# Kwikset SMARTKEY™

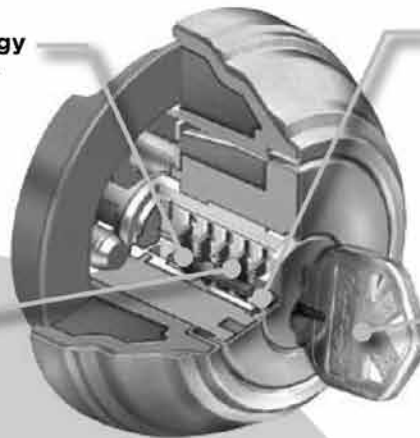

Superior Security In A Completely New Design

**BUMPGUARD™**

Patented side locking bar technology replaces a traditional pin & tumbler design to protect against lock bumping\*.

**NEW TECHNOLOGY**

Locking bar, racks and pins are made out of stainless steel for increased strength and durability.

**DRILL RESISTANCE**

Cylinder uses two steel balls inserted into the front of the key face to resist attack from drilling.

**KEY IT YOURSELF**

Lock is rekeyable by using the included learn tool in less than 30 seconds without removing the lock from the door.

**Available in Kwikset® Signature Series™ Keyed Functions**

Deadbolts

Handlesets

Levers

Knobs

\* Lock bumping - an attack technique using specially cut keys that can defeat conventional pin & tumbler locks.

• INCREASE JOBSITE SECURITY

• CONTROL JOBSITE KEYS

• REDUCE CALLBACKS / SIMPLE ON SITE RE-KEYING

• DRIVE UPGRADES

• HOMEOWNER PEACE OF MIND

## How to Re-key with SMARTKEY...

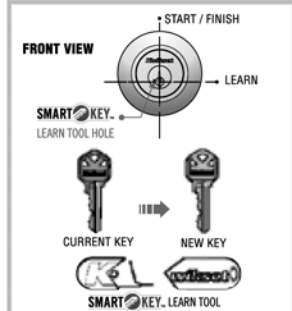

Customized Security.

### BEFORE YOU START...

These steps show you how to re-key a lock to match a customer's current key, or that of another lock being purchased. For new purchases, the current key is the one that is supplied with the lockset.

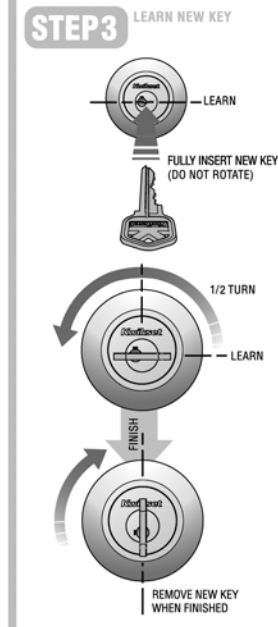

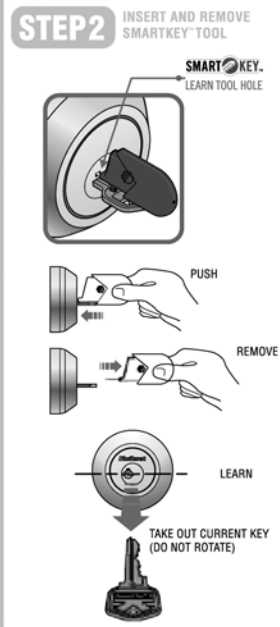

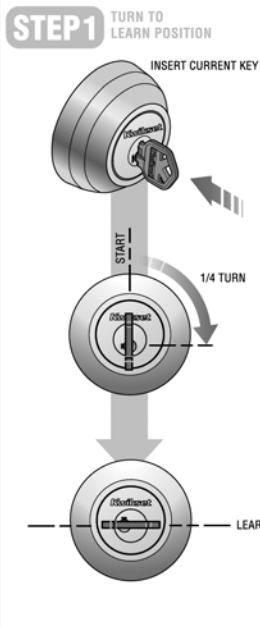

These illustrations show a deadbolt for demonstration purposes, but these SmartKey™ rekeying instructions also apply to Kwikset® keyed knobs, levers, and handlesets.

