

Sustainable Innovation for Everyday Life

A letter from the Chairman, President and Chief Executive Officer

Long before the concept of sustainability ever had a name, 3M served as a leader among its peers for reducing its impact on the environment while conserving resources. 3M learned a few things over the last 30 years and now offers this catalog of products developed from 3M innovation to help customers achieve sustainability goals -- whether they are saving energy, reducing greenhouse gas emissions, or purchasing products that are made with fewer solvents, 3M has a solution.

Sustainability is the responsibility of everyone. Together with customers, 3M hopes to continue to meet today's needs while allowing the next generation to meet its needs.

Sincerely,

*George W. Buckley,
Chairman, President and CEO*

Our Operations

EHS Management

3M's Environmental, Health and Safety (EHS) Management System promotes sound environmental management at our facilities worldwide. It helps us address changing customer needs and expectations as we continue to drive sustainable growth. The EHS Management System:

- Includes an integrated, holistic system that anticipates and addresses long-term issues and drives continuous improvement.
- Promotes a strategic planning process that integrates EHS issues into business unit strategic plans.
- Requires each business unit to identify EHS issues, develop formal action plans, set goals and measure results.

Reducing Our Environmental Footprint

Continuous improvement is a vital component of the company's environmental performance. 3M believes in setting aggressive corporate environmental goals and we've been articulating our environmental objectives since the early 1990s. In 2005, 3M set a new group of goals for the period of 2005 to 2010. These are stretch goals that are built on 3M's reductions achieved through 2005. The current goals, which are indexed to net sales, are as follows:

- Reduce Volatile Air Emissions by 25%.
- Improve Energy Efficiency by 20%.
- Reduce Waste by 20%.
- Complete 800 3P Projects (not indexed to net sales).

Addressing Climate Change

3M understands that energy efficiency is a critical element in managing climate change. These efforts date back to 1973, when the Energy Management Department was first formed. Today, 3M has an aggressive energy and greenhouse gas (GHG) management strategy which includes developing a 3rd-party certified GHG inventory; continuously improving GHG accounting systems; setting voluntary GHG emissions reduction goals; reducing the company's GHG footprint through energy efficiency, renewable energy, and controls; and

developing a range of products that help 3M's customers reduce their energy use and GHG emissions.

- GHG emissions reduction goal of 50% (from a 1990 base year).
- Achieved a 54% reduction from 1990 – 2006.

Ethical Operations

Sustaining 3M's future includes acting in a socially responsible way toward potential, current and former employees. As an ethical and law-abiding company, 3M complies with government regulations around the world concerning human rights, employees and employment laws and expects ethical behavior from employees in accordance with our global Business Conduct Manual. 3M's conduct goes beyond obligation to include policies that help support a challenging, productive and enjoyable work culture.

Bringing Greater Opportunity to Employees

The success of 3M over the years has been due, in large part, to the dedication, skill and effort of our employees — all over the world. Our culture always has emphasized integrity and fairness alongside innovation and excellence, and we will continue to help employees develop their diverse talents which:

- Respects the dignity and worth of individuals.
- Encourages the initiative of each employee.
- Challenges individual capabilities.
- Provides equal opportunity.

1990 – 2007 Environmental Progress

- 95% reduction in absolute volatile air emissions.
- 95% reduction in absolute U.S. Toxic Release Inventory (TRI) releases (2006 reporting year).
- 54% reduction in absolute greenhouse gas emissions.
- 57% reduction in solid waste indexed to net sales.

3M has a longstanding commitment to sustainable development through environmental protection, social responsibility and economic progress. To us, that means meeting the needs of society today, while respecting the ability of future generations to meet their needs. We recognize that the company's long-term success springs from adopting and implementing the principles of sustainable development: stewardship to the environment, contributions to society, and to the creation of economic value and worth. At the same time, we recognize that only by continuing to be a viable and successful enterprise can we continue to be a positive contributor to sustainable development.

Our Corporate Values

3M's sustainability policies and practices are directly linked to our fundamental corporate values:

- Act with uncompromising honesty and integrity in everything we do.
- Satisfy our customers with innovative technology and superior quality, value and service.
- Provide our investors an attractive return through sustainable, global growth.
- Respect our social and physical environment around the world.
- Value and develop our employees' diverse talents, initiative and leadership.
- Earn the trust and admiration of all those associated with 3M worldwide.

Our Sustainability Strategies

3M's strategies for sustainability encompass the pursuit of customer satisfaction and commercial success within a framework of environmental, social and economic values.

Meeting society's and 3M's expectations for environmental improvement:

- Promoting sound environmental, health and safety management at our locations worldwide.
- Making pollution prevention pay through the development of new technologies and products.
- Developing products that help our customers address their environmental challenges.

