Safety

Farrier tools should be used only for their designed purposes and within their size ranges. The following cautions should always be observed:

1. **Always wear approved eye protection.**
2. Never use nippers, pullers or pliers as hammers or hammer on their handles.
3. Do not extend nipper, puller or plier handle lengths to achieve greater leverage. Use a larger tool.
4. When using a hammer, strike squarely – avoid glancing blows that may cause the edge of the face to slip, possibly resulting in eye or other serious injury. **Never strike with or against the side or cheek of any hammer.**
5. Do not use special purpose hammers for anything but the purposes for which they were intended.
6. **Never use a hammer with a loose or damaged handle.**
7. **Do not misuse tools. Nail Cutting Nipper can chip if used beyond cutting horseshoe nails - DO NOT PULL OR APPLY EXCESSIVE TORQUE WHILE CUTTING NAILS.**

Seguridad

Herramientas de Farrier deben ser usadas nada mas para su propio uso. Lo proximo debe ser observado siempre:
