# Tank Top Heaters

MR. HEATER "ORIGINAL" TANK TOP HEATERS FOR OUTDOOR USE

**THE ORIGINAL... FOR OVER 40 YEARS!  
THE DIFFERENCE -**

**Mr. Heater tank tops are constructed from premium materials featuring chrome reflectors and a high grade stainless steel burning surface.**

**Simply put, MR. HEATER TANK TOPS  
LAST LONGER THEN ANY OTHER TANK TOP!**

**MR. HEATER TANK TOP HEATERS FEATURE:**

- No electricity required • Variable controlled heat
- Convenient - Portable, easy to light
- Fast - Heat when you want it
- Economical - Costs pennies per hour to operate
- All Necessary Fittings Included
- Automatic Safety Shut-Off
- Made of durable materials & quality construction
- Outdoor Use Only

CSA Certified

Model #	Description
F242540	MH540T Heater - 45,000 Btu/hr.

- Unique rotating burner features both directional & multi-directional heat
- 540 Degrees of heat
- 3 Heat Settings: 30,000, 36,000, 45,000 BTU's
- No Electricity Needed
- Instant, Efficient Outdoor Heat
- Quiet, Easy To Use
- Accidental Tip-Over Safety Shut-Off
- Outdoor Use Only

**Burner head  
pivots to  
direct heat**

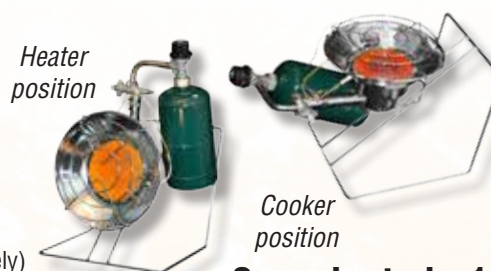

**Typical Uses:** • Camping/Fishing • Construction Sites • Loading Docks • Sporting Events

Model #	Description
F242300	MH15C Heater/Cooker - 10,000-15,000 Btu/hr.

- Multiple heat settings: 10,000, 12,500, 15,000 BTU's
  - Safety shut-off
  - Polished chrome reflector
  - Use with disposable cylinders or 20 lb. refillable tanks
- (Connects to 20lb. tanks with F273701, F273702 Hose Assemblies - sold separately)
- Outdoor use only

*Not available in Canada*

## 2 products in 1: Infrared Heater/Infrared Cooker

Model #	Description
F242200	MH15 Heater - 10,000-15,000 Btu/hr.

- Multiple heat settings: 10,000, 12,500, 15,000 BTU's
- Use with 1 lb. cylinder
- Lightweight • Polished chrome reflector
- Base included
- Outdoor use only

**Typical Uses:** • Hunting • Fishing • Camping *Not available in Canada*

Model #	Description
F242100	MH15T Heater - 10,000-15,000 Btu/hr.

- Multiple heat settings: 10,000, 12,500, 15,000 BTU's
- Tip-over safety shut-off • Soft Nose P.O.L.
- Premium grade stainless steel burning surface
- Polished chrome reflector
- Direct connection to 20lb. bulk propane tank • Certified
- Outdoor use only

Model #	Description
F242105	MH15TS with Piezo spark ignition

**Typical Uses:** • Camping/Fishing • Construction Sites • Loading Docks • Sporting Events

Model #	Description
F242650	MH30T Heater - 10,000-30,000 Btu/hr.

- Multiple heat settings: 10, 12.5, 15, 20, 25, 30,000 BTU's
- Tip-over safety shut-offs • Soft Nose P.O.L.
- Premium grade stainless steel burning surface
- Direct connection to 20lb. bulk propane tank
- Operate one or two burners at a time
- Directional, adjustable heads
- Polished chrome reflector • Certified
- Outdoor use only

Model #	Description
F242655	MH30TS with Piezo spark ignition

**Typical Uses:** • Camping/Fishing • Construction Sites • Loading Docks • Sporting Events

Model #	Description
F242915	MH45T Heater - 10,000-45,000 Btu/hr.

