## TERMS AND CONDITIONS

### Terms Net 30 days subject to credit approval

Applicants wishing to expedite their initial order may pay in advance by check, MasterCard, VISA or American Express. All accounts are required to provide current credit card information to be kept on file as backup for payment. A service charge of 1 % per month will be assessed on all past due accounts.

Accounts over 30 days past due may be placed on prepaid terms.

### Freight

F.O.B. Brandon, MS 39042. Unless carrier is specified on order, we will ship by the lowest cost carrier providing dependable service.

All orders shipped UPS will be prepaid with shipping charges added to the invoice. Third party billing of UPS, FEDEX, etc. is acceptable.

A \$10.00 per carton charge will be added to C.O.D. orders. C.O.D. orders payable only by a company check, cashiers check or money order.

### Minimum Order and Drop Ship

A \$2.50 handling charge on all orders less than \$150.00 will be added to the invoice. Barbour provides drop ship service to consumers.

For web stores, drop ship service is provided on the condition that market retail prices are adhered.

### Acceptance

All orders received are subject to acceptance by Barbour International, Inc.

Our terms of sale are applicable to all orders regardless of terms requested or stated on the Purchase Order.

### Shortages and Damaged Merchandise

#### OUR RESPONSIBILITY OF SHIPMENT CEASES WITH ACCEPTANCE BY CARRIERS.

If any goods called for on bill of lading are short or damaged, do NOT accept them until the freight agent makes a short/damage notation on your freight bill.

#### THOROUGHLY INSPECT THE SHIPMENT AS SOON AS RECEIVED.

Barbour International, Inc. is not responsible for loss, pilferage or damage once you sign delivery receipt from the carrier.

Your signature indicates shipment was received as specified on our bill of lading. All claims must be made within 10 days after receipt of merchandise.

### Returns

All Bayou Classic® products are warranted to be free of manufacturing defects in material or workmanship at the time of receipt. Any returns require a return authorization number. No returns will be accepted and no credit issued without Barbour International, Inc.'s prior consent.

**Note:** 15% Restocking Fee on all refused shipments.

### Changes

In the interest of continued product improvement, Barbour International, Inc. reserves the right to change product and packaging specifications without notice.

Prices and availability are subject to change without notice.

**Note:** All unauthorized deductions will result in suspension of shipments until resolved.

### Intellectual Property Rights

By placing an order, you agree that you are allowed to use Barbour's trademarks, copyrights, and trade dress ("intellectual property") for the sole purpose of marketing and selling Barbour products and not for any unauthorized purpose. Using Barbour's intellectual property to compete with Barbour, to harm the reputation of Barbour, or in any inappropriate, unauthorized, or unlawful way will be considered a violation of Barbour's intellectual property rights and subject you to legal and/or other action.

You also agree that Barbour retains ownership of its intellectual property and that nothing in these terms will be construed as conferring to you any ownership or title in the intellectual property. You further agree that Barbour may instruct you to discontinue using its intellectual property at any time and/or to modify or amend your use to comply with any guidelines that Barbour may implement from time to time.

# BAYOU<sup>®</sup> FRYERS & ACCESSORIES

## HEATS FROM THE INSIDE OUT!

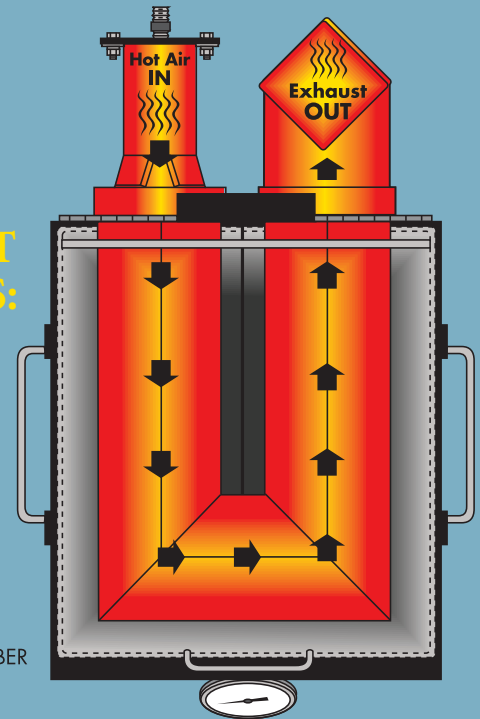

The burner blasts hot air *horizontally* through internal tubing, immersed in cooking oil. Heat transfers from hollow metal tubing into the **center of the oil**. Cooking oil is heated from the inside out, not from the bottom. When frying, loose batter falls **below** the heat source into the V-Bottom and **does not scorch**.

