

WELCOME TO THE SCOTTS CANADA 2017 PRODUCT GUIDE

Welcome to a new year of lawn and garden! Whether you are a local garden centre, neighbourhood hardware store or DIY home centre; start the season and finish even stronger with Scotts. We continually pursue product innovations and leverage our strong brand recognition and category expertise to bring you our best lawn and garden products available. Our strong marketing campaigns drive consumer awareness and engagement through national and local media, as well as our highly personalized digital experiences. We are dedicated to continually evolving these efforts for a closer, more relevant relationship with our consumer to provide them with the right tools, information and products to successfully care for their lawn and garden.

In addition to our commitment to industryleading product and marketing innovations, we strongly believe in the importance of giving back to the communities that you serve. Through our Give Back to Gro® community outreach initiatives, such as the GR01000® program, we're bringing the benefits of gardens and green spaces to more and more neighbourhoods, schools and cities, especially to those in need. By the year 2018, which coincides with ScottsMiracle-Gro's 150th anniversary, we will have helped support the creation of more than 1,000 new community gardens and green spaces throughout the U.S., Canada, and Europe. Horace Hagedorn, the founder of Miracle-Gro®, said it best: "You can't keep taking away from the earth. You must give something back."

RESCUES WEAK THIN LAWNS

A 3-in-1 solution uniquely formulated to help turn weak, thin lawns into thick, healthy, dark green play areas in one easy application

ORGANIC AND SLOW RELEASE FERTILIZERS

deliver deep green colour, improve seed establishment and rooting

SOIL ENHANCERS

help improve soil structure, use of water and nutrients

HIGH PERFORMANCE GRASS SEED

with improved varieties that promote a durable, thick turf that helps crowd out weeds

SCOTTS® LAWN RESPONSE™ 9-1-1

- Sulpher-coated controlled release nitrogen provides continuous release feeding over a 6 week period
- Organic fertilizer adds nitrogen and organic matter for initial green-up, improved soil structure and porosity
- · Phosphorus stimulates root development and establishment
- Pelletized gypsum helps reduce compaction and improves water use and nutrient efficiency
- · Easily applied by spreader

PLANT FOOD

GROWING PASSIONATE GARDENERS

Miracle-Gro® has always been the trusted name in plant food. We've been inspiring generations of gardeners since our earliest days, and we're working hard to continue to inspire the next generation to get out and grow!

Whether your customer is a busy professional looking for the best way to feed potted plants, a master gardener feeding their prize-winning garden that the whole neighbourhood envies, or an urban grower maintaining a plot in a community garden, Miracle-Gro® can help grow their love of gardening!

The re-imagined MiracleGro.ca website will help further inspire the new generation of growers. Focused on inspiring consumers, the site provides plenty of tips and tricks to help your customers with whatever growing project they've set out to accomplish!

MIRACLE-GRO® SHAKE 'N FEED® ALL PURPOSE SLOW RELEASE PLANT FOOD 12-4-8 WITH MICRONUTRIENTS

- For indoor and outdoor use, in-ground and container gardens
- Just shake it on! One application feeds for up to 4 months

NATURE'S CARE

INTRODUCING NATURE'S CARE™...

Edible gardening and organic products are fueling the growth of gardening with over 58% of Canadians buying organic products each week. They purchase both organic and conventional products, and are interested in edible gardening, but might not know where to start.

Introducing Nature's Care[™], a complete line-up of plant foods and soils, inspired by the simplicity of nature. Our philosophy is simple... Caring for your lawn and garden shouldn't be rocket science. Simple instructions. Simple to use. Just what your lawn and garden needs to flourish.

We speak to a new generation of gardeners, "Mainstream Greens" and millennials, who have grown up caring about the environment and understand how their choices can make a difference.

Nature's Care[™] offers gardeners sustainable, organic products they can feel good about using. Knowing that Nature's Care[™] was developed by the trusted experts at ScottsMiracle-Gro[®] instills confidence and ensures they're not sacrificing quality and efficacy.

Soils: All Nature's Care[™] Soils and Potting Mixes are packed with ROOT-TRIENTS[™] – a cool cocktail of alfalfa, kelp, earthworm castings, and bone meal to fuel microbes and build healthy roots. We also add Water Conserve[™] to help prevent over and under watering.

Compost: Nature's Care[™] Really Good Compost improves the nutrient and water holding capacity of soil by using locally sourced organic matter. Our compost is thoughtfully selected and aged for garden enrichment.

Plant Foods: Put good in, get good out! Nature's Care[™] plant foods use a poop-free, porcine-sourced organic formula to keep plants safe, happy and fed. Nature's Care[™] Organic & Natural Vegetable, Fruit & Flower Food also contains 3 different strains of microbes to help breakdown nutrients in the soil and boost plant vigour.

If your customers are looking for a fresh organic solution, invite them to try Nature's Care[™]. Available nationally and supported with strong consumer advertising and promotion across the country.

Grow on, get dirty.