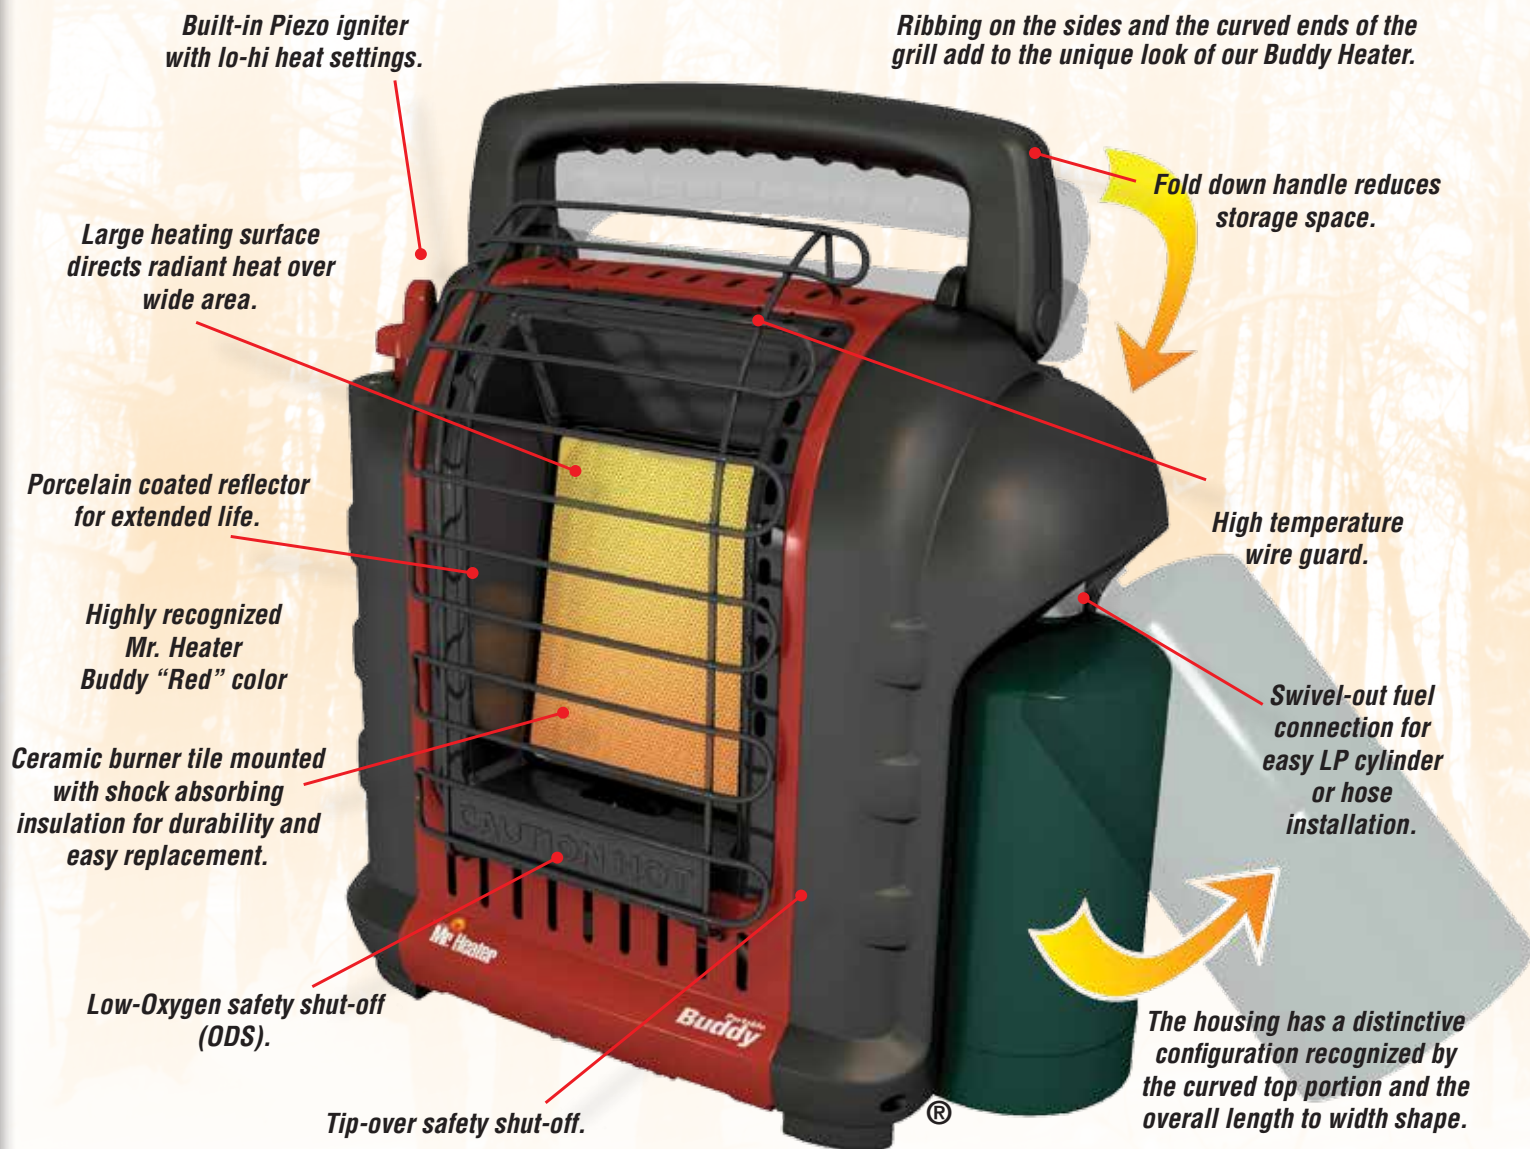

- Multiple heat settings:  
10, 12.5, 15, 20, 25, 30, 37.5, 45,000 BTU's
- Tip-over safety shut-offs • Soft Nose P.O.L.
- Premium grade stainless steel burning surface
- Direct connection to 20lb. bulk propane tank
- Operate one, two or three burners at a time
- Directional, adjustable heads • Polished chrome reflector
- Certified
- Outdoor use only

**Typical Uses:** • Camping/Fishing • Construction Sites • Loading Docks • Sporting Events

*Drawing on decades of experience as a market leader and innovator, Mr. Heater's indoor safe propane Buddy Heaters have become America's Most Popular Portable Heaters. For years, patented Buddy Heaters have done battle against the gripping cold of winter in the hunting blind, deer stand, and on the cold open ice, where mother nature is at her worst. Buddy Heaters have delivered life saving heat during power outages and natural disasters as well as spot heat in garages, barns, cabins, and workshops across the country. For times when you don't want winter to get in the way—Get a Buddy!!*

**IDEAL FOR:** • Emergency Heat • Tents/Campers • Workshops/Job Sites • Porches/ Patios/Decks  
• Garages & Storage Buildings • Picnics/Tailgate Parties • Construction Trailers • Sporting Events  
• Barns/Sheds • Hunting Blinds & Shelters • Ice Fishing Shanties

**CSA Certified**

Multiple patents, Patents pending.

Buddy heaters are not designed for permanent installation or for use above an altitude of 7,000 ft.

Always check local codes for permitted uses.

**NOTICE:** Not for use in a "dwelling home" in California.

\* Certified indoor use in the USA except Massachusetts. Outdoor use only in Massachusetts & Canada.

ONLY USE BUDDY HOSES WHEN CONNECTING ANY BUDDY HEATER TO 20 lb. BULK PROPANE TANKS.

NEVER use third party accessories or attachments with this heater (including attachments for warming or cooking); doing so will void the product warranty, is extremely dangerous, and may result in personal injury or death to you or others.

F227964	Replacement Battery

10 ft. hose with regulator included

# Quiet Burner Technology® Delivers 50% Less Noise

**NOISE IS AN ISSUE.....***Everyone has experienced the annoying drone of a forced air propane heater. Quite often consumers will turn their heater off after a few hours rather than continue to deal with the noise. No one wants to choose between being cold and being annoyed by noise. For decades, all standard atmospheric burners have produced significant noise and significant complaints.*

*Mr. Heater's new patent pending QBT burners feature a new innovation in the heating industry and deliver 50% less noise than all the other standard forced air heaters on the market today.*

*Imagine a heater you can run and have a conversation over. Imagine a garage or job-site free from loud droning heater noise.*

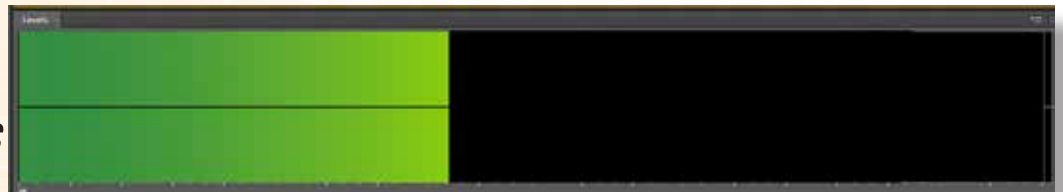

**Mr Heater's patent pending Quiet Burner Technology® reduces the annoying drone of a forced air heater by at least 50%**

**Standard  
Forced Air  
Propane Heaters**

## MR. HEATER FORCED AIR KERSENE HEATERS

*Suitable for outdoor use.*

Whether using it in your garage, or on the jobsite, Mr. Heater Forced Air Kerosene heaters are up for the task. Equipped with high-output, fully enclosed motors, and large glove friendly controls, you can't go wrong. These heaters are equipped with high limit safety switches and photo CAD cells to shut the units off in unsafe conditions. You can use these heaters with no worries, and focus on the task at hand. These kerosene heaters have been factory tested for multiple fuel types. If you use Kerosene, Diesel, or even jet fuel, these heaters have all the versatility and safety features the job site requires.

