A NOTE FROM OUR FOUNDERS

As a family business, Global Harvest Foods is guided today by the very same values we were founded on 35 years ago. That's because from day one, we've been in it together. Working alongside of our family inspires us to always do the right thing – what's best for the ones we care about.

“Healthy Birds, Happy People” has been our vision from the beginning, and our commitment to bird health starts right here at home. All of our products are food safety certified and proudly made in the USA at one of our six manufacturing facilities. From there, we work hard to improve wildlife education and awareness through our ***Follow the Seed*** and ***Better for Birds*** programs.

When you choose Global Harvest Foods, you help us provide a better future for wildlife.
