Behlen[®]
COUNTRY
Farm & Ranch Equipment

Behlen Country knows that this is your land.

Always innovative, flawlessly functional and super resilient, Behlen Country® epitomizes the best in your land. And whether your land encompasses your favorite dogs, a handful of horses, a few head of goats or herds of cattle, Behlen Country® is right there with you. Favored by the weekend enthusiast and relied on by professionals, Behlen Country® also manufactures a full line of livestock and equine equipment.

Our products are designed and tested to surpass real, robust, ranch standards. When the “Ranch-Tested” label is found on any Behlen Country® product that means it has undergone day-in, day-out, “real world” use in the field by such legendary outfits as the Pitchfork Ranch. With massive operations that span around 180,000 acres in two states. Pitchfork is living proof that Behlen Country® is big enough to handle your herd—and then some.

Bale

HAYSMART Bale Feeders

HAYSMART bale feeders keep the hay in the feeder and money in your pocket.

HAYSMART Bale Feeder by Big Valley®

Benefits of the unique chain cone design:

- Increases hay utilization to more than 96% compared to 85% with other feeding methods
- Allows cattle to move the hay around, eating evenly through the toughest bale
- Suspends the hay off the ground at an ideal height

Superior strength and durability:

- 6' tall
- 18 tight feeding spaces
- 16 gauge heavy duty sheeting
- Grade 5 plated hardware
- 1/4" Grade 40 High Test chain
- Finished with green powder coat paint

Customer Gene Kinslow writes:

It is undoubtedly the best designed, heaviest round bale feeder we have ever had on the farm. Additionally, the 624 lb. weight of feeder does not allow the cattle to move the feeder. Absolutely no hay slips out from underneath the HAYSMART feeder to be trampled like happens with a typical lightweight, traditional round bale feeder. This feeder is actually making us money. The HAYSMART bale feeder has saved Gene and many other customers a minimum of 20% of the hay fed.

DESCRIPTION	LBS.	ITEM NO.
HAYSMART Bale Feeder for Cattle	624	26120512

The new Horse HAYSMART Bale Feeder keeps your hay in the feeder and money in your pocket.

Benefits of the unique chain cone design:

- Increases hay utilization to more than 96% compared to 85% with other feeding methods
- Allows horses to move the hay around, eating evenly through the toughest bale
- Suspends the hay off the ground at an ideal height keeping it clean

Poly Sheeted Bottom Features:

- Superior horse safety; no sharp metal edges
- Twice as thick as any steel sheeted model on the market
- Easily replaceable for a lifetime of use

Superior strength and durability:

- Over 6' tall, 8' diameter
- 18 horse-safe feeding spaces
- 16 gauge heavy duty sheeting on top
- Grade 5 plated hardware
- ¼" Grade 40 high test chain
- Finished with gray powder coat paint

Bale

Bale Feeders

Behlen Country offers a large selection of bale feeders.

A.

A. BF8

- A durable feeder at a great price
- 1-5/8" dia., 16 ga. galvanized round steel tubing provides corrosion resistance and long life

B.

B. HDF8

- Economical "S-Bar" bale feeder helps keep calves out of feeder and saves hay
- The strong 1-5/8" dia. (16 ga.) galvanized steel tubing ensures long life

C.

C. HDF8M

- S-Bar design and strong 1-5/8" (16 ga.) galvanized steel tubing for long life
- Strong 4-gauge mesh panel in place of solid panel holds hay in and circulates air to reduce moisture buildup, thereby reducing spoilage

D.

D. Econo Bale Feeder

- 1-5/8" dia., 16 ga. horizontal steel tubing
- 1 1/4" dia. steel tubing slant bars
- Finished with our premium powder coat paint

E.

E. Super Duty Bale Feeder

- 1-5/8" dia., 16 ga. "S-Bar" dividers keep calves out and save hay
- The horizontal tubing is heavy 2" 14 ga. steel
- Easy to assemble using rolled and punched tubing and punched, flat bottom connection
- Features 15 eating spaces
- Finished with our premium powder coat paint

F.