#### DEFINITIONS

[www.kwikset.com/smartkey](http://www.kwikset.com/smartkey)

**WHERE TO GET A LEARN TOOL**  
Comes in every Kwikset Signature Series™ package.

\*For deadbolts, make sure you grasp the torque blade from behind to prevent the cylinder from spinning freely.

## Standard with Kwikset Signature Series:

- Handlesets
- Knobs
- Levers
- SmartScan Biometric Deadbolt
- SmartCode Keypad Deadbolt

## General Information

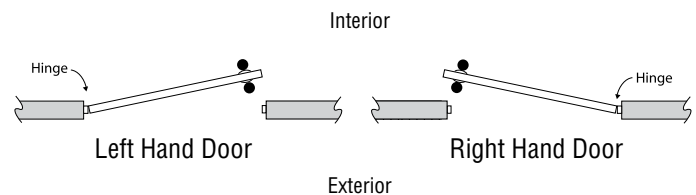

### Kwikset Finishes

Kwikset offers a full spectrum of colors and textures to suit all types of decor.

Description	Kwikset	US/ANSI	BHMA
Lifetime Polished Brass		L03	505
Polished Brass		3	605
Antique Brass		5	609
Venetian Bronze		11P	-
Satin Nickel		15	619
Antique Nickel / Pewter		15A	620
Polished Chrome		26	625
Satin chrome		26D	626
Rustic Bronze	501	-	-
Rustic Pewter	502	-	-
Iron Black	514	-	-

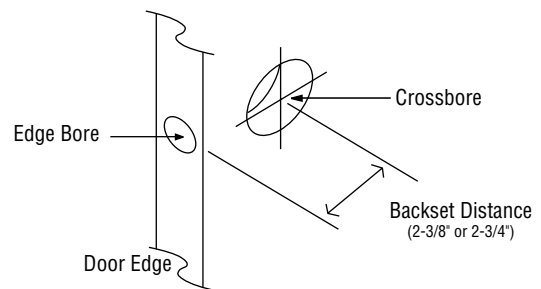

### Door Handing

To determine proper door handing, view door frame from exterior side and identify the hinge side.

### Backset

Backset is the distance from the center edge of door to the center of the lockset hole. 2-3/8" or 2-3/4" in most cases.

**Order Number Example**

Quantity (1)	Product/Function (2)	Design (3)	Finish Code (4)	Handing (5)	Backset (6)
6	720	ADL	26	-	-

**1) Order Quantity**

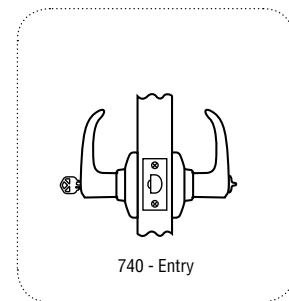

**2) Product Number or Function Code**

Each series has a set of function codes and includes a function chart that indicates what lockset functions are available in that series.

*Sample Function Codes*

Function	Name	Description
720	Passage	Both Lever/Knobs unlocked
730	Privacy	Push-Button locking from inside. Emergency pin release from outside
740	Entry	Both Lever/Knobs locked or unlocked by key outside or turnbutton inside
740-SMT	Entry w/SmartKey™	Both Lever/Knobs locked or unlocked by key outside or turnbutton inside
788	Half Dummy	Surface mounted; for doors where only a pull is required

Sample Series/Function Illustration

**3) Design**

Each design has a code assigned to designate the design style in the Order Number

*Sample Design Codes*

Design	Name	Description
ADL	Ashfield	Ashfield style lever
DL	Delta	Delta style lever
L	Laurel	Laurel style knob

**4) Finishes**

Kwikset offers a variety of finishes, designated by a US/ANSI Finish Code. Not all finishes are available for all models and/or functions.