Meeting employee and community needs as a socially responsible company:

- Attracting and retaining a diverse and talented work force.
- Supporting continuous learning and knowledge sharing.
- Supporting communities where we operate.
- Driving 3M's future economic success by satisfying our customers with innovative technology and products and providing our investors an attractive return on their investment.

2007 Company Snapshot

- \$24.5 billion in Net Sales.
- More than 75,000 employees worldwide.
- 3M employs mostly local nationals. Fewer than 300 3M employees worldwide are Foreign Service Employees not residing in their home countries.
- In the United States, 3M and the 3M Foundation donated more than \$42 million through its community giving programs.

3M's Environmental Social and Economic Sustainability

Solutions for Our Customers

Product Life Cycle Management

Life Cycle Management is an integral part of 3M's sustainability strategy. Instead of only focusing on the manufacturing process to control environmental, health, safety and energy effects, the spotlight is now on products throughout their entire life cycle, from manufacturing through customer use and disposal. 3M has adopted a Life Cycle Management Policy requiring all business units to conduct LCM reviews for all new products and to conduct LCM reviews on existing products on a prioritized basis. LCM reviews of all existing products must be completed by 2010.

3M Environmental Product Solutions

Reducing our own footprint is just part of the equation. 3M also offers our customers a portfolio of products to help them reduce their impact on the environment. In 2007, 3M launched a new catalog showcasing 3M products designed to address environmental challenges in the following markets: cleaning and maintenance, construction and industrial production, communications, office supplies, transportation, and health care. The Environmental Solutions Catalog can be downloaded at www.3M.com/EnvSolutions.

Engaging Stakeholders

Partnering to Drive Sustainability

3M strives to maintain a continuous and open dialogue with the community, shareholders, employees, retirees and other interested parties about the environmental, social and economic

issues related to our operations including past achievements and future sustainability goals. We partner with a variety of organizations to help provide the company with a diverse set of viewpoints on sustainability, a better understanding of the positions of our stakeholders, and a mechanism to learn from the successes and failures of our peers.

Working with Suppliers

3M has a formal process as part of its Sourcing Policy that sets standards for its suppliers in the areas of environmental, health and safety, transportation, and labor and human resources. The standards apply to the selection and retention of all suppliers that provide goods or services to 3M worldwide and establish a framework that 3M considers important to a safe and healthy workplace, to the maintenance of fair and reasonable labor and human resource practices, and to the management of manufacturing and distribution operations to minimize adverse impact to the environment.

Community Giving

Because of 3M's business success, we are able to invest in innovative community programs that help make the future brighter for everyone. Community giving is an important part of 3M's sustainability strategy. 3M's philanthropy combines 3M and 3M Foundation cash gifts, donated products and volunteerism by employees and retirees. Our global Community Giving Program is decentralized with 3M subsidiaries in each country developing and administering a program that is consistent with the local culture, community needs and environment in which we operate.

3M's Key Business Strengths

Every day, 3M people find new ways to make amazing things happen. Wherever they are, whatever they do, the company's customers know they can rely on 3M to help make their lives better.

Strong Technology Base: Virtually anywhere you go, 3M technologies are at work - making life easier and better for people around the world. You'll find 3M technologies and products in homes, offices, hospitals, dental offices, manufacturing facilities, cars, aircraft, traffic signs, LCD displays and countless other places. Drawing on more than 40 technology platforms, 3M employees use their imagination to develop products that transform existing industries and create entirely new ones.

Leading Market Positions: 3M is a world leader in most of its businesses. We've created many markets, frequently by developing products that fulfill unarticulated customer needs.

Healthy Mix of businesses: 3M serves a broad array of markets, providing many avenues for growth and cushioning the company from disruptions in any single market.

3M has a worldwide presence in the following markets: consumer and office; display and graphics; electro and communications; health care; industrial and transportation; and safety, security and protection services.

Well-Known Brands: Representing quality, innovation and reliability, 3M brands earn customer loyalty, encourage repeat purchases and motivate users to try new 3M products.

Worldwide Presence: We have companies in more than 60 countries around the world, and we sell our products in nearly 200 countries. More than half of our sales are outside the United States.

3M™ Glare Reducing Task Light, TL1000S

Attractive designs fit into any office environment. Polarizing lens technology reduces reflective glare up to 80% on reading materials and work surfaces. Improves eye comfort. Attractive space-saving design. Energy-efficient 27W compact fluorescent. Weighted base. Silver color. Fluorescent bulb contains mercury. Visit www.lamprecycle.org for proper disposal information.

