WORLD'S BEST OUTDOOR ACCESSORIES

In 1959 Coghlan's began building its line of quality camping accessories, starting with the Camp Stove Toaster, which are geared towards making your outdoor experiences more enjoyable. Whether you are a camper, fisherman, hunter, hiker or just love relaxing in the backyard; Coghlan's outdoor accessories have been tried and tested for over 54 years.

We are the leading outdoor accessory supplier in the United States and Canada and distribute over 475 accessories to over 30 countries throughout the world. Coghlan's maintains a fully stocked central warehouse in St. Paul, Minnesota; in addition to our Winnipeg, Manitoba warehouse.

75% Market Share
99% Fill Rate
+50% Gross Profit Margin

When you partner with Coghlan's for your outdoor accessories; you bring the strength of the leading brand into your store. Coghlan's brings to you the best service and product in the business. We maintain large amounts of inventory, so out of stocks are minimized. Our fill rate is over 99% and our accessories have a high turn rate because our product and packaging drive impulse sales. Best of all, you can benefit from profit margins in excess of 50%. These benefits, combined with the best quality products make Coghlan's the first and best choice for outdoor accessories in your store.

IT ALL STARTED WITH A TOASTER...

Fifty four years ago Norm Coghlan founded Coghlan's Ltd. with the Camp Stove Toaster, establishing the foundation for what would become the largest single brand of camping accessories in the world. Prior to forming his own company, Norm Coghlan sold lanterns, camp stoves, lamps, mantles and parts primarily to the hardware market in the United States and Canada.

In 1959, he bought a small service depot in downtown Winnipeg, Manitoba, Canada and operated it as a private company. At that time, the newly born Coghlan's Gas Appliances concentrated on the natural gas heating market that was opening up in Winnipeg. Norm Coghlan also added camping equipment such as tents, sleeping bags and air mattresses. There were many campers that would come in to bring their camp stoves and lanterns in for repair and they also bought and rented other camping equipment.

Norm was aware that customers wanted a way to make toast on their pump-up gasoline camp stove. Such an item was already being manufactured by a U.S. based company and they sold very readily in Coghlan's retail store. After inquiring with the toaster manufacturer, Norm found out that the toaster was being discontinued, so he bought the entire inventory, rented a storage facility and this began Coghlan's distribution of camping accessories; facilitating people's outdoor enjoyment across the globe.

We are the leading outdoor accessory supplier in United States and Canada, and distribute over 475 accessories throughout the United States, Canada, South America, Europe, Africa, Asia and Australia.

As popularity grew for accessories over the years, we added a central warehouse in St. Paul, Minnesota, in addition to our Winnipeg, Manitoba warehouse - eventually shipping to over 30 countries worldwide.

To keep up with demand, Coghlan's teamed up many years ago with Opportunity Partners in the US and ImagineAbility Industries in Canada, two companies that offer packaging, assembly and fulfillment by people with disabilities. Coghlan's was Opportunity Partners' first large client and today is their oldest. This partnership has made it possible for people with disabilities to earn wages and prosper in the community for more than 44 years. It is this relationship that sets us apart, allowing us to give back to our community and provide meaningful work to those who take great pride in a job well done.

Today, tradition holds true. The Camp Stove Toaster is still in the product line; but now alongside over 475 accessories that make being outdoors more enjoyable. Coghlan's is dedicated to providing superior product and packaging, outstanding customer service, and maintaining our community relationships to make us the first choice in outdoor accessories.

PLANOGRAM FOR SUCCESS

You owe it to yourself and your business to build every inch of retail space that maximizes sales and profits. At Coghlan's we bring 54 years of camping accessory experience to your shelves with state of the art software to provide the best layout support.

Coghlan's Planograms take the guess work out so you don't waste valuable time in what to stock and how to merchandise. Coghlan's will design the merchandising order of your products so that your wall and shelves of accessories come alive and do the selling for you.

Spaceman Merchandising Software places Coghlan's products on a digital layout and visually places them in optimal positions for your specific display area.

You'll experience:

- **Greater sales**
- **Stronger turns**
- **Higher profit per square foot**
- **Tighter inventory control and reduced out of stocks**
- **Faster replenishment**
- **Satisfied customers**

Whether you're an existing customer or new to the camping accessories category let Coghlan's assist you in your Planogram needs. It's Fast and the service is Free!

REAL GREEN

Coghlan's commitment to the outdoors does not just stop at great gadgets and accessories.

In 2008, we began to fulfill a mission to update our iconic "green and yellow" packaging. Our goal was to enhance our brand visuals by incorporating a look that was more outdoorsy while reducing packaging materials to lessen our impact on the environment.

The result was a package design that retained the brand identity so many consumers were familiar with and also reduced the packaging materials it was made with to make it more environmentally friendly. To date, this mission is almost complete. Over 475 outdoor accessories have been revitalized by the new look and our environmental footprint is reduced.

Coghlan's is confident our new packaging will keep our products impulse sales fresh and deliver a product that continues to position us as the leader in outdoor accessories. Our approach to green is real, it's in our history, in our packaging and it's ready for the outdoors.

COGHLAN'S HELPING HANDS

Coghlan's Ltd. has enjoyed a long and valued relationship with five community organizations who provide support services for people with a wide range of intellectual disabilities. Coghlan's is partnered with Opportunity Partners and Mid-West Special Services in the USA, and ImagineAbility, Epic/Smile St. Malo and Kindale Industries of Manitoba, Canada.

Coghlan's has chosen to support these community organizations because it creates jobs for people within our communities. These organizations help with the assembly; quality control and packaging of Coghlan's products — in fact over 152 Coghlan's products are assembled and packaged by these special individuals with great pride and attitude.

Opportunity Partners, the largest of these organizations, helps people with disabilities prepare for work in the community and succeed in the workplace, either independently or as members of a work team.

Coghlan's will continue our 44 year advocacy of these organizations, believing that it is important to give back to our communities. Thank you to all our helping hands!