**Best cold weather start available!**

# Forced Air Kerosene

*Mr. Heater Forced Air Kerosene Heaters are designed using high quality components for years of dependable service. Every heater can be assembled in 5 minutes out of the box and features the best cold weather starting capability in the industry.*

- Requires 115 VOLT AC outlet
- Operates using kerosene, JP8 (Jet A Fuel), filtered #1 and #2 diesel, and #1 and #2 fuel oil
- Will operate at extremely low temperatures

**LIQUID FUELS PRODUCE EXCELLENT RESULTS IN EXTREME COLD.**

Model #	Description
F270255	MH50KR -Forced Air Kerosene - 50,000 Btu/hr.

- Heats approximately 1,250 sq. ft.
- Runs up to 11 hrs. on full tank
- 4 gallon fuel tank
- Overheat safety shut-off
- Continuous ignition
- Certified

# Radiant Heaters

## MR. HEATER HIGH INTENSITY RADIANT WORKSHOP HEATERS

Whether you use it in your garage to keep your cars warm or in your shop to keep the work force busy and comfortable, the Mr. Heater Garage heaters transfer almost all of the fuel it burns directly into clean safe radiant heat. Utilizing a unique power pile thermocouple to control the valve, there is no electricity required. Just hook-up and mount the heater to the wall and make the gas connection, then you are ready to go. Clean, Safe, Radiant Heat whenever you need it.

Model #	Description
F272100	MH25LP - 22,000 Btu/hr. High intensity Radiant (Propane)
F272200	MH25NG - 25,000 Btu/hr. High intensity Radiant (Natural Gas)

- Heats up to 625 sq. ft. (2-1/2 car garage)
- For use in low profile buildings with 7-12 ft. ceilings or higher
- No electricity required - heats during power outages
- Includes thermostat and mounting brackets
- Certified

# Unit/Utility Heaters

## INDIRECT FIRED UNIT HEATERS

Consumers across the country are turning their garages and barns into heated work spaces that can be used comfortably 12 months per year. Mr. Heater Unit Heaters use a built-in electric high-velocity fan to pull cool air into the rear of the heater and over a heat exchanger, forcing hot air into the surrounding area. Our Unit heaters require 115 VOLT AC power and can operate using propane (LP) or natural gas (NG). Proper venting is required and is sold separately.

Easily installs from ceiling with 2 angle brackets (included)

Easy outside access to thermostat and A/C terminals

Low profile design - Can be installed in low-ceiling buildings

Aluminized steel tubular heat exchanger for maximum efficiency and longer life

Power exhaust allows for vertical or horizontal venting

Designed for left or right side venting

Spark ignition - features self-diagnostic control module

Runs on NG  
Includes LP  
Conversion  
Kit

- Turn garages, pole barns, workshops into heated work spaces • Set up for natural gas; includes LP conversion kit • High velocity fan • Heater can be controlled with any standard 24V thermostat (not included) • 115 V AC required • Requires vertical or horizontal venting (sold separately) • 10 year warranty on heat exchanger: 3 year warranty on parts and burner
- Unit heaters are 82% efficient

**Vent Kits (Sold separately) (VERTICAL F102840 or F102848) (HORIZONTAL F102860)**

Always check local codes for permitted uses.

# Unit/Utility Heaters

Model #	Description
F260550	MHU50 - 50,000 Btu/hr. (Natural Gas/LP conversion kit)

- Ships as NG, includes NG to LP conversion kit
- Heats up to 1,250 sq. ft.
- Spark ignition features self-diagnostic control module
- Includes angle brackets (2) for ceiling mount
- 3" Flue size for vertical vent - 4" for horizontal
- Category 1 vertical; Category 3 horizontal venting
- Certified

**Fuel Conversion Kits** - (NG to LP conversion kits included with new units, additional kits sold separately)

Model #	Description
F260164	Converts 50,000 & 80,000 BTU Big Maxx Unit heater from propane to natural gas
F260163	Converts 50,000 & 80,000 BTU Big Maxx Unit heater from natural gas to propane

Model #	Description
F260560	MHU80 - 80,000 Btu/hr. (Natural Gas/LP conversion kit)

- Ships as NG, includes NG to LP conversion kit
- Heats up to 2,000 sq. ft.
- Spark ignition features self-diagnostic control module
- Includes angle brackets (2) for ceiling mount
- 1/2" gas connection
- Category 1 vertical; Category 3 horizontal venting
- 4" Flue size
- Certified

**Fuel Conversion Kits** - (NG to LP conversion kits included with new units, additional kits sold separately)

## BATTERY OPERATED SHOWER SYSTEMS

### THE B.O.S.S. XB13

This 10,000-12,000 BTU has an external battery pack that is powered by 4 D-Cell batteries and will power through 6 five minute showers. A 1 lb disposable cylinder connects directly to the included pre-calibrated regulator to deliver over 115 minutes of hot water on high. The included quick connect pump and shower head deliver an average of .6 gallons per minute, ensuring that your shower is as good when roughing it as it is at home.

### THE B.O.S.S. XW18

This adjustable 10,000-17,000 BTU product is compact and cordless. This allows you to enjoy a hot shower even in the most remote places. The internal battery will power through 8 five minute showers and the unit can be hooked up to DC power as well with included car port cable. A 1 lb disposable cylinder connects directly to the included pre-calibrated regulator to deliver over 60 minutes of hot water on high. The included quick connect pump and shower head deliver an average of .6 gallons per minute, ensuring that your shower is as good when roughing it as it is at home.

### THE B.O.S.S. XCW20

This product is both digital and cordless, allowing you to enjoy a hot shower even in the most remote places. The internal battery will power through 8 five minute showers and the unit can be hooked up to AC or DC power as well with included cables. A 1 lb disposable cylinder connects directly to the included pre-calibrated regulator to deliver over 60 minutes of hot water on high. The included quick connect pump and shower head delivers an average of .8 gallons per minute, ensuring that your shower is as good when roughing it as it is at home.

