as a precaution in areas where large spills may occur. Scrim on one side increases the strength and helps eliminate linting. Will sorb most aggressive chemicals.

Product No.	Size	UPC No.	Qty.	Units	Stock No.
Sorption Capacity: 31 gallons per case

Whether your job site is big or small, 3M has the safety gear you need.

Particulate Respirators

3M™ VFlex™ Particulate Respirators 9105/9105S, N95

This respirator has a unique folded design with 3M patented filter media and V-shaped pleats to help make breathing easier and provide a comfortable seal. The product is available in two sizes to fit a broad range of faces. In addition, the respirator features include: uniquely designed tabs for positioning the respirator on the face, adjustable noseclip to help provide a custom fit, and embossed front panel to help the respirator retain its shape. The V-shaped pleats flex with mouth movement for easier talking. The flatfold design allows for convenient storage prior to use.

3M™ Particulate Respirator 8210, N95

Helps provide worker protection against certain non-oil based particles. Comfortable and easy to use. Promotes greater worker acceptance of increased wear time. Features 3M's patented filter media, nose foam, and an adjustable noseclip that helps provide a secure seal and helps reduce eyewear fogging. Workplace applications: woodworking, grinding, sanding, sweeping, bagging and other dusty operations.

3M™ Particulate Respirator 8210Plus, N95 includes comfortable braided headbands and staple-free attachment.

Particulate Respirators (cont.)

3M™ Particulate Respirator 9210, N95

A breakthrough in comfort and convenience. This three-panel respirator with innovative design is uniquely designed to help provide comfortable, reliable worker protection against non-oil based particles. Suggested applications include grinding, sanding, sweeping, bagging, and other operations that create dust. Uses would also include solids such as those from textile operations, chemical handling, surface preparation, food preparation and handling, woodworking, grain handling and milling, processing of minerals, and certain other substances. It features a low profile collapse resistant design and a soft nose foam pad. Respirators are individually packaged to help prevent contamination during storage.

Green Solutions

Simple Steps to a Clean Future

The 3MSM Cleaned Green Program is an integrated approach to cleaning for a safe and healthy environment. It is geared to help people understand environmentally preferable cleaning methods and to enhance the health and safety of their facility occupants through the use of environmentally preferable products, procedures and training services that help minimize the impact on human health and the environment. For more information visit us at www.3M.com/sustainablesolutions

Environmentally Preferable Solutions for Hard Floor Maintenance and Protection

Product	Productivity and Cost Savings	Worker Safety
Scotch-Brite™ Surface Preparation Pads 	Reduce floor preparation time, rinsing and cleanup by eliminating floor stripping operations. No chemical strippers needed, helping to reduce chemical and labor cost.	Reduces or eliminates use of harsh stripping chemicals. Minimizes operator exposure to stripping chemicals and slippery working conditions they can create.
3M™ Trizact™ Diamond HX Discs 	May reduce labor hours by reducing number of abrasive grades required compared to traditional floor grinding and polishing methods. Costs typically less than \$1.00/sq. ft. vs. up to \$7.00/sq. ft. or more for traditional methods.	Helps minimize exposure to airborne dust generated by dry methods.
3M™ Floor Pads 	Compared to nearest competitor, 3M™ Floor Pads: <ul style="list-style-type: none"> - Remove deep scuff marks 7 times faster - Are nearly 40% more aggressive in floor stripping - Have 25% better cut using Schiefer test - Have 50% better burnishing durability 	
3M™ Neutral Cleaner Concentrate 3P, 3L, 3H and 3M™ Neutral Cleaner LO Concentrate 33L, 33H 	No-rinse, low-foaming formula. Compatible with washable hard floors and floor finishes. For use with Scotchgard™ Hard Floor Care Protection Products.	This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging, and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.
3M™ Easy Trap Duster System 	Traps and holds 4-6 times more dust and dirt vs. traditional mops. One duster inventory for all holders for a variety of cleaning and dusting applications, including high dusting and floor maintenance.	Low drag reduces fatigue.
3M™ Easy Scrub Express System 	Faster and easier than mop and bucket. Operator-controlled dispensing mechanism helps cut chemical waste by more than 50% vs. mop and bucket method.	Lightweight with easy maneuverability compared to mop and bucket to reduce worker fatigue.
3M™ Easy Shine System 	Faster application of floor finishes compared to mop and bucket. Helps reduce finish usage compared to traditional mop and bucket method.	Helps reduce spills and worker exposure to floor finish. Lower drag coefficient compared to traditional mops helps reduce fatigue.
Scotchgard™ Floor Protectors 	Chemical stripping operations not required for maintenance. Helps reduce floor maintenance costs by reducing or eliminating stripping operations.	Helps minimize operator exposure to harsh stripping chemicals and slippery working conditions they typically create. When applied with 3M™ Easy Shine System, spills and worker exposure to floor finish are reduced compared to mop and bucket method.  Scotchgard™ Stone Floor Protector has been certified by the National Floor Safety Institute as providing "high traction." A wet static coefficient of friction (SCOF) of greater than 0.60 was chosen by NFSI as the criteria for "high traction" because according to NFSI, floor surfaces maintaining this level of slip resistance when wet have proven to reduce slip-and-fall claims by between 50% and 90%.

