TERMS AND CONDITIONS

Terms Net 30 days subject to credit approval

Applicants wishing to expedite their initial order may pay in advance by check, MasterCard, VISA or American Express. All accounts are required to provide current credit card information to be kept on file as backup for payment. A service charge of 1½ % per month will be assessed on all past due accounts. Accounts over 30 days past due may be placed on prepaid terms.

Freight

F.O.B. Brandon, MS 39042. Unless carrier is specified on order, we will ship by the lowest cost carrier providing dependable service. All orders shipped UPS will be prepaid with shipping charges added to the invoice. Third party billing of UPS, FEDEX, etc. is acceptable.

A \$10.00 per carton charge will be added to C.O.D. orders.

C.O.D. orders payable only by a company check, cashiers check or money order.

Minimum Order and Drop Ship

A \$2.50 handling charge on all orders less than \$150.00 will be added to the invoice.

Barbour provides drop ship service to consumers.

For web stores, drop ship service is provided on the condition that market retail prices are adhered to.

Acceptance

All orders received are subject to acceptance by Barbour International, Inc.

Our terms of sale are applicable to all orders regardless of terms requested or stated on the Purchase Order.

Shortages and Damaged Merchandise

OUR RESPONSIBILITY OF SHIPMENT CEASES WITH ACCEPTANCE BY CARRIERS.

If any goods called for on bill of lading are short or damaged, do NOT accept them until the freight agent makes a short/damage notation on your freight bill.

THOROUGHLY INSPECT THE SHIPMENT AS SOON AS RECEIVED.

Barbour International, Inc. is not responsible for loss, pilferage or damage once you sign delivery receipt from the carrier.

Your signature indicates shipment was received as specified on our bill of lading. All claims must be made within 10 days after receipt of merchandise.

Returns

All Bayou Classic® products are warranted to be free of manufacturing defects in material or workmanship at the time of receipt. Any returns require a return authorization number. No returns will be accepted and no credit issued without Barbour International, Inc.'s prior consent.

Note: 15% Restocking Fee on all refused shipments.

Changes

In the interest of continued product improvement, Barbour International, Inc. reserves the right to change product and packaging specifications without notice.

Prices and availability are subject to change without notice.

Note: All unauthorized deductions will result in suspension of shipments until resolved.

CERAMIC CYPRESS™ GRILL

GRILL
BARBEQUE
SMOKE
BAKE

The ancient art of Kamado grilling is now both accessible and affordable with the **Ceramic Cypress™ Grill** from **Bayou Classic®**. The Kamado secret is in the shape and weight of thick insulating ceramic. Heavy dense ceramic creates an intense pressure that seals in moisture as radiating heat circulates and penetrates the food. Few conventional steel grills capture this function to such a high degree.

Handcrafted Cypress Leaf Finish blends with any patio setting. Each grill has a distinctly different color pattern and texture that accentuates its character.

Uniquely Yours!

BENEFITS:

Maintains Steady and Accurate Temperature Control because thick ceramic holds the heat while adjusting dampers control temperature.

Burns Hotter and Longer using less charcoal and producing less ash. A small amount of lump charcoal can burn 24 hours for smoking.

Food retains its Moisture, preserving natural flavors.

Suitable for Year Round Use regardless of temperature or weather conditions.

Multiple uses: brick oven style pizza, bread, cobbler, stir fry, griddle, sear, roast, smoke... also grilling and barbeque.

The Cypress™ Grill does it all!

CANVAS COVERS

HEATS FROM THE INSIDE OUT!

The burner blasts hot air *horizontally* through internal tubing, immersed in cooking oil. Heat transfers from hollow metal tubing into the **center of the oil**. Cooking oil is heated from the inside out, not from the bottom. When frying, loose batter falls **below** the heat source into the V-Bottom and **does not scorch**.

*Cooking oil stays clean and food always **Tastes Great!***

HOW IT WORKS:

TOP VIEW
FRYING CHAMBER

BACK VIEW
FRYING CHAMBER

V-Bottom Design keeps base oil temperature cooler than at the surface so batter does not scorch.

Cooking oil stays clean and lasts longer.

TRI-PLY BOTTOM

Stainless - Aluminum - Stainless

Bayou Classic® introduces a durable staple for any outdoor cooking or homebrewing function; **Tri-Ply Stockpots.**

Featuring a 3.0 and 3.5 mm aluminum core encased in 2.0 mm stainless steel, Tri-Ply bottom stockpots ensure uniform heat distribution to prevent hot spots and scorching.

Tri-Ply Stockpots also feature a **Low Side Indentation** that supports Steam Trays/False Bottoms; sold separately.

LOWER SIDE INDENTATION

for supporting Steam Trays/False Bottoms

Sold Separately

HOMEBREW EQUIPMENT

BREW KETTLES
BREW ACCESSORIES
BEVERAGE BUCKETS
SERVING CART

Imagine reaching into the bucket to grab a beer... **your beer.** Knowing you brewed the beer as the top is popped... *that is the perfect moment.* The expanded line of **Bayou Classic®** homebrew equipment puts you in control. A bottle you capped will sound sweeter when it pops open, a perfect shade of amber will tumble into the glass, foam will bubble just the right amount; that first sip will taste crisper and more refreshing than all other beers.

We provide all the **Bayou Classic®** outdoor cooking products needed to create the perfect backyard feast...

now, your signature beer caps the event.

COMPLETE BREW KETTLES

THERMOMETER/SPIGOT

Detachable Thermometer and Spigot enables thorough sterilization

Stainless Steel **6pc BREW KETTLE SET**

FEATURES:

- **Stainless** Tri-Ply Stockpot with Low Side Indentation, Heat Shield and Gallon/Quart Calibration
- **Stainless** Vented Lid
- **Stainless** Ball Valve having 1/2" FNPT threaded interior and exterior opening
- **Stainless** Thermometer with 2" Stem
- **Stainless** False Bottom screen that sets 3.25" above bottom of pot
- **Stainless** tube-shaped filter screen that attaches to inner spigot

BENEFITS:

- Tri-Ply Bottom for even heating to prevent sugars from sticking and scorching
- Narrow diameter and high side-wall reduces chance of boil over
- All **Stainless** construction for no interaction with acid wort
- False Bottom rests on Low Side Indentation creating a tighter barrier, reducing chance for grains and particles to enter the spigot chamber