*Cooking oil stays clean and food always **Tastes Great!***

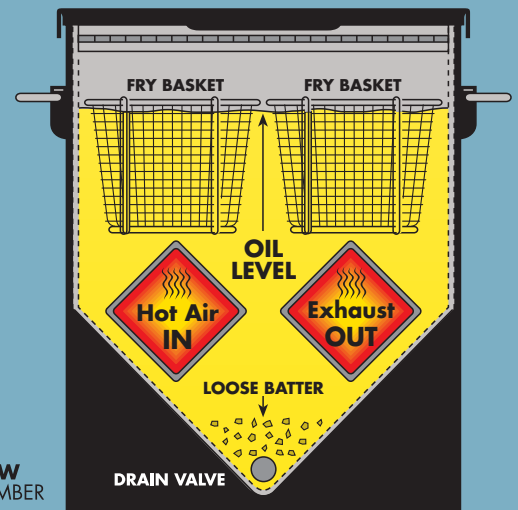

### HOW IT WORKS:

TOP VIEW  
FRYING CHAMBER

BACK VIEW  
FRYING CHAMBER

**V-Bottom Design** keeps base oil temperature cooler than at the surface so batter does not scorch.

*Cooking oil stays clean and lasts longer.*

# CERAMIC CYPRESS® GRILL

The ancient art of Kamado grilling is now both accessible and affordable with the **Ceramic Cypress® Grill** from **Bayou Classic®**. The Kamado secret is in the shape and weight of thick insulating ceramic. Heavy dense ceramic creates an intense pressure that seals in moisture as radiating heat circulates and penetrates the food. Few conventional steel grills capture this function to such a high degree.

**Handcrafted Cypress Leaf Design** blends with any patio setting. Each grill has a distinctly different color pattern and texture that accentuates its character.

*Uniquely Yours!*

## **BENEFITS:**

**Maintains Steady and Accurate Temperature Control** because thick ceramic holds the heat while adjusting dampers control temperature.

**Burns Hotter and Longer** using less charcoal and producing less ash. A small amount of lump charcoal can burn 24 hours for smoking.

**Food retains its Moisture**, preserving natural flavors.

**Suitable for Year Round Use** regardless of temperature or weather conditions.

**Multiple uses:** brick oven style pizza, bread, cobbler, stir fry, griddle, sear, roast, smoke... also grilling and barbeque.

*The Cypress Grill does it all!*

500-515  
**CYPRESS® GRILL**

15.6"d x 19.5"h

**5.5 mm Tri-Ply Bottom**

Bulkhead Fittings

## *Stainless Steel* **6pc BREW KETTLE**

### **FEATURES:**

- **Stainless Tri-Ply** Bottom Stockpot with Low Side Indentation, Heat Shield and Gallon/Quart Calibration
- **Stainless** Domed Lid
- **Stainless** Ball Valve having 1/2" FNPT threaded interior and exterior opening
- **Stainless** Thermometer with 3" Dial indicating various Brew Settings
- **Stainless** False Bottom screen that sets 3.25" above bottom of pot
- **Stainless** tube-shaped filter screen that attaches to inner spigot

### **BENEFITS:**

- **Tri-Ply** Bottom for even heating to prevent sugars from sticking and scorching
- Narrow diameter and high side-wall reduces chance of boil over
- All **Stainless** construction for no interaction with acid wort
- False Bottom rests on Low Side Indentation creating a tighter barrier, reducing chance for grains and particles to enter the spigot chamber

## **STANDARD**