### ALL SHOWERS FEATURE:

- CSA SAFETY CERTIFIED DESIGN • ELECTRONIC IGNITION • VARIABLE TEMPERATURE CONTROL • QUICK CONNECT FITTINGS • ANTI-SCALD PROTECTION • SAFETY TIP OVER PROTECTION • INSTANT HOT WATER
- SHOWER HEAD, PUMP & REGULATOR INCLUDED

# Portable Propane Shower Systems

Model #	Description
F235350	Battery Operated Shower System (B.O.S.S.) XCW20

- 18,000 BTU per hour • Flow rate - .66 - 1.18 gallons per minute
- Water can be increased by up to 45 degrees F above source water temperature
- Built-in rechargeable battery powers LCD display and pump for 40 minutes of run time
- Stainless steel housing
- Complete kit includes – Quick connect deluxe shower head with remote burner control, pump assembly, AC and DC adaptors, and carry bag
- Dual outlets - adjustable on and off shower and tap outlets
- Certified to ANSI Z21.96-2014 \* CSA B11.6-2014

Model #	Description
F235325	Battery Operated Shower System (B.O.S.S.) XW18

- 17,000 BTU per hour • Flow rate - .6 - .8 gallons per minute
- Water can be increased by up to 42 degrees F above source water temperature
- Built in rechargeable battery powers pump for 40 minutes of run time
- Complete kit includes – Quick connect shower head and pump assembly and DC adaptor
- Single Dual Function Faucet/Shower Outlet with Quick Connect Fittings
- Certified to ANSI Z21.96-2014 \* CSA B11.6-2014

Model #	Description
F235300	Battery Operated Shower System (B.O.S.S.) XB13

- 12,000 BTU per hour • Flow rate - .6 gallons per minute
- Water can be increased by up to 35 degrees F above source water temperature
- Electronic Ignition
- 4 D-Cell Battery operated pump for 40 minutes of run time
- Complete kit includes – Single Outlet with Quick connect shower head and pump assembly
- Certified to ANSI Z21.96-2014 \* CSA B11.6-2014

Model #	Description
F235897	BOSS Rechargeable Shower

- Pump operates on internal Lithium Ion battery
- Rechargeable with USB (USB cable included)
- Deluxe shower head with 6' hose
- Multiple mounting assemblies

## Camping Essentials

Model #	Description
F235100	Tent Fan with L.E.D. Light

- Two speed fan with foam blades
- Energy efficient white LED rated to 90 lumens
- Carabineer hook included
- Up to 48 hours fan run time on low, up to 24 hours on high
- 100+ hours light run time on low
- Operates with 4 x D batteries (not included)

Safe to touch foam blades

Rubber fan and light buttons

LED light has 2 brightness settings and a night light

Model #	Description
F235884	Portable Single Tub Washing Machine

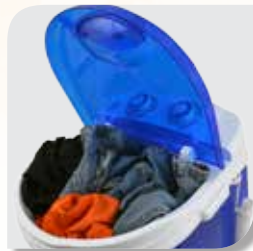

- Top loading single tub
- 4.40lb wash capacity
- Spin feature
- Quiet operation wash cycle with timer
- 120V AC operation or can be used with a DC to AC power inverter
- Bottom mounted agitator
- Agitating wash action with timer control
- Strong ABS plastic housing
- External drain tube

Spin Feature Reduces Drying Time

Simple Action Drop & Drain

Light Load Capacity

**BEST FOR LIGHT LOADS**

# Camp Stoves

More durable than cast iron, these welded angle-iron stoves feature corrosion-resistant brass valves and high-output aluminum cast burners. Hose and regulator sold separately. For outdoor use only. *Not Approved for use in Canada.*

Model #	Description
F235825	Single Burner Angle Iron Stove
F235830	Double Burner Angle Iron Stove
F235835	Triple Burner Angle Iron Stove
F273071	5' Propane Hose Assembly
F273072	12' Propane Hose Assembly

- Welded angle iron burners are tougher, stronger, and more durable than cast iron
- Aluminum cast burners for better combustion
- Range style cook-top with variable temperature control
- Adjustable legs • For use with propane *(hose and regulator required but not included)*

**ANGLE IRON  
FRAMES ARE  
TOUGHER AND  
MORE  
DURABLE  
THAN CAST  
IRON**

# Hoses, Fittings and Accessories

*Mr. Heater has assembled the industries most complete line of high quality propane hoses, fittings, regulators and accessories. These products allow connections to all types of high and low pressure appliances in the camping, grilling, R.V., and outdoor markets. Mr. Heaters accessories are designed to work universally with all brands of propane appliances. Each individual package explains product uses and make it easy for the consumer to find the right accessories. All Mr. Heaters accessories are assembled in the USA and stocked in our Cleveland OH warehouse.*

## PLAN-O-GRAMS

*Mr. Heater accessory plan-o-grams deliver high store traffic and become a destination for propane appliance education and connectivity. Purchase a Mr. Heater ready designed planogram or design your own.*

# Hose Assemblies

Model #	Description
F273071	5' Propane Hose/Regulator Assembly
F273072	12' Propane Hose/Regulator Assembly

(Regulator w/Restricted Flow Soft Nose P.O.L. and Hand Wheel x 3/8" Female Flare) Connects low pressure portable propane appliances to a 20lb. propane tank.

Model #	Description
F273076	5' Propane Hose/Regulator Assembly
F273077	12' Propane Hose/Regulator Assembly

(Regulator with Soft Nose P.O.L. and Handwheel x 3/8" Female Pipe Thread) Connects low pressure portable propane appliances to a 20lb. propane tank.

Model #	Description
F271161	22" Repl. Propane BBQ Hose & Regulator Assembly with Appliance End Fitting/Acme Nut

(Regulator w/Appliance End Fitting/Acme Nut x 3/8" Female Flare) - For Type 1 (QCC-1©) propane gas grill systems

Model #	Description
F271167	Propane Hose/Regulator Assembly with Two Outputs

11" W.C. Regulator x 2 - 22" (3/8") Female Flare Fittings  
Connects propane grill with main and separate side burner

Model #	Description
F273716	22" Propane Replacement Barbecue Hose

(3/8" Male Pipe Thread x 3/8" Female Flare) - Fits most barbecue propane gas grills.

*Most commonly used with F273761 regulator*

Model #	Description
F276124	5' Propane Hose Assembly

(3/8" Male Pipe Thread x 3/8" Female Pipe Thread)  
Used to connect low pressure propane appliances to low pressure propane regulators.

Model #	Descriptions Lengths (XX = inches)
F271163-(XX)	30,60 - Propane Hose Assembly

(3/8" Male Pipe Thread x 3/8" Female Flare) - Most commonly used to hook a low pressure regulator to a propane appliance.

 Assembly  
(UL 569/UL 21)

Model #	Description
F273707	5' Propane Hose Assembly
F273707-108	9' Propane Hose Assembly

(1/4" Male Pipe Thread x 3/8" Female Flare)  
Replaces most propane hose assemblies between regulator and fish cooker/smoker, torches, or other propane appliances.

