AMERICAN MADE SINCE 1896

Nestled alongside the Cumberland Plateau of the Appalachian Mountains is the town of South Pittsburg, Tennessee (population 3,100). It was here, in 1896, that Joseph Lodge created a legacy of quality that has thrived through two World Wars and the Great Depression and is still carried on by his family today. Both our CEO and President are Joseph Lodge's great-grandsons who continue to evolve our product line and improve manufacturing methods. While many worthy competitors have fallen by the wayside, Lodge's dedication to quality, technology, and employees have helped it not only survive but flourish.

# GRIDDLES & GRILL PANS

"[Lodge Logic pre-seasoned square grill pan.] In terms of flavor and visual appeal, we cast our vote for the pre-seasoned cast iron—and not just because it is the least expensive pan. It produced chicken with a deep sear and crispy exterior."

## SEASONED READY TO USE

With consumer demand now exceeding foundry capacity, Lodge has unveiled plans for a considerable expansion of their South Pittsburg plant. These will include new melting systems, sand systems, an additional molding line, expanded seasoning lines, and most importantly—new American jobs. We are very excited to be able to grow to new heights with our feet still firmly planted at home.
