DYMO BIN LABELS

Our 1½" x 2" Dymo Bin Labels are designed to fit all Dymo LabelWriter printers. Sized to fit almost any shelf channel and the most popular size label holders and are available with permanent and/or removable adhesive. Compatible with Epicor, ECI RockSolid POS and Spruce software. Can also be used with free Dymo software, on any PC, if you do not have a POS system. Contact a Centurion Service Representative or go to <http://www.centurion-inc.com> and select the Solutions tab for instructions on how to set up your Dymo printer with Epicor software.

DYMO PRINTERS AND ACCESSORIES

Our Dymo LabelWriter Printers create superior bin, pricing and paint formula labels and labels for brochures, envelopes, (you name it!) directly from your computer. With their direct thermal printing, they eliminate the need for ribbons or toner cartridges. All of our Dymo printers come with stand alone software (Mac & PC compatible) that will allow you to print bin and pricing labels if you don't already do this with a point of sale system. Compatible with Epicor. Contact a Centurion Service Representative or go to <http://www.centurion-inc.com> and select the Solutions tab for instructions on how to set up your Dymo printer with Epicor software.

DYMO LABEL MANAGER PNP AND ACCESSORIES

Our Dymo LabelManager PnP prints temperature resistant, water resistant, UV resistant and easy to peel labels fast and easy. There is no software to install – just plug it into your Mac or PC to create great looking labels. Lithium-ion battery recharges via USB connection – no power adapter or batteries needed. Uses 1/4", 3/8" and 1/2" Dymo D1 label cassettes. Flat surface tapes are ideal for gardens, office, warehouse, shelves and circuit board panels. Curved surface tapes are ideal for computer and audio cables.

AVERY DENNISON MONARCH LABELS

Our Avery Dennison Monarch Labels are available with permanent adhesive for the most popular labelers. The 1110/1115 labels contain security slits in the label that will deter price switching and will tear when removable is attempted. The 1136 labels are designed to print up to an 8 digit SKU to assist managing shelf inventory. All packages contain 1 ink roller. Contact a Centurion Service Representative for pricing on custom printed labels with your logo or special copy.

VINYL BAG BAND AID LABEL

Our Vinyl Bag Band Aid Labels are an ideal fix for torn bags. Why waste the product inside just because the bag is torn? Bags of fertilizer, seeds, sand, or any other bag whose contents are spilling can be saved by applying one of our patches over the tear. Made of sturdy vinyl, they are generally stronger than the original bag. Preprinted with an artificial barcode and number, your customer will not even know that it is a patch.

Band Aid must be placed on a surface that is moisture and debris free. Contact a Centurion Service Representative for some samples to test.

CALL 811 BEFORE YOU DIG

Our 5" x 3" Yellow and Black Vinyl label clearly alerts all uses to CALL 811 before you dig. This is a national "hotline" for homeowners and professionals to have the local utility company to mark underground utilities lines to avoid service disruption, potential fines and or repair costs.

LED OPEN SIGN WITH DIGITAL BUSINESS HOURS

Centurion's new LED "Open Sign with Business Hours" enables you to answer the question fast as your customer approaches your store. The "Open" portion of the sign is so bright and clear at a distance that customers can see it from the street. If your store is closed, your customer can drive right up to your front door and see your hours in the lower section of the sign without ever getting out of his or her vehicle. The LED display is visible 24 hours a day. As an added plus, the LED lights are energy efficient. The "Open" portion of the sign offers a number of display options - static, scroll and flash. The business hours portion of the display is simple to set or adjust as necessary. The "Open Sign with Business Hours" package includes the sign (23.4" x 30.4"), power supply, ceiling and wall-mounting hardware, installation and operational instructions and warranty card. The sign is designed for indoor installation only and carries a three-year warranty.

SWIVEL OPEN SIGN/LED DIGITAL BUSINESS HOURS SIGN

Our Swivel Open Sign uses unique turning letter technology that easily allows the sign to hang horizontally or vertically. This versatile LED open sign fits almost any storefront window by simply rotating the letters to change the sign from a horizontal hanging position to vertical hanging position. With a rich and vibrant red and blue colored lens for daytime brightness, and 8-speed flashing option, this sign has customer impact. Also included is a wireless key fob remote that allows users to turn the sign on and off, or control the flashing, from up to 32 feet away.

