- (II) U.S. Consumer Product Safety Commission (USCPSC) "Guidelines
for Outdoor Home Playground Equipment", Publication No. 324**

Home Playground Equipment Definition F 1148-09, Section 1.2:

Any product in which the support structure remains stationary while the activity is taking place and is intended for a child to perform any of the following activities: climbing, swinging, sliding, rocking, spinning, crawling, or creeping, or a combination thereof. This specification is not intended to apply to juvenile care products such as, but not limited to, infant swings, playpens/enclosures, beds or furniture (including outdoor furniture, such as picnic tables, cradle rockers, activity centers being used as walker substitutes, bouncers, jumpers, infant carriers, and products specifically designed for therapeutic use). This specification is not intended to apply to equipment to be used in places of public assembly such as schools, nurseries, day-care centers, and parks.