In addition, 3M supplies sorbents, personal protection equipment, and slip-resistant tapes and treads.

3M™ Brand Floor Pad families: 3200, 3300, 3400, 3500, 5000 and 5100.

choice. Naturally.

Environmental/Energy Advantage	LEED® Claims	Typical Applications
<p>Scotch-Brite™ Surface Preparation Pads are engineered to reduce the need for chemical strippers and labor hours associated with preparing a floor surface for refinishing. Scotch-Brite™ Surface Preparation Pads require only neutral cleaner or water to effectively remove floor finish, preparing the floor for finish application.</p>	<p>Use of these products helps contribute to LEED® EB v2.0 - MR Credit 5.1 - 5.3 Occupant Recycling, LEED® EB v2.0 IUOM Credit 1.1 - 1.4 Innovations in Upgrades, Operations and Maintenance, LEED® EB O&M - MR Credit 5.1 - 5.3 Occupant Recycling, LEED® EB O&M - Innovation Credit 1.1 - 1.4: Innovation in Operations, LEED® EB v3.0 - MR Credit 7: Solid Waste Management – Ongoing Consumables, LEED® EB v3.0 - IO Credit 1: Innovation in Operations.</p>	<p>Stripping and deep cleaning.</p>

Products No. 24, 44: Acute toxicity and skin/eye damage met requirements at the as-used dilution, as specified for closed dilution systems.

Scotchgard™ Stone and Vinyl Floor Protectors

Scotchgard™ Stone Floor Protector

High performance floor surface hardener and protective clear finish for concrete, marble, terrazzo, and other porous stone surfaces. Produces a glossy, hard, dust repellent, chemical-resistant and water-resistant surface. For use with the 3M™ Easy Shine Applicator System.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59379	1 Gallon Bag	500-48011-59379-6	2	Case	70-0715-9144-3

Scotchgard™ Vinyl Floor Protector

High performance floor protector that utilizes nano-sized, inorganic particles. Applied with the 3M™ Easy Shine Applicator and has excellent stain, scuff and scratch resistance.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59393	1 Gallon Bag	500-48011-59393-2	2	Case	70-0716-8335-6

Scotchgard™ Resilient Floor Protector

Proprietary high performance, water-based floor coating that protects and enhances the appearance of linoleum, vinyl tile and sheet vinyl. Estimated coverage 2,000 square feet per gallon when applied with the 3M™ Easy Shine Applicator.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59920	1 Gallon Bag	500-48011-59920-0	2	Case	70-0716-8371-1

Scotchgard™ Classic Floor Finish System

Scotchgard™ Low Maintenance 18 Floor Finish

Low maintenance, economical floor finish. Quick-drying formula is responsive to spray buffing and burnishing. Use on most hard floors maintained with machines of any speed.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59279	2.5 Gallon	500-48011-59279-9	2	Case	70-0716-8371-1