Model #	Description
F271470	15' Propane Appliance Extension Hose Assembly

(3/8" Male Pipe Thread x 3/8" Female Pipe Thread) (3/8" ID High Pressure Hose)  
Used in addition to the existing propane hose for more length between propane tank and propane appliances.

Model #	Description
F271474	15' Propane Appliance Extension Hose Assembly

(1/4" Male Pipe Thread x 1/4" Female Pipe Thread) (1/4" ID High Pressure Hose)  
Use as an extension hose for portable propane appliances.

# Hose Assemblies

Model #	Description
F273717	5' Propane Appliance Extension Hose Assembly

(1/4" Male Pipe Thread x 1/4" Female Pipe Thread) (1/4" ID High Pressure Hose) - Use as an extension hose for portable propane appliances.

Model #	Description
F276148	5' Propane Hose Assembly

(9/16" Left Hand Female Threads on Both Ends) Used to connect one propane hose or for additional length connect two F276148 hoses with F276154 propane brass fitting.

Model #	Description
F273701	5' Propane Hose Assembly
F273702	12' Propane Hose Assembly

(Swivel 1" - 20 Male Throwaway Cylinder Thread x Excess Flow Soft Nose P.O.L w/Handwheel) Connects appliances that are designed for disposable propane cylinders to a 5-20lb. tank.

*Hand tighten swivel on both ends.  
Recommended use with F273699 Fuel Filter*

Model #	Description
F273703-60	5' Propane Hose Assembly
F273703-144	12' Propane Hose Assembly

(Appliance End fitting/Acme Nut x 1" - 20 Male Throwaway Cylinder Thread) Used to connect portable appliances to a 20 lb. propane tank.

*Recommended use with  
F273699 Fuel Filter*

Model #	Description
F273704	10' Buddy Series Hose Assembly

(Swivel 1" - 20 Male Throwaway Cylinder Thread x Soft Nose Excess Flow P.O.L w/Handwheel) Connects propane appliances that are designed to be connected to 1lb. propane bottles to 5-20lb. tanks.

*Hand tighten swivels on both ends.  
No Fuel Filter required*

Model #	Description
F273710	5' Propane Hose Assembly
F273711	12' Propane Hose Assembly

(Swivel 1"-20 Male Throwaway Cylinder Thread x Swivel 1"-20 Female Throwaway Cylinder Thread) - Used with most propane distribution posts and "Y" (F271715) connectors as well as 1lb. propane cylinders.

*Hand tighten swivel on both ends.*

Model #	Description
F271138-20	20" Propane Hose Assembly

(Acme Nut x 1/4" Male Pipe Thread) Commonly used to connect bulk propane tank on a camper to a regulator.

 US  
Assembly  
(UL 569)

Model #	Descriptions Lengths (XX = inches)
F271144-(XX)	15, 24, 36, 48, 60, 144

(Excess Flow Soft Nose P.O.L. x 1/4" Inverted Male Flare) Commonly used to connect an auxiliary bulk propane tank to a motor home.

 US  
Assembly  
(UL 569/UL 21)

Model #	Descriptions Lengths (XX = inches)
F271149-(XX)	36, 48, 72, 144

(3/8" Female Flare x 3/8" Female Flare) - Connects existing propane gas line to appliances equipped with 3/8" male flare

 US  
Assembly  
(UL 569/UL 21)

Model #	Descriptions Lengths (XX = inches)
F271158-(XX)	12, 15, 18, 24, 36

(Acme Nut x 1/4" Inverted Male Flare) Connects to propane tank and propane auto change-over dual stage regulator. (F273766)

 US  
Assembly  
(UL 569)

# Hose Assemblies

Model #	Description
F271803	12' Big/Tough Buddy Hose w/Regulator

(Quick Connect x Regulator w/Acme Nut) - Used to hook a Big/Tough Buddy to a 20lb. propane tank.

Model #	Description
F271802	12' Big/Tough Buddy RV Hose

(Quick Connect x 3/8" Female Flare) Used to hook an existing regulated propane line in a camper or motor home to the Big/Tough Buddy.

Model #	Description
F271117	12' Quick-Connect Propane Hose Assembly

(Male quick-connect X swivel 1"-20 male throwaway cylinder thread) Connect a high-pressure grill or appliance that uses throw-away propane cylinders to a high-pressure RV onboard propane supply.

Model #	Description
F271806	12' Quick Connect Propane Hose Assembly with shut off valve and full flow male plug

Connects a low pressure propane gas grill to an onboard RV propane supply.

Model #	Description
F273720	12' Natural Gas Patio Hose Assembly

(3/8" Female Pipe Thread x 3/8" Male Flare Quick Connect/Disconnect with Dust Plug and Cap) Used when connecting natural gas barbecue grills attached to decks or patios to the supply from a structure.

Model #	Description
F276342	Propane Gas Gauge

(Appliance End Fitting/Acme Nut x Acme Thread and Female P.O.L.) - Meets all Type 1 safety standards.

Model #	Description
F276171	Propane "Steak Saver" Adapter

(1" - 20 Female Throwaway Cylinder Thread x Female P.O.L. & Acme Thread) Used with 1lb. bottles to grills or distribution posts to grills.

Model #	Description
F276172	Propane Tank Refill Adapter

(Female 1 lb. Cylinder Thread x Soft Nose P.O.L.) - Refills 1lb. bottles in 1 minute or less.

**NOT AVAILABLE IN CANADA**

Model #	Description
F273769	Propane Portable Table Top Regulator

(1"-20 Female Throwaway Cylinder Thread Inlet x Orifice Outlet) Used with most propane tabletop grills.

Model #	Description
F273719	Propane High Pressure Regulator with P.O.L.

Range of 0-20 PSI (Full Flow Soft Nose P.O.L. X 1/4" Female Pipe Thread) - Most commonly used on deep fryers, fish cookers, smokers or other high pressure propane appliances.

# Propane Regulators

INCLUDES  
BACKFLOW  
PREVENTION  
FITTINGS

**Mr. Heater**

Model #	Description
F273836	Propane Auto-Changeover High Capacity Two Stage Regulator

Two stage auto changeover regulator provides easy change over from empty to full cylinder while providing adequate fuel to your RV. Complete with cover bracket and hardware (not shown). 11" W.C. 400,000 BTU max flow. 2 - 1/4" Inverted Female Flare Inlets x 3/8" Female Pipe Outlet - Propane level indicator located on top of regulator.

**400,000 BTU**

Model #	Description
F273766	Propane Auto-Changeover Two Stage Regulator

Two stage auto changeover regulator provides easy change over from empty to full cylinder while providing adequate fuel to your RV. Complete with cover bracket and hardware (not shown). 11" W.C. 325,000+ BTU max flow. 2 - 1/4" Inverted Female Flare Inlets x 3/8" Female Pipe Outlet - Propane level indicator located on front of regulator.