- Dual hanging option - install sign as horizontal or vertical
- Easy to use: simply rotate letters
- Flashing option with multiple speeds
- Energy-efficient LED
- Rich and vibrant red and blue colored lens for daylight brightness

LED Digital Business Hours Sign

With our LED Digital Business Hours Sign you have options.

- Hang the sign independently in your store-front window or connect to and hang with our LED Swivel Open Sign
- Digital hours are easy to program and allow easy customization to let your customers know your business hours
- Ready to use right out of the box or, just install with included hang chains and power cord
- To hang with our LED Swivel Open Sign, attach the In-Light Digital Business Hours Sign with the included connector cord and the Business Hours Sign power cord will power BOTH signs
- Includes hanging hardware, UL-listed power cord, and connector cord

COROPLAST MARKER BOARDS & RIDERS

Our Coroplast signs have the ability to reach a large audience with minimal cost. Available as blank signs, our corrugated plastic signs are ideal for repeated outdoor use. They can be moved easily and left out in rain or sunlight without being damaged. Both sides of the Coroplast can be used for capturing attention. They require NM-1SET/NM-2SET wet erase markers to withstand the elements. Wet erase marker copy is easily removed with glass cleaner. Coroplast signs can also be custom printed with your store's logo, etc. Our new Sale Rider Sign will seat at the top of the 1220 Sign Holder. The hinges will "grab" the Sign Rider and hold in position. Contact a Centurion Service Representative for more details.

STORE MATS HELP CREATE LOYAL CUSTOMERS

Mats – A Real Store Workhorse

Think about this. The mats you use—

- Welcome customers when they enter.
- Introduce customers to your store.
- Project the pride you have in your store.
- Demonstrate the pleasure you have in serving your customers and making sure their visit is a consistently enjoyable experience.
- Keep your customers safe throughout their entire store visit.
- Ensure that your store remains clean, neat and environmentally appealing.
- Thank your customers when they leave.

Centurion Has the Mats You Need

Centurion offers mats that perform four specific types of jobs.

SuperScape™ Impressions scraper/scraper wiper/wiper mats feature circular cleats to ensure multi-dimensional scraping. Customers clean their shoes simply by walking over the mats. The mats do all the work. These mats are produced by molding a digitally printed thermo-plastic material into durable Nitrile rubber. The anti-static rubber will not crack or curl.

Water Hog™ Absorbent mats can retain up to 1.5 gallons of water per square yard. Available in 18 solid colors at no charge. A heavy duty rubber backing will not crack or curl. They are certified slip resistant by the National Floor Safety Institute.

DigiPrint HD™ logo mats reproduce print and photographic quality images that are ideal to display store logos. Images can be reproduced in any color against 25 different color backgrounds. DigiPrint images are permanent and colorfast. DigiPrint mats can be used virtually anywhere indoors. They perform double duty by not only reinforcing your store logo and image, but also gently wiping and drying customer shoes to keep your store clean. The rubber backing is guaranteed to lay flat and not curl.

HogHeaven™ anti-fatigue mats provide exceptional cushioning especially important for store employees working service and point-of-sale areas. They are anti-slip, easy to clean and are oil and chemical resistant.

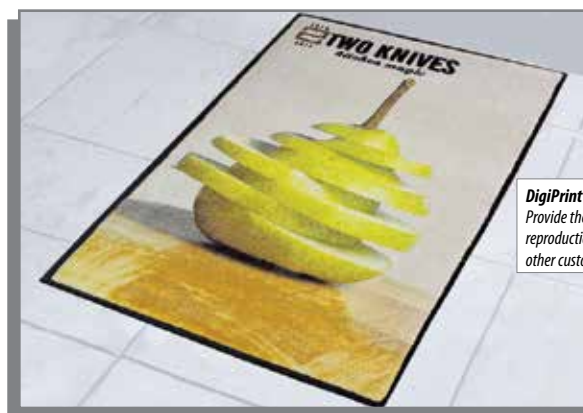

SuperScape™ Impressions scraper mats. Circular cleats ensure efficient scraping from any direction as customers walk over them.

A

WaterHog™ absorbent mats. Absorb up to 1.5 gallons of water per square yard.

B

DigiPrint™ HD logo mats. Provide the ideal mat material for reproduction of store logos and other customer information.