MIRACLE-GRO® NATURE'S CARE™ ORGANIC & NATURAL VEGETABLE, FRUIT & FLOWER FOOD 3-4-2

- Organic
- Beauty isn't only skin-deep and the right nutrients make a difference, so give your veggies and blooms high-quality food
- All-in-one granular pellets make feeding easier and less dusty—no yucky blend here
- Made with power-packed ingredients from nature like a blend of select microbes - that help the breakdown of nutrients available in the soil
- Feed plants for up to 2 months

MIRACLE-GRO® NATURE'S CARE™ ORGANIC BONE MEAL 4-10-0

- Organic
- Builds a strong frame starting from the roots
- Just a little shot of phosphorus works wonders in the garden for beautifully green leaves and vibrant blooms
- Gives your bulbs, flowers and roses the extra pick-me-up that helps them stay beautiful and strong throughout the season
- Promotes vigorous roots and blooms

MIRACLE-GRO® NATURE'S CARE™ ORGANIC BLOOD MEAL 12-0-0

- Organic
- A luscious way to feed your plants for bodacious blooms and vibrant colour
- Organic nitrogen supplement. Nitrogen is the new black.
 Brings life and vitality to your flowers and veggies, for abundant harvests that are full of colour
- Start using in the spring, applying every 2 months throughout the growing season

SOIL AND MULCH

COMPETITIVE ADVANTAGE

Specially formulated soils to provide a great environment for new plants to succeed.

A FOUNDATION FOR SUCCESS

No matter the type of gardener, Miracle-Gro® has a soil to help customers succeed! From specialized blends and landscape soils to all purpose garden soils, we offer consumers a solution for every project.

Be sure to merchandise soils alongside your live goods to help drive your sales. Simply start by placing soil pallets close to live goods, or if you have the space and are feeling ambitious, create project-centric displays with all of the products and goods your customers need to succeed. Not only will it inspire customers but it will help them identify the products that can make their experience more successful, it also means a bigger basket ring.

OUTDOOR CLEANER

SAFE AROUND PLANTS AND GRASS. LIFTS DIRT, WIPES OUT STAINS FROM MOSS, MOLD AND ALGAE.

BENEFITS

- **High Performance** Powerful, unique FAST-FOAMING ACTION starts working on contact
- Versatility Use on multiple outdoor surfaces and applications (including power washers)
- Safety Won't harm lawns, plants, fabrics or outdoor surfaces

 Scotts® Plus OxiClean™ Outdoor Cleaner is a better alternative for cleaning outdoors, now you no longer need to trade-off between 'it works' and 'it's safe'. Clean more outdoor surfaces with confidence without damaging surfaces, fabrics, or your lawn.

CLEAN OUTDOOR SURFACES EFFECTIVELY WITHOUT HARMING THE LAWN!

Simulated images based on actual test results.

Using the **Fast-Foaming Action**, our cleaners lift dirt and eliminate stains from most common outdoor surfaces – without the use of bleach or phosphates. This means that they won't harm lawns, plants or even fabrics.

They're great for customers who are looking for something that isn't just effective, but also safe for using to clean their outdoor surfaces.

Placing displays near cleaning products, decking materials, pavers, and patio furniture provides opportunities for customers to discover these great products.

SCOTTS® PLUS OXICLEAN™ OUTDOOR CLEANER READY-TO-USE

- · Lifts dirt
- Wipes out stains from moss, mold and algae
- Perfect for small areas such as patio furniture, flower pots, outdoor fabrics, grills and many more outdoor surfaces
- Safe to use around plants, grass and fabrics
- No chlorine bleach, no phosphates

RODENT CONTROL

THE BROMETHALIN ADVANTAGE:

- TOMCAT® is the only consumer retail brand that offers Bromethalin Mice and Rat bait stations.
- Each 28 g Bromethalin bait block can kill up to 12 mice* and one 113 g Bromethalin bait block can kill up to 10 rats.* This is significantly more effective than other actives, providing consumers with a higher value proposition.
- Top quality testing ensures all TOMCAT® baits are highly palatable for mice
- All TOMCAT® baits are made with carefully chosen human food ingredients and target female rodent eating preferences to eliminate the infestation as quick as possible.

The speed of kill is key to successful rodent bait stations!

DID YOU KNOW?

The Pest Management Regulatory Agency (PMRA) has set bait station standards.

There are four tiers of bait station security and TOMCAT® has Tier 1 and 3 options.

BAIT STATION STANDARDS

TIER 1

Highest Level of Station Security

- Kid and Dog tamper-resistant bait stations
- · Bait stations are weather resistant
- · Can be used indoors and outdoors

TIER 2

Kid and Dog tamper-resistant bait stations

For use indoors

TIER 3

Kid tamper-resistant bait stations

· For use indoors in locations inaccessible to pets, domestic animals and non-target wildlife

TIER 4

Lowest Level of Station Security

- · Self-certified by the registrant
- Can only be used indoors in locations inaccessible by children, pets, domestic animals and non-target wildlife

TOMCAT® OFFERS DISPOSABLE AND REFILLABLE BAIT STATIONS

Disposable Stations: Bait is pre-loaded and sealed inside station. When bait is

gone, the station is discarded.

Kid and Dog Resistant (Tier 1)

Refillable Stations: A supply of bait block is sold with a refillable station. The station can be refilled until bait supply is gone.

Kid and Dog Resistant (Tier 1) Refillable Station

Kid Resistant (Tier 3) Disposable Station

^{*} Based on no choice laboratory testing

MECHANICAL TRAPS

- Wide range of options to trap and kill, from traditional wooden traps to no-see or no-touch traps
- · Traps and kills quickly for easy disposal
- Can be used in and around the home

GLUE TRAPS

- Exclusive glue formula grips tightly and effectively, capturing mice and rats
- Could also be used to capture other household pests like cockroaches and spiders
- Excellent tool for monitoring rodent activity
- Eliminates risk for trigger of trap on paws or fingers

CATCH AND RELEASE TRAPS

- Traps rodents without killing to control the problem
- Great option to use around kids or pets, as there are no spring-loaded mechanisms to snap on fingers or paws and all options are pesticide-free
- Can be used indoors and outdoors
- For single or multiple mice