*Sample Finish Codes*

US/ANSI	BHMA Code	Description
3	605	Bright Brass
15	619	Satin Nickel
11P	-	Venetian Bronze

**5) Handing**

Most items are non-handed or field reversible. If the handing is required for a model and/or functions designate with LH for left hand door or RH for right hand door. See diagram on page 1 to determine proper door handing.

**6) Backset**

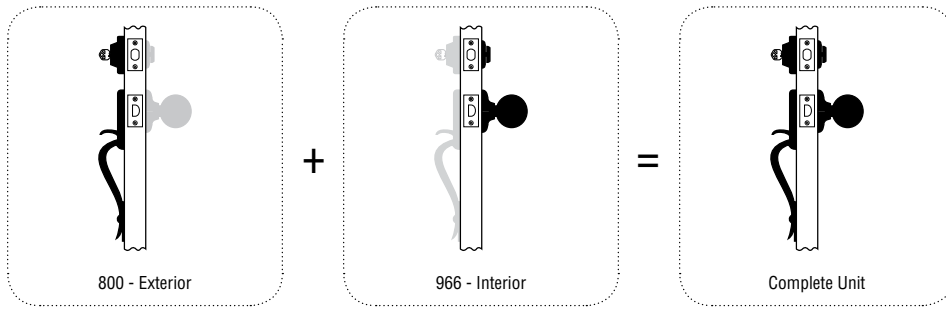

Backset is the distance from the door edge to the center of cross-bore on door stile. Most Kwikset residential lockset models ship with an adjustable latch for 2-3/8" and 2-3/4" backsets. See each model's specifications for additional information.

**Notes for Ordering Handlesets**

Kwikset Handlesets are comprised on an Exterior Function/Design and an Interior Function/Design. Handlesets are made to order by combining two separate components and therefore require two part numbers when placing an order. The separate parts will be assembled and packaged together for shipping.

Examples for ordering each type of handleset are shown on Page 5.

## How to Order a Complete Single Cylinder Entrance Handleset:

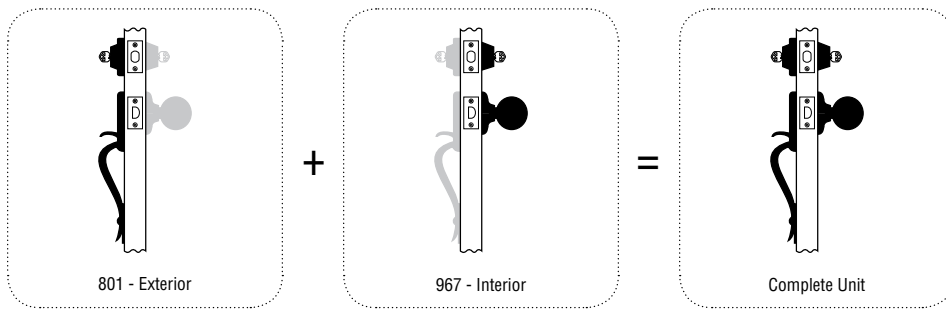

**Single Cylinder Handleset -**  
Latchbolt operated by thumb piece outside and knob/lever inside. Deadbolt operated by key outside and turn unit inside. (Combine 800 + 966)

Order Number Example (Two Part Numbers = Complete Unit)

Quantity	Product/Function	Design	Finish Code	Handing	Backset
1	800	AT	11P	-	-
1	966	CHL	11P	RH	

## How to Order a Complete Double Cylinder Entrance Handleset:

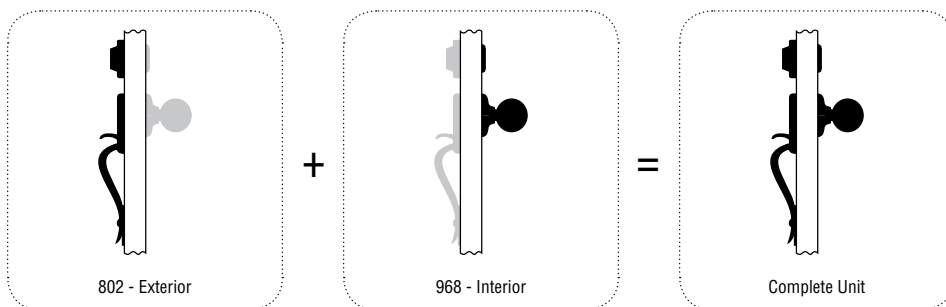

**Double Cylinder Handleset -**  
Latchbolt operated by thumb piece outside and grip inside. Deadbolt operated by key both sides. (Combine 801 + 967)