Website: www.3m.com/myworkspace

Environmental/Energy Advantage: Energy-efficient 27W fluorescent lamp produces the illumination of a 150W incandescent lamp and lasts up to 10,000 user hours.

3M™ Glare Reducing Task Light, TL1000C

Attractive designs fit into any office environment. Polarizing lens technology reduces reflective glare up to 80% on reading materials and work surfaces. Improves eye comfort. Attractive space-saving design. Energy-efficient 27W compact fluorescent. Weighted base. Charcoal grey. Fluorescent bulb contains mercury. Visit www.lamprecycle.org for proper disposal information.

Website: www.3m.com/myworkspace

Environmental/Energy Advantage: Energy-efficient 27W fluorescent lamp produces the illumination of a 150W incandescent lamp and lasts up to 10,000 user hours.

3M™ Notebook Computer Cleaning Cloth

Microfiber texture conveniently removes dust, smudges and fingerprints without scratching. Great for computer screens and keyboards.

Toll Free Number: 1-800-626-8578

Website: www.scotch-brite.com

Environmental/Energy Advantage: Cleans most surfaces without chemical cleaners.

3M™ Office Air Cleaner OAC50

Each unit has a sound absorbing cushion to deliver ultra-quiet operation, while the multi-stage cleaning system traps microparticles as small as .01 microns from the air that flows through the filter. The Filtrete™ filter from 3M does not support fungal growth and has no fiberglass that can shed into the air. Innovative technology with low power consumption, needs no periodic maintenance.

Website: www.3m.com/myworkspace

Environmental/Energy Advantage: 3M™ Office Air Cleaners use Filtrete™ Filters that have an ionization feature which enhances the performance up to an additional 25%.

3M™ Office Air Cleaner OAC150

Each unit has a sound absorbing cushion to deliver ultra-quiet operation, while the multi-stage cleaning system traps microparticles as small as .01 microns from the air that flows through the filter. The Filtrete™ filter from 3M does not support fungal growth and has no fiberglass that can shed into the air. Innovative technology with low power consumption, needs no periodic maintenance.

Website: www.3m.com/myworkspace

Environmental/Energy Advantage: 3M™ Office Air Cleaners use Filtrete™ Filters that have an ionization feature which enhances the performance up to an additional 25%.

3M™ Office Air Cleaner OAC250

Each unit has a sound absorbing cushion to deliver ultra-quiet operation, while the multi-stage cleaning system traps microparticles as small as .01 microns from the air that flows through the filter. The Filtrete™ filter from 3M does not support fungal growth and has no fiberglass that can shed into the air. Innovative technology with low power consumption, needs no periodic maintenance.

3M™ Adjustable Keyboard Trays

3M™ Adjustable Keyboard trays come in a wide variety of designs and features to suit your working style as well as your workspace.

Website: www.3m.com/myworkspace

Environmental/Energy Advantage: These products feature 3M™ Precise™ Optical Mousing Surfaces with battery saving designs which extend the battery life of wireless optical mice up to 75%. Our lab testing has shown that these surfaces draw less current and thus offer 75% more battery life. The lab tests were done using mice from the leading manufacturers in the marketplace (Microsoft and Logitech) in conjunction with batteries from the leading battery manufacturers in the U.S. (Energizer, Duracell and Rayovac). Our battery saving mousing surfaces feature the 3M micro-textured technology used to make 3M™ Precise™ Optical Mousing Surfaces.

3M™ Gel Wrist Rest for Keyboard and Mouse

Sleek platform works as beautifully as it looks. Tilt feature helps keep your wrists properly aligned and improves ergonomic posture. Includes soft gel wrist rests and 3M™ Precise™ Optical Mousing Surface. Leatherette surfaces on wrist rests are buttery-soft and easy to keep clean. Gel-filled wristrests with antimicrobial product protection inhibit the growth of microorganisms, such as bacteria, on the product surface, that can cause stains, odors and product degradation.

Environmental/Energy Advantage: Cleans most surfaces without chemical cleaners. Washable and reusable.

3M™ Paint Prep Wipes

3M™ Paint Prep Wipes are TPS-free and are a convenient and less messy alternative to liquid chemicals. 3M™ Paint Prep Wipes are ideal for preparing surfaces to accept coatings, and the unique textured surface cleans and de-glosses walls in just one step. The wipes smooth uneven surfaces while they help tackle stubborn stains and dirt. The product is available in a convenient pop-up dispenser.

Website: www.3m.com/US/home_leisure/

Environmental/Energy Advantage: Contains no tri-sodium phosphate (TPS).