Scotchgard™ Low Maintenance 25 Floor Finish

Exceptionally tough and durable, low maintenance, 25% solids floor finish provides a “wet-look” gloss with less burnishing. Dries fast for outstanding image and film clarity. Use on resilient tile, sheet vinyl and terrazzo floors.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59278	2.5 Gallon	500-48011-59278-2	2	Case	70-0716-8252-1

Scotchgard™ UHS 25 Floor Finish

Quick-drying, easily repaired coating gives you the deepest “wet look” for high-frequency burnishing programs. For use on resilient tile, sheet vinyl and terrazzo floors with ultra high speed machines (1,500 rpm and higher). For use with the 3M™ Easy Shine Applicator System.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59276	1 Gallon Bag	500-48011-59276-8	4	Case	70-0716-8338-0

Scotchgard™ UHS 25 Floor Finish

Quick-drying, easily repaired coating gives you the deepest “wet look” for high-frequency burnishing programs. For use on resilient tile, sheet vinyl and terrazzo floors with ultra high speed machines (1,500 rpm and higher).

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
59277	2.5 Gallon	500-48011-59277-5	2	Case	70-0716-8337-2

3MSM Cleaned Green Program: An Environmentally Preferable Approach to Cleaning

For more than 35 years, 3M has been an industry leader in environmental stewardship. The 3M Cleaned Green Program has harnessed this extensive experience and expertise to help you meet your environmental goals. Take your facility’s cleaning process to a higher level by measuring and communicating your results through the 3M Cleaned Green Program’s easy three-step environmentally preferable approach to cleaning. For more information, visit 3M.com/facility.

Collaborating with Other Organizations

3M works closely with several third-party organizations that provide end-user testing of and/or certification for sustainable products and cleaning practices. Some of the leading organizations are:

- Association for the Healthcare Environment® www.AHE.org
- Green Seal™ www.green Seal.org
- ISSA – The Worldwide Cleaning Industry Association® www.issa.com
- U.S. Green Building Council www.usgbc.org

LEED® Certification Guidance

As part of the 3M Cleaned Green Program, you can receive help determining your eligibility for LEED® credits and certification.

** Green Seal™ is an independent nonprofit founded in 1989

3M™ Floor Pads

3M™ Trizact™ Diamond HX Disc Red

Diamond disc system for refurbishing and initial finishing of worn and damaged stone floors using low-speed rotary or automatic equipment.

Scotch-Brite™ General Purpose Scouring Pad 96

Synthetic scouring pad is excellent for common cleaning jobs. Performs well on kitchen equipment, walls, railings, floors, desks, stairways, counters and maintenance equipment. It is between 50 and 90% more aggressive, or more effective at removing soil when compared to a variety of similar competitor products. Longer life, washability and reusability all lead to extended pad life and postponing disposal into landfills.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
96	6" x 9"	500-48011-08293-1	3/20	Case	70-0715-9238-3

Ideal for removing stains, marks, ink and more. Just use water — no chemicals or sprays needed. Fits 3M™ Doodlebug™ Pad Holder 6472 or 3M™ Doodlebug™ Handblock Pad Holder 6473.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
4610	4.625" x 10"	500-48011-59154-9	5/box, 4 boxes/case	Case	70-0713-1349-1

Scotch-Brite™ Extra Heavy Duty Pot 'n Pan Handler 88

The most aggressive scouring pad. Quickly removes stubborn dirt and grime from kitchen and maintenance equipment. Removes heavily encrusted baked-on food from pots and pans. For use in place of metal sponges. More aggressive than similar competitive pads removing 2–3 times as much baked-on food from cookware and dishes. Less effort is required and less time is needed to complete each cleaning operation.

Product No.	Size	UPC No.	Case/Qty.	Units	Stock No.
88	3.5" x 5"	500-48011-08292-4	4/10	Case	61-5000-1515-3

Scotch® Pouch Tape 827

Clear polypropylene film with bright orange border and printed message: DOCUMENTS ENCLOSED. Rubber resin adhesive grips your package. Non-tacky center window portion covers important shipping information. Linerless, so less waste to remove. Strong film backing provides moisture- and abrasion-resistant barrier. Aggressive adhesive prevents rubbing off, to reduce chance of lost or delayed packages. See-through window allows for easy identification of contents. Conformable film accommodates bulky shipping documents.