Order Number Example (Two Part Numbers = Complete Unit)

Quantity	Product/Function	Design	Finish Code	Handing	Backset
1	801	AT	11P	-	-
1	967	CHL	11P	LH	

§ **Caution:** Double-cylinder locks on residences or any door in a structure which is used for egress are a safety hazard in times of emergency and their use is not recommended. Installation should be in accordance with local building codes only.

## How to Order a Complete Dummy Entrance Handleset:

**Outside & Inside Dummy Trim -**  
For use as door pull or as dummy trim on inactive leaf of pair of doors. Fixed thumbpiece and inside knob/lever. Dummy cylinder with inside plate. (Combine 802 + 968)

Order Number Example (Two Part Numbers = Complete Unit)

Quantity	Product/Function	Design	Finish Code	Handing	Backset
1	802	AT	11P	-	-
1	968	L	11P	-	

## Albany Hardware Terms and Conditions

### Returns

All returns must be authorized by Albany Hardware, Inc. and accompanied by an RGA# which will be issued by Albany Hardware, Inc. within 45-Days of original invoice date. All items that are current, unused and in the original manufacturers packaging can be returned upon authorization for the sale prices less a 30% restocking fee. Installed hardware cannot be returned unless defective (see warranty information below).

All RGA's issued will expire 45-Days from the date of issue. Any shipment received on an expired RGA# will not be accepted for replacement or credit. Returns must be shipped prepaid via United Parcel Service (UPS), United States Postal Service (USPS) or Federal Express (FedEx).

Discontinued, special order, or open items with missing parts/packaging cannot be returned. **Non-Stock/Factory Order** items are non-cancelable and non-returnable once order has been placed with the respective manufacturer. This includes, but is not limited to all U.L. listed locksets and deadbolts.

### Shortages/Damaged/Defective Shipments

Albany Hardware, Inc. will not accept any claims of shortage or damage past 15-Days of signed receipt. All shipments should be inspected upon arrival and refused if damaged. All claims to defective product will be verified upon receipt of returned product and are subject to approval by Albany Hardware, Inc. All defective products will be repaired or replaced with the exact merchandise originally purchased. If the product is no longer available, a comparable product will be offered.

### Warranty

Albany Hardware, Inc. follows individual manufacturer's guidelines for any warranty issues. All warranty claims beyond 90-Days of original purchase date will be forwarded directly to the manufacturer. This includes, but is not limited to all finish and function issues covered by the manufacturer's warranty as written and published by each manufacturer. Contact Kwikset's warranty service for additional information at **1-800-327-LOCK**.

### Hardware Finishes

Kwikset lock finishes are durable, top quality finishes obtained by the careful processing of solid brass, bronze, stainless steel or other materials. Where required, a protective clear coating is applied and cured under high temperature. It is important that climatic conditions and usage be taken under consideration when selecting finishes. This is especially true in areas subjected to strong corrosive vapors, humid climate or sea air which, in a short time, may have a damaging effect on metal finishes. The longevity and preservation of the finish appearance is determined by base metal and finishing process. Clear protective coating or other organic finishing applications may require different methods of cleaning and care.

As an example, non-clear coated finishes should not be cleaned with soaps or any solvents; organically coated surfaces should periodically be cleaned with a mild, nonabrasive soap and buffed lightly with a clean cloth. The type of base metal and finishing techniques must be considered when applying any cleaning or preservative method. Contact the Kwikset Technical Services Department for further information on the care of finished hardware. Finishes of latches, strikes, cylinder/cores, and visible mounting screws, though similar in appearance, may differ from the finish of the trim.