3M™ Safest Stripper™ Paint & Varnish Remover

3M™ Safest Stripper™ Paint & Varnish Remover is a non-toxic, non-flammable alternative to traditional paint and varnish removers. With excellent vertical cling, the semi-paste formula effectively strips surfaces without harming wood. The product does not contain methylene chloride, is biodegradable and cleans up with water. Great for indoor use.

Website: www.mmm.com/Product/information/Safest-Stripper-Paint-Varnish-Remover.html

Environmental/Energy Advantage: Biodegradable when cleaned up with water and washed down the sewer.

3M™ Window Insulator Kit

An innovative solution for reducing heating costs and saving energy. Window Insulator Kits are available in a variety of sizes for both indoor and outdoor installation and feature clear film that shrinks tight and is wrinkle free. They reduce condensation and air infiltration through closed windows, when applied as directed.

Website: www.3m.com/Product/information/Window-Insulator-Kit.html

Environmental/Energy Advantage: Saves energy, reduces condensation and air infiltration. Save up to \$20* per window this heating season. *Based on averages from the northern half of the U.S. Actual energy savings will vary depending on many factors, including furnace and window type, average indoor/outdoor temperature and length of heating season.

Duct Tapes

Scotch® Multi-Use Duct Tape

This durable, all-purpose duct tape is conformable, holds securely and tears easily off the roll. Scotch® Multi-Use Duct Tape is perfect for temporary repairs such as holding, securing and bundling.

Toll Free Number: 1-800-494-3552

Website: www.scotchbrand.com

Environmental/Energy Advantage: Uses solvent free manufacturing process

Scotch® Pro Strength Duct Tape

Scotch® Pro Strength Duct Tape is designed for critical applications. This professional-grade tape meets UL-723 standards and is recommended for light industrial and HVAC applications.

Toll Free Number: 1-800-494-3552

Website: www.scotchbrand.com

Environmental/Energy Advantage: Uses solvent-free manufacturing process.

Scotch® Transparent Duct Tape

Scotch® Transparent Duct Tape virtually disappears when applied, making repairs less obvious. Not just for indoor use, this tape lasts longer than heavy-duty grey duct tapes. Suggested applications include home electronics and patio furniture.

Toll Free Number: 1-800-494-3552

Website: www.scotchbrand.com

Environmental/Energy Advantage: Uses solvent free manufacturing process.

Scotch® Heavy Duty All-Weather Duct Tape

A heavy-duty duct tape for extreme conditions. Resists drying, cracking and peeling caused by the damaging effects of sunlight, heat, cold and moisture. Lasts three times longer than other gray heavy-duty duct tapes. Recommended for long-lasting repairs and heavy-duty patching.

Toll Free Number: 1-800-494-3552

Website: www.scotchbrand.com

Environmental/Energy Advantage: Uses solvent free manufacturing process.

Masking Tape

Scotch® Masking Tape for Production Painting 2020

Scotch® Masking Tape for Production Painting is a high adhesion tape with a clean removal time of one day. It is ideal for non-damageable surfaces such as vinyl, carpet and wood.

Toll Free Number: 1-800-494-3552

Website: www.scotch-blue.com

Environmental/Energy Advantage: Uses solvent free manufacturing process.

**Scotch® Masking Tape for General Painting 2050**

Scotch® Masking Tape for General Painting is a medium-high adhesion tape with a clean removal time of five days. Works well for general purpose applications such as window, door and wall trim, cabinets and carpet & vinyl flooring.

Toll Free Number: 1-800-494-3552

Website: www.scotch-blue.com

Environmental/Energy Advantage: Uses solvent free manufacturing process.

**Scotch® Masking Tape for Hard-to-Stick Surfaces 2060**

This tape features very high adhesion designed specifically for use with lacquer coatings. It sticks aggressively, making it ideal for rough surfaces such as stucco, concrete and rough wood. This tape can be cleanly removed for up to three days.

Toll Free Numbers: 1-800-494-3552

Website: www.scotch-blue.com

Environmental/Energy Advantage: Uses solvent free manufacturing process.

**Scotch-Blue™ Painter's Tape for Multi-Surfaces 2090**

Scotch-Blue™ Painter's Tapes are the most versatile among the Scotch masking tapes and they are the best choice for most painting projects. Scotch-Blue™ Painter's Tape for Multi-Surfaces is a medium adhesion tape with a clean removal time of 14 days, and removes cleanly in challenging situations, including glass exposed to direct sunlight. Works well for most painting applications such as painted walls and trim, woodwork, glass and metal.

Toll Free Number: 1-800-494-3552

Website: www.scotch-blue.com

Environmental/Energy Advantage: Uses water based-coating process.