Model #	Description
F273763	Propane Vertical Two Stage Regulator
F273868	Propane Horizontal Two Stage Regulator
F273863	Propane Horizontal Two Stage Regulator w/P.O.L.

Dual stage regulator uses both a high/low pressure regulator to provide smooth and continuous flow to the appliance or RV while providing 11" W.C. Complete with covers (not shown). 225,000 BTU max flow. 1/4" Female Pipe Thread Inlet x 3/8" Female Pipe Thread Outlet.

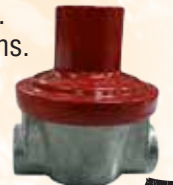

Model #	Description
F273767	Propane Low Pressure LP Regulator

(1/4" Female Pipe Thread (Inlet) x 3/8" Female Pipe Thread (Outlet)  
Use with low pressure propane appliances up to 160,000 BTU's.

Model #	Description
F273830	Propane 30 PSI High Pressure Regulator

Designed for high pressure RV applications. Ideal for fifth wheel split-cylinder applications. 360,000 BTU Capacity 1/4" female pipe thread inlet and outlet.

Model #	Description
F276136	Propane Low Pressure Regulator

(3/8" Female Pipe Thread x Restricted Flow Soft Nose P.O.L.) - 11" W.C. low pressure regulator will operate barbecue grills and low pressure appliances. 75,000 BTU max flow.

Model #	Description
F273768	Propane Grill Regulator w/Acme Nut

Acme nut x 3/8" female pipe thread. 11" W.C. low pressure regulator. For use with most propane grills 75,000 BTU max flow.

Model #	Description
F273761	90° Propane Low Pressure Regulator with Appliance End Fitting /Acme Nut

(3/8" Female Pipe Thread x Appliance End Fitting) - For Type 1 (QCC-1®) gas grill systems. 11" W.C. regulator. 90°, 75,000 BTU max flow.

Model #	Description
F273759	90° Propane Low Pressure Regulator w/ P.O.L.

(3/8" Female Pipe Thread x Restricted Flow Soft Nose P.O.L.) 11" W.C. low pressure regulator will operate propane barbecue grills and low pressure propane appliances. 90°, 75,000 BTU max flow.

# Brass Fittings & Accessories

Model #	Description
F273655	Excess Flow Soft Nose P.O.L. x 1/4" Male Pipe Thread

Model #	Description
F273762	Full Flow Soft Nose P.O.L. w/Handwheel x 1/4" Male Pipe Thread

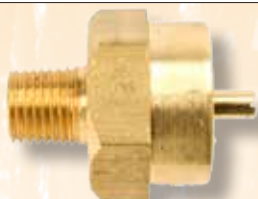

Model #	Description
F276129	Restricted Flow Soft Nose P.O.L. x 9/16" Left Hand Male Thread

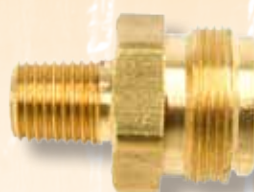

Model #	Description
F276139	Restricted Flow Soft Nose P.O.L. x 1/4" Male Pipe Thread

Model #	Description
F273754	1/4" Male Pipe Thread x 1"-20 Female Throwaway Cylinder Thread

Model #	Description
F273755	1/4" Male Pipe Thread x 1"-20 Male Throwaway Cylinder Thread

Model #	Description
F276140	1" - 20 Male Throwaway Cylinder Thread x 1/4" Female Pipe Thread

Model #	Description
F276130	9/16" Left Hand Male Thread x 1"-20 Throwaway Cylinder Thread w/Shut-off

Model #	Description
F273729	1/4" Inverted Female Flare x 1/4" Male Pipe Thread

Replacement inlet fitting for F273766 auto-changeover regulator

Model #	Description
F273791	Propane Female P.O.L. w/Acme Thread x 1/4" Male Pipe Thread

# Brass Fittings & Accessories

Model #	Description
F276495	Propane Grill Acme Nut (Black)

(Appliance End Fitting/Acme Nut x 1/4" Male Pipe Thread)  
For appliances with 80,000 BTU's or less.

Model #	Description
F276497	Propane Grill Acme Nut (Green)

(Appliance End Fitting/Acme Nut x 1/4" Male Pipe Thread) -  
200,000 BTU Capacity.

Model #	Description
F273758	Propane Bulk Cylinder Adapter with Handwheel

(1"-20 Throwaway Cylinder Thread x Restricted Flow Soft Nose P.O.L.) To be attached directly to a bulk tank (i.e., Mr. Camper, Coleman Co. Inc.®, or Century Primus® stove).

Model #	Description
F276133	Propane Bulk Cylinder Adapter with Appliance End Fitting/Acme Nut

(Acme Nut x 1"-20 Male Throwaway Cylinder Thread) Used to hook portable appliances to new propane tanks.

Model #	Description
F276400	Propane Brass Caps

(1" - 20 Female Pipe Thread) - Provides threaded protection for most posts, tees, etc. Two caps provided.

Model #	Description
F271741	30"/15" Propane Distribution Post/Tree

(Three 1"-20 Male Throwaway Cylinder Threads x Full Flow Soft Nose P.O.L.) Hooks 3 propane appliances to a single 20lb. propane tank. Can hook up to new QCC-1® and old style cylinders.

Model #	Description
F271733	Black Pipe Tee

(2 - 1"-20 Throwaway Cylinder Threads x Appliance End/Acme Nut Fitting) Hookup 2 appliances to a refillable 20lb. cylinder (use with F273712 hose assy.).

Model #	Description
F271736	Black Pipe Tee w/Adapter

Appliance End/Acme Nut fitting x 1"-20 Throwaway Cylinder Thread x Female P.O.L. w/Acme Thread) (Use with hose assemblies. F273074, F273706 and F273712).

Model #	Description
F276338	Propane Converter

Converts liquid gas style stoves to 1 lb. propane tanks  
Converter is Pressure Regulated and has a Variable Rate Control

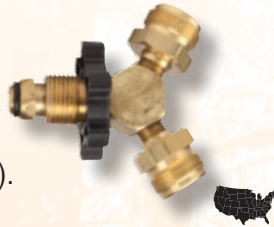

# Brass Fittings & Accessories

Model #	Description
F271715	Propane "Y" Male Adapter with Handwheel

(2 - 1"-20 Throwaway Cylinder Threads x Excess Flow Soft Nose P.O.L.) Hookup 2 propane appliances to a refillable 20lb. propane cylinder (use with F273710-11 hose assy.).