In some instances, for customer convenience, the most appropriate BHMA finish symbols are used to indicate similarity of appearance, regardless of base metal of finishing process. Finishes of latches, strikes, cylinders/cores, and visible mounting screws, though similar in appearance, may differ from the finish of the trim.

### Standard Finishes

Refer to each lock series section for standard finish availability. Standard finish availability varies depending on the function, design and options ordered.

### Published Prices

Pricing published in this catalog are Kwikset's Suggested Retail Prices effective on April 4th, 2011 as shown in the Kwikset Residential *Box Pack* Price Book. Product Specifications and Pricing are subject to change at any time. In the event a product price is listed incorrectly due to typographical error or error in pricing information received from our vendors, Albany Hardware shall have the right to refuse or cancel any orders placed for product listed at the incorrect price.

**The Signature Series from Kwikset is the best style and security you can buy.**

The new elegantly designed solid forged brass handlesets and the Laurel egg knob are available in designer finishes such as Venetian Bronze and Satin Nickel.

Designer styled ANSI Grade 1 deadbolts provide superior resistance against forcible entry.

Kwik-Install, featured on all knobs, includes a twist-fit mount plate and pre-installed screws for flawless installation and reduced callbacks due to lost screws, screw stripping, and on-the-job dings and scratches.

### Features

- ANSI/BHMA Grade 1 Security Deadbolt
- 1" Titanium Alloy Throwbolt Core
- Ultra-Strike Jamb Brace™
- SMARTKEY™ Cylinder
- Concealed Screws
- Solid Forged-Brass
- Lifetime Mechanical Warranty
- 10-Year Finish Warranty

**Features & Specification**

**Door Prep**

*Deadbolt:*

- Cross Bore 2-1/8" or 1-1/2". Edge Bore 1" Latch Face 1" x 2-1/4"

*Handle:*

- Cross Bore 2-1/8". Edge Bore 1" Latch Face 1" x 2-1/4"

**Backset**

- Deadbolt: Adjustable to 2-3/8" or 2-3/4"
- Handle: Adjustable to 2-3/8" or 2-3/4"

**Door Thickness**

- 1-3/4" doors standard, 2-1/4" doors optional. (Not designed for use on 1-3/8" doors)

# New Contemporary Designs

We are proud to announce the launch of the new contemporary style as part of our Kwikset Signature Series line. With five additional products, the contemporary family provides a modern approach to security door hardware.

## Features & Benefits

- Features SmartKey® Re-key Technology with BumpGuard™ protection
- Available in a variety of finishes - Satin Nickel, Polished Chrome, Satin Chrome, Venetian Bronze
- Lifetime Finish & Mechanical Warranty

Upgrade your lever to give your home a designer touch

- Two decorative rose styles - Arched and Oval
- Easily installs on any Kwikset Signature Series reversible lever chassis\*
- Sold as an accessory item

**Designer Roses** (Sold in Pairs, 1 Pair required for each Lever Lockset)

Model	Style	Finish

### Features & Specifications

#### Door Prep

- Crossbore 2-1/8". Edge Bore 1" Latch Face 1" x 2-1/4"

#### Backset

- Adjustable to 2-3/8" or 2-3/4"

#### Door Thickness

- 1-3/8" – 2" doors standard

#### Cylinder

- SmartKey™ cylinder standard

#### Faceplate

- 1" x 2-1/4"

#### Strikes

- Round corner strike

#### Bolt

- 1" Throw

#### Door Handing

- Reversible for right- or left-hand doors

### PowerBolt Touchpad Deadbolt

SmartCode provides the convenience of keyless access for today's active lifestyle. The latest in electronic technology operates on just 4 AA batteries and permits access with your personalized code or a key. It is easy to install, easy to program and easy to use. SmartCode requires no wiring and easily replaces existing door hardware.

- One Touch Locking, Full 1" Projection Deadbolt
- Four to Eight Digit Personal Entry Code, Two Code Capacity
- Easy to Install, Easy to Program, Easy to Use
