MANY GLOVES, EVEN MORE USES

The Original® Glove started the high performance work glove category. Over twenty years of analysis, development, and innovation has created different styles of work gloves. They all have their own story and their own way of providing hand protection. From basic protection to gloves that are fire retardant or cut resistant, this is the roadmap to finding the right type of hand protection you need.

The Tool That Fits Like A Glove®

THE GLOVE THAT STARTED IT ALL

Back in 1991, we knew right away we had a good thing going with Mechanix Wear® Gloves. However, we had no idea what kind of revolution we would start. Before we knew it, we had every NASCAR® team asking for our gloves along with just about every other high profile motorsports team in every type of racing! As a result of the exposure, everyday mechanics, technicians, construction workers, tradesmen, do-it-yourselfers, industrial safety personnel, law enforcement, emergency service workers and military professionals all began using our gloves and all agree that they help you: **WORK FASTER, SAFER, CLEANER®**

GLOVE GUIDE VOLUME 24

THEY GET IT. They watch because they are fans. They recognize that if the pros use Mechanix Wear® Gloves, so should they. They aren't helping pit a race car in less than fourteen seconds, and their toolbox is probably different. But when working on their car they want to work fast, work safe, and work clean. They know every garage deserves a toolbox containing high performance work gloves.

TOOL IN RACING

GLOVE GUIDE VOLUME 24

COMFORTABLE FIT
Form-fitting stretch Spandex top for the ultimate in comfort.

SEAMLESS PALM
Seamless single layer palm for maximum control.

THE ORIGINAL® CE

THE GLOVE THAT STARTED IT ALL

Despite its imitators, The Original® glove remains in a category all its own. Tried, tested and proven for over 20 years, it provides the perfect blend of flexibility and protection. Durable synthetic leather palm, form-fitting stretch Spandex top, and a flexible TPR wrist closure allow for a second-skin fit. With a gamut of practical uses, it's no surprise that The Original® is the most recognized and most frequently worn glove by anyone with a toolbox. *Imported*

WATER RESISTANT
Durable, water-resistant coated and fleeced lined synthetic palm.

INSULATED
Insulated and fleeced lined top of hand for warmth and comfort.

THE ORIGINAL®
INSULATED CE
ORIGINAL SPECIALTY LINE

It's hard to work when your bones are cold, so we created The Original® Insulated glove to lock in the warmth. A comfortable single layer of form-fitting fleece lines the entire glove, preserving warmth without sacrificing valuable dexterity. We went a step further and incorporated durable water resistant coating and a water resistant liner on the palm to keep your hands dry. Top it off with a low-profile hook and loop closure for full range of motion and you have a critical cold weather tool. *Imported*

THE TOOL OF HIGH-VISIBILITY

SOLUTIONS FOR CHALLENGING WORKPLACES

Working professionals demand different levels of protection over a wide range of applications. These types of environments require special solutions that address their needs. Improvements to fit, feel, and functionality maximize individual safety and productivity in hazardous environments. Mechanix Wear Safety Gloves were developed to protect the individual in the constantly evolving work environment and reduce the financial burden of hand injuries.

REFLECTIVE
3M® reflective strip panel across top of hand for added visibility.

SECURE FIT
Anatomically cut thumb provides snug fit.

SAFETY HI-VIZ FASTFIT® CE

The Safety FastFit® glove is made using ANSI-107 compliant reflective and fluorescent materials to make you more conspicuous in hazardous working environments. High-visibility, moisture wicking TrekDry® material wraps the top of your hand and 3M® reflective ink provides luminance. Synthetic leather wraps your thumb and safeguards your palm for improved wear when handling tools, while the elastic cuff provides a secure, second-skin fit with easy on/off flexibility. *Imported*

THE NEW TOOLS IN CUT RESISTANT

PIVOTAL PROTECTION AGAINST PUNCTURES AND LACERATIONS. Exposure to the significant risk of sharp objects can have serious ramifications if hands are left unprotected. What's required is a glove that protects the individual from these potential hazards without sacrificing fit, feel, and functionality expected of a high performance work glove. Mechanix Wear's proprietary cut resistant material exceeds these demands so the job gets done without downtime and expense due to preventable injuries.

