

# Regal ①②③ STEP RAILING SYSTEM

Phone: 604.952.4290 • Fax: 604.952.4291 • Toll Free: 800.819.4344 • 7 days a week

The Regal ①②③ Step Railing System is easy to install and designed/packaged to make it easy for your customers to purchase. The installation process is based on three simple steps:

**STEP ① INSTALL POSTS**

**STEP ② INSTALL RAILS**

**STEP ③ SNAP IN PICKETS**

**or INSTALL GLASS**

(NOTE: Detailed instructions can be found on our website: [www.regalideas.com](http://www.regalideas.com) )

Home owners appreciate the ease of installation while contractors value the reduced amount of time it takes to complete a job. In addition, Regal is the only product that comes with the patented “lock in picket system” that ensures once the railing is put together – it stays together. All the pickets lock in place to provide a safe, secure railing system that will look great and last for years.

## How to Order the Regal ①②③ Step Railing System

The price list shows the Product Code and Description for every part. To order all you need to do is fax us your list of parts including the part code, the color, description and quantity required.

If you have any questions please call Regal Customer Service at 604-952-4290 or 1-800-819-4344, we're open 7 days a week to serve you.
