FOR MORE THAN 100 YEARS, VICTOR® HAS BEEN DEDICATED TO PROVIDING SOLUTIONS TO RODENT PROBLEMS.

The first Victor® spring-based mouse trap was invented in 1898, revolutionizing the rodent control market. The story tells us John Mast designed the traps to capture mice coming to his property from a nearby popcorn factory. To this day, Victor® has produced over one billion impressions of the iconic Victor® V. Today, these traps are still manufactured in Lancaster County, Pennsylvania.

Victor® offers the broadest line of rodent control products in the market including traps, repellents and poisons. Deeply rooted into the very fabric of American identity, the iconic Victor® brand continues to lead the industry in providing effective and reliable rodent control solutions.

So, whether you are attempting to prevent a rodent infestation or trying to fight one, there is a product to fit each and every situation. To learn more about the Victor® brand, our story and our products, please visit www.victorpest.com.

ELECTRONIC TRAPS FOR RATS

RAT ZAPPER®

Rat Zapper Classic

RZC001-4

4 PER CASE

- Ideal for mice to average-size rats
- Easy to use – insert batteries, bait, turn on, place and relax
- Hands-free, No Touch, No See™ disposal reduces “yuck” factor of a common mouse and rat trap
- Easy to clean and can be reused indefinitely
- Kills 1 rat per setting
- One set of 4 “AA” batteries = up to 20 kills (batteries not included)
- Battery replacement notification
- Safe and sanitary – while always wise to use caution around children and pets, there is no blood, mess, chemicals, or poisons
- 8,000-volt two-plate design delivers a shock that lasts two full minutes
- Red indicator light flashes upon kill

ELECTRONIC TRAPS FOR RATS

Rat Zapper Ultra

RZU001-4

4 PER CASE

- Ideal for mice to large-size rats
- Easy to use – insert batteries, bait, turn on, place and relax
- Hands-free, No Touch, No See™ disposal reduces the “yuck” factor of a common mouse and rat trap
- Easy to clean and can be reused indefinitely – your friends and family will want to borrow (and keep!) it
- Kills 1 rat per setting
- One set of 4 “D” batteries = up to 60 kills (batteries not included)
- Battery replacement notification
- Safe and sanitary – while always wise to use caution around children and pets, there is no blood, mess, chemicals, or poisons
- 8,000-volt two-plate design delivers a shock that lasts two full minutes
- Red indicator light flashes upon kill