ARMORCORE™ UTILITY

Designed to make cut and puncture protection available to a variety of users, the Mechanix Wear® ArmorCore™ Utility Glove features SAPREX® ArmorCore™, puncture and abrasion resistant fabric, on the palm and fingers. The fabric wraps around the fingers, eliminating bulky seams and reducing seam wear. EVA foam padding with breathable, two-way stretch spandex covers the top of the hand and extends up the length of each finger for extra protection. Light palm padding offers a comfortable and secure grip. *Imported*

AVAILABLE COLORS

CFF-505 BLACK/NATURAL

AVAILABLE SIZES

S - XXL

CUT RESISTANT
ArmorCore™ fabric meets ASTM/CE Level 5 standards for cut and puncture resistance.

EXTRA GRIP
Strategically placed silicone dots situated on top of our cut and puncture resistant fabric provide extra grip.

ARMORCORE™ IMPACT SHIELD

To meet the challenge of cut and puncture risks on the job, we created the Mechanix Wear® ArmorCore™ Impact Shield Glove. Made in the USA, SAPREX® ArmorCore™, our proprietary cut, puncture and abrasion resistant fabric, covers the entire glove to shield the hand inside and out. 4mm PORON® XRD™ foam knuckle padding adds impact protection while silicone printing on the fingertips aids with grip, and genuine goatskin leather on the palm and thumb serves as secondary shields. Fingertip material wraps around the fingers, positioning seams higher up to eliminate bulkiness and seam wear. *Imported*

AVAILABLE COLORS

CTS-501 NATURAL

AVAILABLE SIZES

S - XXL

CUT RESISTANT
ArmorCore™ cut resistant fabric shields the hand, while PORON® XRD™ knuckle padding and TPR bumpers provide impact protection.

PALM PROTECTION
A second layer of leather and solvent free silicone dots on top of our cut and puncture resistant fabric increases protection and grip.

ARMORCORE™ EXTRICATION

For use by fire, safety and rescue professionals, this super-duty glove represents the ultimate combination of advanced protective technology and highest quality materials. SAPREX® ArmorCore™, our proprietary cut, puncture and abrasion resistant fabric, lines the palm side of the glove and is reinforced with genuine leather in high wear and gripping areas. The top of the hand is protected by a Kevlar® outer shell as well as TPR knuckle and full-length finger protection. Combined with reflective materials throughout the top of hand and fingertips, this glove has it all. *Imported*

AVAILABLE COLORS

TOOLS FOR COLD WEATHER

DON'T SACRIFICE IN THE COLD. Whether they are shoveling the season's first snow or at the job site when they would rather be inside, Mechanix Wear® Cold Weather Gloves insulate them from the elements and keep them going. They provide the protection and offer the performance required when the temperature drops but there is still work to be done.

HEAVYWEIGHT KNIT
Extended knit cuff keeps glove secure for use under jacket sleeve.

WATERPROOF PALM
MicroFinish® coating provides a dry firm grip.

COLD WEATHER THERMAL KNIT CE

The brisk cold air makes even the simplest tasks more burdensome. The Thermal Knit glove comes in handy on cold days with its one-of-a-kind MicroFinish® palm coating for superior grip, flexibility and waterproof protection. The heavyweight knit shell with extended cuff offers breathable warmth when the temperature drops. From grabbing firewood to changing oil or anything inbetween, our new Thermal Knit glove provides a superior defense against whatever your hands encounter. *Imported*

The mighty M-Pact® 3 provides heavy-duty protection for military professionals operating heavy weaponry. The all-new form-fitting Kevlar® split-knuckle shields your hands and disperses damaging blows to your hands. For improved dexterity, we left your trigger finger unobstructed and applied TPR finger guards to safeguard your digits. A complete rubberized grip design protects your thumb, fingertips and palm against abrasion and improves gripping power for heavy-duty operations. *Imported*

TOOLS OF THE TRADE

THE JOBSITE CHANGES BUT THEIR JOB DOESN'T, and neither do the tools in their toolboxes. Skilled trade professionals only choose quality tools to get the job done, and when it comes to hand protection, Mechanix Wear® is that choice. When the job stretches from days to weeks they demand tools that last, and hand protection is as important to them as any other tool in their toolbox. True professionals need commercial grade performance work gloves.

