

**SELF-ADHERING MASKING FILM**

GripNGuard clings to virtually any surface with minimal or no taping required. The outer surface of GripNGuard has been tested to retain dust 3-1/2 times better than most plastic drop cloths. Dust, paint, sawdust and other airborne particles cling to the GripNGuard surface and are not reintroduced to the area during repositioning or cleanup. That means less clean up time, lower costs and higher profits. 0.31 mil gauge.