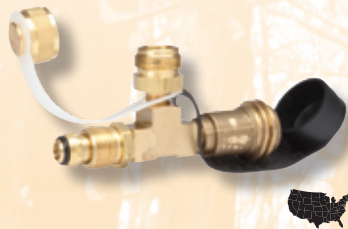

Model #	Description
F271735	Propane "Y" Female Adapter with Handwheel

(Two Female P.O.L.'s w/Acme Threads & Excess Flow Soft. Nose P.O.L. ) Hook up 2 propane appliances to a bulk propane tank (use with F273701-02).

Model #	Description
F273751	Propane Adapter Tee

(Excess Flow Soft Nose P.O.L. x 1"-20 Throwaway Cylinder Thread x Female P.O.L. w/Acme Thread)  
*(Use with hose assy. F273710-11 and F273701-02).*

Model #	Description
F273752	Propane Stay A While Tee

(Excess Flow Soft Nose P.O.L. x 1"-20 Male Throwaway Cylinder Thread x Female P.O.L. w/Acme Thread x 1/4" Inverted Female Flare) - Connects auxiliary propane cylinder to additional propane appliance.

Model #	Description
F273753	Propane 90° Stay Flow Adapter

(Excess Flow Soft Nose P.O.L. x 1"-20 Male Throwaway Cylinder Thread x Female P.O.L. and Acme Thread) - Connects additional propane appliance to 20lb. propane tank.

Model #	Description
F273760	Propane 90° Elbow

(Restricted Flow Soft Nose P.O.L. x 1"-20 Male Throwaway Cylinder Thread) - Allows for propane appliances designed to be attached directly to refill cylinder such as a propane lantern.

Model #	Description
F276152	1/4" Male Pipe Thread x 9/16" Left Hand Male Thread

Model #	Description
F276153	3/8" Male Pipe Thread x 9/16" Left Hand Male Thread

Model #	Description
F276154	9/16" Left Hand Male Pipe Thread x 9/16" Left Hand Male Thread

Model #	Description
F276262	3/8" Male Pipe Thread x 3/8" Male Flare

# Accessory Kits

Model #	Description
F273714	Propane Stay Flow Kit

(12' Propane Hose/Tee Assembly) - Commonly used in RV applications to provide additional source of propane to high pressure appliances. (Swivel 1" - 20 Male throwaway cylinder thread x swivel 1" - 20 female throwaway cylinder thread x tee assembly; excess flow Soft Nose P.O.L. x 1" - 20 male throwaway cylinder thread x female P.O.L. and Acme thread)

Model #	Description
F273733	Propane Stay A While Kit

5' Propane Flexible pigtail hose assembly: Soft Nose excess flow P.O.L. x 1/4" inverted male flare; stay a while tee: excess flow Soft Nose P.O.L. x 1" - 20 male throwaway cylinder thread x female P.O.L. w/Acme thread x 1/4" inverted female flare)) - Connects auxiliary propane hose cylinder to motor home.

Model #	Description
F273734	Propane Stay A While Deluxe Kit

(12' Propane Hose Assembly: Swivel 1"-20 Male Throwaway Cylinder Thread x Swivel 1" - 10 Female throwaway cylinder thread; 5' hose assembly: excess flow Soft Nose P.O.L. x 1/4" inverted male flare; stay a while tee: excess flow Soft Nose P.O.L. x 1" - 20 male throwaway cylinder thread x female P.O.L. w/Acme thread x 1/4" inverted female flare)

Model #	Description
F273735	Propane Stay Flow Plus Kit

(12' Propane Hose Assembly: Swivel 1"-20 Male Throwaway Cylinder Thread x Swivel 1"-20 Female Throwaway Cylinder Thread; 90° Stay Flow Adapter: Excess Flow Soft Nose P.O.L. x 1"-20 Male Throwaway Cylinder Thread x Female P.O.L. w/Acme Thread) - Connects camper and additional appliance to a 20lb. propane tank.

Model #	Description
F273737	Propane 2 Tank Hook Up Kit

(30" Hose Assembly with Excess Flow Soft Nose P.O.L.'s on both ends x Full Flow Tee) - Most commonly used to hook multiple bulk tanks to most applications.

Model #	Description
F271239	"One Stop" Universal Gas Appliance Hook-up Kit

Kit includes:

- 22" stainless steel flex gas connector
- Brass shut-off valve (1/2" female pipe thread x 1/2" male flare)
- 1/2" male flare x 1/2" male pipe
- 1/2" male flare x 3/8" male pipe
- 1/2" male flare x 3/8" female pipe
- Special gas seal tape for connections

# Gas Mate™ Quick Connector Kits

Model #	Description
F276181	Propane/Natural Gas Connector Kit w/Shut-off valve & Full Flow Male Plug

(1/4" Male Pipe Thread Plug x 1/4" Female Pipe Thread Socket)  
Certified;  
1/2 P.S.I. Low pressure

Model #	Description
F276186	Propane/Natural Gas 1/4" Quick Connector & Excess Flow Male Plug

(1/4" Male Pipe Thread Excess FlowPlug x 1/4" Female Pipe Thread Socket)  
Certified  
250 P.S.I. rated

Model #	Description
F276187	Propane/Natural Gas 3/8" Quick Connector & Full Flow Male Plug

(3/8" Male Pipe Thread x 3/8" Female Pipe Thread)  
Certified; 1/2 P.S.I. Low pressure

Model #	Description
F276190	Propane/Natural Gas Connector & Full Flow Male Plug

(1/4" Male Pipe Thread Full Flow Plug x 1/4" Female Pipe Thread Socket)  
Certified  
250 P.S.I. rated

Model #	Description
F276281	Propane/Natural Gas Full Flow Male Plug

(1/4" Male Pipe Thread x Full Flow Male Plug) - For high pressure appliances. Can be used with F276334 or can replace excess flow plug-in F276186 & F276330

Model #	Description
F276328	Propane/Natural Gas Excess Flow Male Plug

(1/4" Male Pipe Thread x Male Plug Quick Connect Fitting) - For appliances 80,000 BTU's or less. For use with F276334.

Model #	Description
F276329	Propane Cylinder Fill Plug

(7/8" Female P.O.L. x Male Plug) - Use with Gas Mate II Quick Connect Coupling Kit. (F276330).

Model #	Description
F276330	Propane Gas Grill "Quick-Connect" Adapter Kit

(1/4" Male Pipe Thread x Male Plug) (Quick Connect x Soft Nose Excess Flow P.O.L.) Provides plug in/ plug out use of appliances.  
Certified; 250 P.S.I. Rated

Model #	Description
F276334	Propane Gas Grill "Quick Connect" Adapter

(Quick Connect x Soft Nose Excess Flow P.O.L.) Use with Ducane, Weber & PGS gas grills or other grill users of a Gas Mate II system.  
Certified; 250 P.S.I. Rated

Model #	Description
F261210	Thermostat - For portable kerosene (50KR only)

Model #	Description
F273169-6	TankFoot® Propane Tank Stabilizer (6)
F273169-30	TankFoot® Propane Tank Stabilizer (30)

Fits 20lb., 30lb. and 40lb. tanks; reduces risk of tipping propane tank while on jobsite and transporting in your R.V., pick-up, car, etc.