COMMERCIAL GRADE UTILITY WITH GENUINE LEATHER

Versatile and durable, our CG Utility glove handles a wide variety of tasks on the job site. Genuine leather safeguards your fingertips, thumb and palm against abrasive materials for long lasting performance. And when the sun is high, we added TrekDry® moisture wicking material to help keep your hands cool, dry and comfortable. With a wide-opening elastic cuff for easy on/off performance between jobs, we guarantee this is a glove you'll be reaching for over and over again. *Imported*

AVAILABLE COLORS

■ CG15-75 BLACK

EASY ENTRY
Wide-opening elastic cuff for easy on and off.

DURABILITY
Leather reinforced fingertips, thumb and palm.

COMMERCIAL GRADE PADDED PALM WITH GENUINE LEATHER

Get serious about protecting your hands against impact, abrasion and hand fatigue with our CG Padded Palm glove. Tackle the toughest jobs with genuine leather durability and impact absorbing protection. We encased impact-absorbing PORON® XRD™ cushioning in the palm to relieve hand fatigue associated with high impact tools and prolonged stress. Top it off with our Wide-Fit™ cuff and TrekDry® moisture wicking top, and you have a comfortable glove built to stand the test of time. *Imported*

AVAILABLE COLORS

■ CG25-75 BLACK

PADED PALM
Impact-absorbing PORON® XRD™ palm padding for comfort.

DURABILITY
Leather reinforced fingertips and thumb for added durability.

COMMERCIAL GRADE FRAMER WITH GENUINE LEATHER

Residential or commercial, as a tradesman you understand how important your hands are to complete your work. The Framer's fingerless design frees your thumb, index and middle finger so you can handle your arsenal of tools with precision and control. Light, flexible knuckle protection and genuine leather reinforcement panels shield your hands against unnecessary impacts and abrasions. Your palm is protected by impact-absorbing PORON® XRD™ foam encased in a durable shell and securely fastened by our low profile Wide-Fit™ cuff. *Imported*

AVAILABLE COLORS

■ CG27-75 BLACK

FINGERLESS DESIGN
Ultimate dexterity for handling nails and other small items.

PADED PALM
Impact-absorbing PORON® XRD™ palm padding for comfort.

COMMERCIAL GRADE IMPACT PRO WITH GENUINE LEATHER

Safeguard your hands with genuine leather durability and flexible impact protection. The most abused areas of the palm are reinforced with durable leather panels anatomically shaped to your hand. We encased impact-absorbing PORON® XRD™ cushioning in the palm to relieve hand fatigue associated with high impact tools and heavy lifting. Light, flexible TPR creates an exoskeleton protecting your fingers, knuckles and metacarpals from impact and abrasion. Cinch down the Wide-Fit™ cuff for an unbelievable fit that keeps you working comfortably throughout the day. *Imported*

WOMENS HAND PROTECTION

FOR WHATEVER THE DAY BRINGS.

Today's woman needs practical and long-lasting solutions that she can depend on without sacrificing style, detail and quality. So much more than typical work gloves, Mechanix Wear® gloves specifically fit the contours of a woman's hands for maximum comfort and functionality while still maintaining femininity.

**FIT**

Form-fitting stretch Spandex specifically designed for a woman's hand.

ADJUSTABLE CLOSURE
Wrap-around rubber molded wrist closure forms better to wrist for a secure fit.

THE ORIGINAL® WOMENS CE

Designed and engineered exclusively for a woman's smaller hand, The Original® Glove gives you a super-firm grip by using a durable synthetic leather palm. We then add comfort and ventilation by incorporating a two-way stretch Spandex top and stretch panels between the fingers. Top it off with a low profile hook and loop closure perfect for all-around use. *Imported*

WHY?

EVERYONE WITH A TOOLBOX IS A GLOVE CUSTOMER.

It seems like it was just yesterday when we started building specialized hand protection for professional race teams. 20 years later, millions of hard working hands in numerous industries have adopted Mechanix Wear® gloves. Maximizing individual safety and productivity has lead to the development of the highest quality work gloves delivering superior fit, feel, and functionality to your hands. From Material 4X® durability to Armorcore™ cut resistance, our mission is to look beyond conventional ideas and continually innovate high performance materials so you can work faster, safer, and cleaner. With each new market, the Mechanix Wear® brand transcends its racing heritage and cements its place as the innovative leader of the high performance work glove revolution.