F. 2-Piece Heavy Duty Bale Feeder

- 1-5/8" dia., 16 ga. round steel tubing slant bars
- 1x2 14 ga. oval horizontals add superior strength and durability
- Behlen Country is the only manufacturer featuring a 12 ga. angle connection for ultimate strength
- Available in green or red premium powder coat paint

G. Flex Feeder

- Easy setup and portability with the quick pin hookups
- Expands to make any size bale able to be fed
- Multiple configurations available by adding additional single piece sections
- Comes in 4 sections

H. Century Feeder

- Long life due to the polyethylene pipe design
- Durable polyethylene material is impact resistant, rust-free and UV resistant
- Safe with no sharp edges
- Carries **5 year warranty**
- Must be ordered in quantities of 10

I. Open Top Bale Feeder

- Made from 16 ga., 1-5/8" round steel tubing for extra strength and long life
- Designed to feed horses
- Vertical partitions are made from smooth round tubing to enhance animal safety
- Finished with our premium powder coat paint

J. Econo Horse Feeder with Poly Panel

- Hold hay in and keep horses safe with smooth tube supports on the bottom skirt
- 1- 5/8" V dividers offer durability with spacing for easy access
- 14 gauge support brace for extended life of the feeder
- Three pieces for easy assembly and transport
- Available in Gray and Green

Bale

NEW! V Bar Hay Feeder

The New Big Valley V Bar Hay Feeder is built to handle your BIG bales!

V Bar Hay Feeder

- Increased longevity of feeder with the unique V Bar design
- Maximize feeding with bales sized up to 4' x 8'
- Cattle consume hay more consistently with V Bars centering the bale
- 16 ga. heavy-duty sheeting
- Rugged 14 & 16 ga. tubing
- 56 1/2" tall
- Finished with our premium powder coat paint
- Individual panels available

DESCRIPTION	WIDTH OF FEED SPACE OPENING	FEEDING SPACES	LBS.	ITEM NO.
V Bar 6' x 10' Hay Feeder	24"	16	518	26000302

A.

A. Hay Feeder Panels

- Great for feeding hay in-line or from a stack
- Can be connected together or used alone
- Designed to withstand abuse from the toughest animals
- “S-Bar” design saves hay and helps keep calves out of feeders
- Made from heavy 14 ga., 2" dia. steel tubing
- Painted with premium powder coat finish to ensure long life against sun fade, corrosion and weathering

B. Calf Pass Panel

- Versatile way to keep larger animals out of smaller animal feed areas
- Manufactured with 2" (16 ga.) heavy-gauge steel
- Versatile chain connectors allow lockup to any post or panel
- The galvanized cross bar is infinitely adjustable for any size calf
- Provides 8 spaces with a width of 15" per space and a maximum height of 46½"
- Panels are finished with our premium powder coat paint

Feed Bunks

A. Galvanized Feed Bunk

- Heavy duty galvanized steel construction
- One-piece molded poly trough
- Smooth, rounded corners
- Square ends that allow bunks to be bolted together

A.

A1.

B. Painted Feed Bunk

- Heavy duty construction
- One-piece molded poly trough
- Smooth, rounded corners
- Square ends allow bunks to be bolted together
- Premium powder coat paint

A2.

B.

C. Standard 11' Feed Bunk

- Heavy duty, 16 ga. tubular frame
- Tough one-piece poly feed trough eliminates corrosion
- Smooth, all-welded design helps prevent injuries
- Five sturdy 2" straps support the trough
- Square ends that allow bunks to be bolted together
- Finished with our premium powder coat paint. Available in red or green.

C.

D.

D. Poly Feed Bunk

- Roto-molded of extra thick, FDA-approved, food-grade polyethylene that is easy to clean and corrosion-free
- Ribbed, double-wall construction
- Deep, rounded feed troughs and drain openings prevent spoiled feed
- Pluggable drain openings allow use as a water tank
- Tested to -20° F
- So tough they come with a two-year warranty against livestock damage
- Available in 5' and 10' lengths

Stall & Yard Feeders

A. Wall Hay Rack

- Made of 3/8" solid rod. Depth from wall is 12"
- Finished with premium powder coat paint

B. Corner Hay Rack

- Made of 3/8" solid rod. Depth from corner is 30"
- Finished with premium powder coat paint

C. Galvanized Wall Feeder

- Provides a safe, durable and effective means of feeding both hay and grain from the same feeder
- Feeder is constructed of heavy galvanized steel
- Hay rack is fabricated from solid, galvanized rod
- All edges are rolled for enhanced animal safety
- Include a poly trough that is rust- and corrosion-free
- Come with mounting brackets to hang from a portable stall or attach directly to the wall

