TABLE OF CONTENTS

More than 25 years ago, FibaTape® brand self-adhesive fiberglass joint tape was introduced. This innovative product revolutionized drywall installation and repair by reducing labor time and increasing joint strength and durability. Since then, the FibaTape brand has been the benchmark for the industry, providing both contractors and do-it-yourselfers with quick and easy drywall and plaster finishing and repair solutions. Sold around the world, FibaTape brand products remain the industry leader for quality and innovation.

SELF-ADHESIVE FIBERGLASS DRYWALL JOINT TAPE

- Shrink-wrapped
- Creates stronger joints
- Saves both application and drying time
- Eliminates blisters and bubbles
- Features a specially formulated adhesive designed for varying humidities and temperature extremes
- Bilingual packaging
- Shipping carton easily converts into shelf display