21,000,000 TOOLBOXES SOLD A YEAR

WHAT'S IN YOUR TOOLBOX? Professionals and enthusiasts agree - the right tools get the job done. Period. Whether you're an auto mechanic, construction worker, electrician, plumber, heavy equipment operator, law enforcement officer, or a service member with the armed forces - there's a pair of Mechanix Wear® gloves designed for you. The workplace is evolving but the tools remain unchanged. Wherever you find a toolbox, you will find a pair of Mechanix Gloves close by.

EXPOSURE

75 MILLION FANS AND GROWING.**

NASCAR® has 75 million fans!** That's one-third of the entire U.S. adult population. How can you pass up an opportunity like that? In addition to television, we reach these fans with over 1,800 thirty-second radio spots on top rated Sirius® and XM Satellite® radio stations, including Fox News, ESPN Radio and NASCAR® Radio. By going out of this world with satellite radio, we reach more than just race fans; we reach the general consumer market as well. . . **EXPOSURE**

5 MILLION HOUSEHOLDS TUNED IN WEEKLY.*

This makes NASCAR® Sprint Cup events the #2 rated regular season sport on television, trailing only the NFL. Not only did race fans see over 13.2 hours of on-camera, in focus exposure of Mechanix Wear® Gloves during the broadcast of NASCAR® events last year*, they saw our gloves in countless other racing events, television shows and feature films. Chances are pretty good that if your customer saw someone using high performance work gloves on television, it was a pair of Mechanix Wear® Gloves. What else can we say? . . . **EXPOSURE**

296 MILLION ANNUAL IMPRESSIONS.***

It's all in the print. We advertise in over 50 national publications, putting the Mechanix Wear® brand in front of millions of potential customers. Our constant presence builds credibility for the product category and creates demand for our brand. Making Mechanix Wear® the #1 brand, and the only high performance work glove consumers will ask for by name. . . **EXPOSURE**

150,000 RELATIONSHIPS AND COUNTING. A brand's success can be measured by the loyalty of its customers. With today's technological advances and the advent of social media, it has never been easier for our customers to interact and share their passions. More importantly, we are now able to build one-to-one relationships with thousands of customers all over the world. Mechanix Wear® is fully committed to its growing community of hard working hands. We assist users with product selections, we ask their opinions, and we align our passions with the community. With 150,000 relationships and counting, our community influences us as much as we influence them.

IN·NO·VA·TION

Category leaders are those who champion innovation, and we welcome this challenge with enthusiasm and pride. At Mechanix Wear, we believe little things make big things happen. Since the debut of our first high performance work glove at the 1991 Daytona 500, our attention to anatomical correctness and material development has led to the most advanced hand protection on the market. Over 20 years of research, development, design, and innovation, has led to a diverse line of gloves delivering superior fit, feel, and functionality to your hands. Whether it's bringing to market a never before seen product like The Original® Glove Light or advanced materials like Material 4X® and the mighty Armorcore™, look for Mechanix Wear® to push boundaries and develop the next innovative idea in the high performance glove category.

FOUR REASONS WHY MECHANIX GLOVES WORK

INNOVATION

High performance materials, anatomical design, and superior build quality provide your hands with functional hand protection fit for daily use. Mechanix Wear® gloves are designed to combat daily hazards and injuries ranging from harsh abrasions, cut and puncture wounds to broken bones, joint damage, and vibration injuries. From concept to finished product, you can count on Mechanix Wear® innovation to help you work faster, safer, and cleaner with more power and control.

QUALITY

With over 20 years of experience making gloves, Mechanix Wear® knows quality control is serious business. Therefore, we go to extremes to supervise the manufacturing and material quality of our gloves. We employ quality control specialists in our facilities that actively inspect the fit and build quality of our gloves before they ship to you.

EXPERIENCE

Our roots are in racing, and our experience at the race track has led to the development of some of the most advanced materials and design features. From impact absorbing palm padding to durable fingertip construction, our experience at the track has led to some of the most advanced protective features in the industry. Since the development of The Original® Glove, Mechanix Wear® has worked hand-in-hand with individuals in numerous industries to develop specialized hand protection for a wide variety of users.

BRAND RECOGNITION

Mechanix Wear® reaches 100 million customers monthly through television, print, radio, social media and racing events around the world. The #1 glove in racing is used by NHRA, Supercross, Motocross, IndyCar, MotoGP and all 43 NASCAR teams. Your customers will ask for us by name. Mechanix Wear® Gloves. The Tool That Fits Like a Glove®.