D. Galvanized Corner Feeder

- Designed to provide a durable and efficient means of feeding both hay and grain from the same feeder without entering the stall
- All feeders have an enclosed back to prevent hay from falling out
- Feeder is constructed of heavy, galvanized steel
- Hay rack is fabricated from solid, galvanized rod
- All corners are rounded for animal safety
- Poly trough is rust- and corrosion-free
- Intended for stalls with an existing feed door

E. Swing out Corner Feeder

- For applications where a feed door is not installed

F. Poly Wall Feeder

- One-piece molded unit with smooth edges and a galvanized steel hay rack
- Mounted to wall or fence, depth from wall is 18"
- Mounting brackets to hang from a portable stall or attach directly to the wall are included

G. Poly Corner Feeder

- Made of poly with solid, galvanized rods for the hay rack
- One-piece molded unit with smooth, rounded edges for animal safety
- Designed for long life

H. Utility Corner Feeder

- This large-capacity polyethylene feeder will not rust, warp, deteriorate in sunlight or split
- Resists chemicals, cribbing, mildew and puncture
- Has bottom drain for easy cleaning

I. Poly Horse Grain Feeder

- Helps prevent throwing, pushing or spilling feed from the bowl
- Smooth, rounded edges prevent injury and allow animal to easily clean out all feed
- Corner or flat wall mounting

J. Horse Yard Feeder

- Designed to feed both grain and hay
- High-volume, heavy duty, powder coated
- Solid ends reduce wasted feed
- Perfect for feeding small groups of horses
- Rounded corners help prevent injury

Zoological Cages

- Bar mesh wall panels are no. 2 rod (.264" grid dia.) for maximum strength
- Hot-dipped galvanized after welding
- Panels use 3/8" dia. plated bolts and nuts to form a secure enclosure
- Mesh panel openings are 2" x 6"
- Optional black, lead-free polyester paint can be applied to the panels for improved viewing
- Galvanized roof panels are standard; optional colored roof panels are available
- Easy-open slide doors are standard and follow the contour of the cage
- Doors measure 29" wide by 46" high (custom or pull-away doors must be specified at time of order)
- Prefabricated and come with easy-to-follow instructions
- Ideal for research facilities

Round Cages

- Available in several sizes
- Preformed metal roofing systems are fabricated for a precision fit

Oval Cages

- A more spacious alternative to round cages
- Available in several sizes with add-on lengths available
- Same features as round cages, just larger living area

Mini Cage

- Special application cages used for individual or smaller animals
- Consists of three hot-dipped galvanized wall panels and preformed galvanized roof panels

NOTE: Call for custom panel options.

Fencing

Behlen Country galvanized fence panels have

Hot-Dipped Galvanized Fence Panels

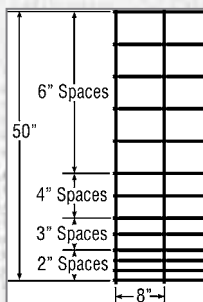

- All panels are **hot-dip galvanized after welding** so all weld spots are completely covered, eliminating rust and corrosion at all “shear” points and joints.
- Nearly 2 lbs of zinc dramatically increases fence life, eliminates rust and reduces rod separation
- Hot-dipped galvanized delivers more than 3 times the protection of pre-galvanized rod.
- Available in a wide range of sizes for various applications.

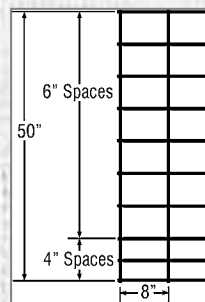

over 3 times the zinc protection of other brands.

Delivering the Best Value to our Customers

► **Direct Ship to retail stores**

Thanks to three convenient plant locations and an in-house trucking company, we can rapidly supply your retail stores, saving you costly handling and inventory carrying charges.

► **Truckload pricing**

Behlen Country offers the broadest collection of farm and ranch products available from a single source, allowing you to combine orders for diverse lines on the same truck. With Behlen Country, you can achieve truckload pricing on the entire order.

► **Web listing**

Our attractive new web site showcases the most complete line of products on the market. It also features an updated dealer locator designed to refer all our visitors to the retailer that can supply their favorite Behlen Country products. www.behlencountry.com