Model #	Description
F273699	Universal Fuel Filter

Required for use with all Portable Buddy and Big Buddy Heaters when attaching to a 20 lb. propane tank. Most commonly used with F273701(5') and F273702(12') propane hose assemblies

Model #	Description
F273783	Handwheel

(2 handwheels per pack) Used with Mr. Heater propane products and P.O.L. nuts that use a 7/8" open end wrench

Model #	Description
F273786	O-Rings

(20 per pack) Used to replace o-rings on Mr. Heater Soft Nose P.O.L.'s

Model #	Description
F275228	Tank Foot (1 lb. propane cylinder)

Fits portable throw-away propane cylinders; reduces risk of tipping cylinder while in use.

Model #	Description
F276127	6v/800mA Power Adapter

Use with Big Buddy and Tough Buddy heaters. Uses standard 110 outlet. Also powers products requiring 6VDC and up to 800mA current.

# Tank Top Replacement Parts

Model #	Description
F273116	Safety Shut-off Valve with Orifice

Replacement for MH12, MH12T Mr. Heater Tank Top Models (up to and including 2010)

Model #	Description
F273117	12.5" Thermocouple Lead

Replacement for most Mr. Heater Tank Top Models (Replacement for Mr. Heater models up to and including 2010)

Model #	Description
F237349	Thermocouple Assembly with Tip-over Switch Wires

**MR. HEATER:** MH15T, MH15TS (2011-current)  
MH30T, MH30TS (2012-current)  
**SUNRITE:** SRC15T, SRC30T (all)  
SR15T, SR30T (2011-current)

Replaces part #17349

Model #	Description
F237425	Thermocouple Assembly

**MR. HEATER:** MH15, MH15C  
MH30T, MH30TS (2011 series)  
MH45T (2011-2012)  
**SUNRITE:** SRC15T, SRC30T (2009-2010 ONLY)

Replaces part #17425

Model #	Description
F273164	Screen Assembly

Replacement for most Mr. Heater Tank Top Models (Includes replacement hardware)  
(Replacement for all Mr. Heater models)

Model #	Description
F237314	Regulator for Mr. Heater and Sun Rite Tank Top Heaters

**MR. HEATER:** MH15T, MH15TS, MH30T, MH30TS, MH45T  
**SUNRITE:** SRC15T, SRC30T

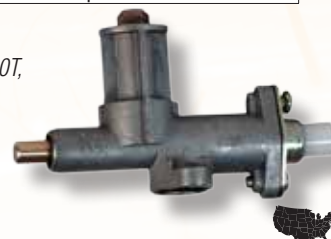

Replaces part #17314

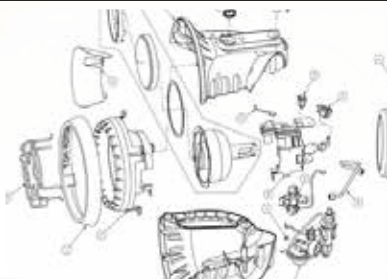

Model #	Description
F237416	Safety Shut-off for Mr. Heater and SunRite Tank Top Heaters

**MR. HEATER:** MH15T, MH15TS, MH30T, MH30TS, MH45T  
**SUNRITE:** SRC15T, SRC30T

Replaces part #17416

## General Buying Information

Prices and terms are subject to change without notice.  
Orders will be billed at prices and terms in effect on the date of shipment.

### Terms: Net 30

All orders are accepted and the above terms extended with the approval of the Mr. Heater Credit Department.

### Freight Terms:

Shipments are F.O.B. Factory (Cleveland, Ohio; Bedford, Ohio; Portland, Oregon; Depending on Shipment of Origin.)

All orders for Mr. Heater products will be shipped to one destination within the 48 continental United States according to one of the following freight policies, at Mr. Heater's discretion.

### Package Quantities:

Orders must be in package quantities. Mr. Heater Inc. also reserves the right to alter quantities ordered, if necessary, to conform to package quantities.

### Merchandise Return Authorization:

Merchandise may not be returned without the prior approval of Mr. Heater Inc. Please fax your return request to the Customer Service Department at 1-800-321-0552. Upon receipt, the request will be reviewed and if appropriate a return material authorization number (RMA#) will be issued. Merchandise returned without prior approval will be subject to refusal and returned freight collect; or if accepted, a handling charge of 25% of purchase price will be deducted from the credit memo.

Authorized merchandise returned for credit, repair or replacement must be shipped with TRANSPORTATION CHARGES PREPAID. Full credit will be issued for original invoice subject to a handling and repacking charge of 25%. Merchandise returned transportation collect will be charged back by invoice or deducted from credit.

Credit allowances for obsolete, shelf-worn or damaged merchandise will be solely at the discretion of Mr. Heater Inc. This merchandise is subject to an additional 10% handling charge and costs of new packaging.

### Indemnification:

Notwithstanding any provisions for indemnification contained in any purchase orders or other documents generated or used by the Customer, Mr. Heater Inc. assumes no responsibility to indemnify or otherwise defend or protect Customer or any other purchaser of its products for liability resulting from Customer's actual or alleged independent conduct, or the actual or alleged independent conduct of Customer's agents or employees including but not limited to, resale of products purchased from Mr. Heater: (1) with any product alterations not authorized by Mr. Heater (2) without all instructions and warnings provided by Mr. Heater (3) with oral or written instructions inconsistent with those provided by Mr. Heater (4) which have been used or damaged by Customer or returned by Customer after retail sale, or (5) in violation of any state or local statute or ordinance.

Enerco, based in Cleveland Ohio, has been at the forefront of infrared combustion technology since 1957. This market leading technology has allowed Enerco to build expertise in consumer heating products as well as heavy duty commercial and construction heating products. Starting in 1984, Enerco's Mr. Heater Brand has delivered innovative technology and unmatched quality and service as America's Most Popular Brand Of Heaters. From its Original Tank Tops to its patented Buddy Heaters, millions of consumers have enjoyed high quality comfortable heat. Mr. Heaters Contractor Series Forced Air Propane and Kerosene Heaters have become the industry standard for dependability while its unit heaters have expanded the garage to usable workspace in the winter months. 2011 marked the launch of HERO-The World's First Cordless Forced Air Propane Heaters featuring Quiet Burner Technology®. Through innovative products, innovative marketing, and world class customer service, Mr. Heater is leading the way in portable heat!
