Dear customers and colleagues,

Thank you for the business we do together. The entire Bonide family is grateful for the trust and the confidence you place in us, and for the continued opportunities you give us to serve you.

In spite of the weather, and the daily news, both of which can give us pause sometimes, we choose to embrace a different narrative. One of excitement and optimism as we introduce our new products and programs for 2018.

Gardening continues to be embraced as a health and lifestyle choice. Our products make it easy for anyone to integrate nature into their lives, and enjoy the healthy benefits of growing- year around! This is particularly true of our Garden Naturals Collection, for those “ingredients sensitive” consumers.

We continue to build destination brands, supported by multi media advertising that drives shoppers to your stores.

Our new Easy Set “build your own” modular assortment program simplifies the buying and merchandising task. This, along with our diagnostic center and at shelf solution finder touchscreen, result in the ultimate store set for shop-ability, turns and profit!

Please remember that, our goal is to provide whatever you need to be successful merchants. Any one of our over 40 dedicated sales force consultants are willing and able to offer their expertise.

Finally, and as always, we ask our Heavenly Father to bless our Bonide family, and those we serve. We humbly acknowledge that nothing is possible without His divine countenance.

*With gratitude,
Your Bonide family*
